WALTHAM

## WATCHES.

Watches are made rapidly, but that they are made correctly. Very few peope know why a Waltham Watch should be superior to any other. In the first place, at Waltham the Watch is regard, ed as only a machine, to be constructed, like any other machine, on mechanical principles. The factory is indeed little else than a vast machine shop, the principal work in which is not more upon watches than upon machinery to make watches with. If the watches are good, it is because the machinery is good. Of course there must be no defect in the principle or plan of the movement, no mistake in the slace or shapes of the pieces of which it is composed nothing wanting in their properties, and no error in their positions. These points once thoroughly settled in regard to each part of every variety of watch, it rests wholly with the machinery constructed with infinite diversity of form and function, expressly for the purpose, to produce the finished pieces. The method established in every department is the repudiation of parts by mechanical means, and this is meried out on the system of the most thorough subdivision of labor.

By means of multiplying gnages and microscopes, tests, and inspection for the detection of wear in cutting tools and for faults and flaws in steel or stone are made to accompany the work in every stage from beginning to end. As a necessary result, the Watch goes together a perfect machine. Every pat is found to fit properly in its place. Every pin may be pushed till it pinches, and every screw turned home. Instead of a sluggish and feeble action, the balance, even under the pressure of the highest mainspring, vibrates with a wide and free motion, and the beat has the clear and ringing ound, always characteristic of the Waltham Watch. The machine is a timekeeper from the start.

This system of watchmaking is unknown in foreign countries, and is entirely original with the Waltham Company. The company claim that by it they produce watches that cannot be equaled for every quality which makes a watch valuable. Simple in plan and correct in principle, the movement is not only beautifully finished, substantial, accurate and cheep, but is uniform to the minutest details, sot easily damaged, easily repaired, and when repaired always as good as new.

There are different grades of finish in the different varieties of watches made by the Waltham Company, as there are different sizes and shapes, to suit all tastes and means, but every watch that bears the genuine trade mark of "Waltham," is guaranteed to be a good one, and nobody need be afraid to buy it.

the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, reart upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. Dn. Aven: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and an her hair. After our child was cured, she also tried your Pills and they have cured her. As a Family Physic. Headache, Sick Headache, Foul Stomach. From Dr. Edward Boyd, Baltimore. DEAR BRO. AYER: I cannot answer you what complaints
I have cured with your Pills better than to say all that see ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. Pritishens, Pa., May 1, 1858.

Dr. J. C. Aven. Sir: I have been repeatedly cured on the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders - Liver Complaints. From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billious comphrints than any one remedy I can mention. I sincerely rejeice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,

Washington, D. C., 7th Feb., 1856.

Sta: I have used your Pills in my general and hospital practice ever since you made them, and cannot he litate to

say they are the best cathartic we employ. Their regu-lating action on the liver is quick and decided, conse-quently they are an admirable remedy for derangements of that organ. Indeed I have seldom found a case of bilious disease so obstinate that it did not readily yield to "vaternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospita Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have over found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhans. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church, Boston. Dr. Aven: I have used your Pills with extraordinary success in my farally and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreel, Canada.

Too much cannot be said of your Pills for the cure of postiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe conferences to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Swart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel toorms. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Hawkes, of the Methodist Bois. Church

PULASKI House, Savannah, Ga., Jan. 6, 1856.

Honored Str.: I should be ungrateful for the relief pur skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excrusiating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Haltimore, Dr. Mackennie, I tried your pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well. SENATE CHANSER, Baion Rouge, La., 5 Dec. 1855.

Dr. ATER: I have been entirely cured, by your Pills, of Rheumatic Gout — a painful disease that had afflicted me Most of the Pills in market contain Mercury, shich, esthough a valuable remedy in skilful hands, is jange.ous in a public pill, from the dreadful consequence that frequently follow its incautious use.
