it was insisted that His own name should be that added to the committee. The omission of some Ottawa name was unquestionably an oversight in the first instance; without hesitation, and in the most pleasing spirit the error was rectified, and yet some carping scribbler is allowed space in the *Citizen* to falsify and belittle the committee, and throw dirt upon our representative for the simple performance of his duty. Can your contemporary not learn that in thus degrading the press he is detracting from his high and honorable calling, and earning the merited contempt of the well-thinking public, without injuring the character of him, who is so unjustly assailed?

I am Sir,
Your obdt. servant,
JUSTICE.

Ottawa, Nov. 20, 1867.

THE LIEUTENANT-GOVERNORSHIPS.

To the Editor of the Ottawa Times.

SIR,—The time is at hand, when the Lieutenant-Governors of the different Provinces must be appointed. The first appointment, viz: that of Sir Narcise Belleau for the Province of Quebec, appears to have given great satisfaction. It will be much more difficult for the Privy Council to make selections for that high and responsible position in the other Provinces. From the party feuds which have prevailed for many years in the Province of Ontario, it will be almost impossible to name any public man of that Province, to whom strong party objections will not be raised. May I sir, as one who knows the state of public feeling there, venture to make a suggestion which would meet the difficulties of the position, and which I make with the most profound deference, for the consideration of His Excellency the Governor-General and Privy council. Let a citizen of Ontario be appointed to New Brunswick; a citizen of New Brunswick be appointed to Nova Scotia; and a citizen of Nova Scotia be appointed to Ontario. This action on the part of the General Government would obviate all private jealousies and party objections. Our Privy Council, under such an understanding, need have no difficulty in making a suitable selection for Ontario. We have living in our midst at the seat of Government, a gentleman eminently qualified for that position, one of great legal acquirements, for he was long the Atty.-General of his own country—one who is a ripe and accomplished scholar. He has had great experience as one of the leading statesmen of Nova Scotia. It is true he was defeated at the polls from the strong Anti-Union feeling which seemed to sweep his constituency. But he stands at this moment, after his defeat as high as ever in the esteem of the people for his unsullied character and uprightness of purpose. His kind, disinterested feeling, and urbanity of manner must win all who approach him. There could be no selection sir, made for the Province of Ontario which would be so creditable to the judgement of the Privy Council, and which would meet so entirely with the approbation of all classes of Her Majesty's subjects in that Province, as that of the Hon. A. G. Archibald, late Secretary of State for the Provinces, who has sacrificed himself for the good of the Dominion, and it would be a great compliment to the inhabitants of Nova Scotia.

I have the honor to be, sir,
EX-CITIZEN OF ONTARIO.

Ottawa, Nov. 20, 1877.

The Death of Sir Frederick Bruce—Acknowledgment of the Expressions of Sympathy in the United States.

The following is a copy of the letter of Lord Stanley, forwarded to His Honor Mayor Norcross of Boston, relative to the death of Sir Frederick Bruce. It was read and appropriately acted upon at a recent meeting of the City Council:

FOREIGN OFFICE, LONDON, Oct. 12, 1867.

SIR: I have received your despatch of the 23rd ultimo, confirming the melancholy news which you had previously conveyed to me by telegraph of the death of Sir Frederick Bruce.

I have already, in reply to your telegram, directed you to convey to the Government of the United States the acknowledgments of Her Majesty's Government for the expression of sympathy with which the United States Legation in this country was instructed to communicate to Her Majesty's Government the intelligence of this sad event; but I am glad to avail myself of the opportunity afforded me in acknowledging the receipt of your despatch to repeat my instruction, and desire you to make known to Mr. Seward, and, if you have an opportunity of doing so, directly to the President, the high value set by Her Majesty's Government on the friendly feelings which they have shown on this occasion, and on the general concern manifested by the public in the United States for the severe loss which Her Majesty has sustained by the death of her noble and faithful servant.

Her Majesty's Government are glad to recognize in the feelings which this event has called forth the regard felt by the Government and people of the United States, not only for the person and character of the deceased Minister, but also for the country which he so ably represented, and whose policy and wishes he so effectually carried on in cultivating the friendship and good will of those among whom he was commissioned by Her Majesty to dwell.

But not only to the Government and people of the United States generally are the acknowledgments of Her Majesty's Government due. They have their special thanks to render, of which they desire you to be their organ, to Mr. Gilpin, the gentleman who so considerately accompanied Sir Frederick Bruce from Narragansett to Boston, and to the numerous gentlemen at Boston whose kindness toward the deceased during the short period which intervened between his arrival at Boston and his death, and whose attendance at the funeral ceremonies with which his remains were honored before their departure from the United States, entitle them to their warmest acknowledgments. To Mr. Sumner, to the Governor of Massachusetts, and to the Mayor of Boston, and other distinguished persons in that city; to the physicians, clergy, and others who did honor to the remains of the Queen's late Minister, Her Majesty's Government are sincerely grateful, and you will make known to them in such a manner as you may deem most becoming and best calculated to assure them how deeply it is felt. I am, &c.,

STANLEY.

THE WONDERS OF THE MICROSCOPE.—We understand it is through the agency of this marvel viewing instrument that Dr. Ayer has at length succeeded in finding the Paludal Miasm and determinating its character. Of its effects we in this section have abundant evidence in the fever and ague which it alone produces when absorbed through the lungs into the blood. It has long been held to be a vapor or something in the vapor of war from decayed and decaying vegetation. Under a great magnifying power, the Doctor has found this vapor to contain distinct organisms or living bodies, corresponding precisely with these found in the blood of ague subjects. They are 13,000 times less than visible to the naked eye, but have distinct character and form. He thinks they are reproductive in decaying matter or in the blood, and hence their long continued life or the remote effects of them in the system. He maintains that they resemble in character the other fermentative poisons, or such as the virus of rabies or of a dead body, &c., all of which are known to reproduce themselves with great rapidity like yeast in moistened flour so that the slightest quantity impregnates the whole masse. Yeast through a powerful magnifier is seen to be a forest vegetation which grows, blossoms, and goes to seed in a short time. Miasm is not so distinctly vegetable but has more the appearance of animal life, although its motions cannot be perfectly distinguished. What the Doctor claims to have settled is that it is an organic substance and he has further found and embodied in his "Ague Cure" what will destroy it.—*Leader*, St. Louis, Mo.

SPECIAL NOTICES.

Mothers Read This!—Holloway's Worm Lozenges are a certain and safe remedy for Worms in Children and Adults.—As it is a well-known and melancholy fact that one great cause of death among children is from Worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing; and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves. SYMPTOMS OF WORMS.—The following are a few of the very numerous symptoms and diseases which are caused by Worms: deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the belly, with frequent slimy stools, and sometimes convulsive fits; itching of the arms, pain in the head and stomach, unquiet sleep, faintings, trumblings, coughs, indigestion low spirits, frightful dreams, and a gradual wasting away of flesh.

They are palatable and self-administered to the child—drive out the worms thoroughly without pain and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics—as in the use of other Worms.

☞ Each box contains the fac-simile signature of NORTHROP & LYMAN, Newcastle, C.W., who are he sole proprietors.

THIS is purely a Canadian Institution, and as such is deserving of the support of the Canadian public.

An Act for the Incorporation of this Company is now before the Parliament of the Dominion.

Over $100,000 of stock is already subscribed, and it is the intention to deposit with the Government as a guarantee of our good faith, at least $30,000 as soon as an Act of Incorporation is procured (which will be a provision of our Incorporation.) It is unnecessary here to dilate upon the profits of money invested in Insurance Stock. Suffice it to say, that, at least in one instance 3335 per cent advance has been obtained on insurance stock, and that after the payment of princely dividends. In the meantime Subscriptions to Stock, in Ottawa, may be made at the Ontario and Royal Canadian Banks, and a deposit of 10 per cent is requisite which will be deposited IN TRUST to be returned in case any subscriber is not satisfied with his investment up to one month after the Vice-Regal sanction to the Charter is obtained.

Learmonth vs. Yielding.

IN pursuance of the decree made in this cause, bearing date the third day of May, 1866, and the nineteenth day of February, 1867, and a final ORDER FOR SALE also made herein, bearing date the eighth day of October, 1867, there will, with the approbation of the Master of this Court at Ottawa, be sold by PUBLIC AUCTION,

By Amos Rowe,

At his Auction Rooms, Rideau-street, Ottawa,

On Wednesday, the 18th Day of December next,

AT TWELVE o'clock, Noon,

The following valuable FREEHOLD PROPERTY: All and singular, those certain parcels or tracts of lands and premises situate, lying and being in the Township of Gloucester, in the County of Carleton, and Province of Ontario, being composed of part of the SOUTH HALF of LOT NUMBER FIVE, in the Gore of the TOWNSHIP OF GLOUCESTER aforesaid, at the junction of the Rivers Rideau and Ottawa, which said parcel or tract of land is butted and bounded, or may be otherwise known as follows, that is to say:

Commencing at the water's edge, on the bank of the Rideau River, at the north-west angle of the south half of Lot Number Five, in the Gore of the Township of Gloucester aforesaid, at the junction of the Rivers Rideau and Ottawa, then easterly along the division line between the north and south halves of Lot Number Five aforesaid twenty-two chains and fifty links, more or less, to a post planted for the north-west angle of a piece of land formerly conveyed by one Clements Bradley to the Honorable Thomas MacKay, then south six degrees west eight hundred and ninety links to a stake, then south six degrees east to the allowance for road between Lots Five and Six, (the two last-mentioned distances divide the piece conveyed to the Honorable Thomas MacKay and the piece now described) thence ten chains fifty-eight links more or less along the north side of the allowance for road, between Lots Five and Six, to the water's edge of the Rideau River, then along the water's edge with the stream to the place of beginning, containing by admeasurement seventeen acres of land (exclusive of the road leading from New Edinburgh to Ottawa, which is not intended to be granted by the Indenture from the said Agar Yielding to the Plaintiff unless the said Agar Yielding had, at the time of ensealing and delivery of the Mortgage from the said Agar Yielding to the Plaintiff any right thereto, and in that case only such right and title as he may then have had to the said road.) And also, that certain other parcel or tract of land situate, lying and being in the said Township of Gloucester, being composed of part of Lot Number Six, in the Gore of the said Township of Gloucester, at the junction of the Rivers Rideau and Ottawa, being butted and bounded as follows, that is to say: Commencing on the east bank of the River Rideau, at fifty links south of a post marked A, standing on the centre of the allowance for road between Lots Five and Six in the Gore, at the junction of the Rivers Rideau and Ottawa, in the said Township of Gloucester, then easterly along the south side of said road allowance six hundred and eighty-six links more or less to fifty links south of a post marked B, standing on the centre of said road allowance, thence south thirty-four and one fourth links, east six hundred and sixty-eight links more or less along the west side of the new road to a post marked C, planted near the small creek, thence south sixty-seven degrees, west one hundred and twenty-six links more or less, to a post marked D, standing on the bank of the river Rideau, thence following the water's edge of the said river Rideau with the stream to the place of beginning, containing by admeasurement two acres, three roods and one pole, be the same more or less. And also, that certain other parcel or tract of land and premises, situate, lying and being in the City of Ottawa aforesaid, being composed of Lot number Forty-four, on the south side of Besserer street, in the said City of Ottawa, being sixty-six feet in front by ninety-nine feet in depth, more or less.

The whole property will be sold in one parcel or lot except said Lot 44, in the City of Ottawa, which will be sold by itself. Upon the property in Gloucester are erected a good and substantial large stone dwelling house, well finished, and five out-houses made of wood.

All the above described property, except Lot number Forty-four, on the south side of Besserer street, is finely situated on the easterly bank of the River Rideau, directly opposite the City of Ottawa, and contiguous to the residence of His Excellency the Governor General, and within fifteen minutes' walk of the Parliament Buildings and Government Offices. The Montreal Macadamized Road passes about one-eighth of a mile from the dwelling house, and the Ottawa and Prescott Railway and the road from New Edinburgh to Long Island cross the property. The soil of the Gloucester property is chiefly alluvial soil. The whole of the land can be divided into building lots, and from the advantages of the situation could be easily sold at favorable prices.

Lot number Forty-four, on the south side of Besserer street, is in a very healthy part of the city. It is a vacant lot.

One-tenth of the Purchase Money is to be paid down at the time of sale, by way of deposit, and the balance on or before the First day of January next.

The Mortgage Deed from the Defendant, Agar Yielding, to the Plaintiff, will be produced at the time of sale.

Except as above, the Conditions of Sale are the standing conditions of the Court of Chancery.

Further particulars, and the Conditions of Sale, may be obtained at the Offices of the said Master, Messrs. Scott & Ross, and Messrs. Lewis, Pinhey and Ward, Ottawa.

Dated this 11th day of November, 1867.
