It being six o'clock the Speaker left the where it was before it had been watered. He were we to be called upon to pay the debts AFTER RECESS. The SPEAKER having taken the chair, Mr. BLAKE in resuming the debate said the hon. Minister of Public Works had asked them to lay aside party feeling in the consideration of this question, and deal with it without reference to his position. The question was one of vital importance, and he would deal with it as such ; but he thought the Minister of Public Works was the last man that should read lessons on political morality. He, the of his present colleagues in the past was too up everything in their way and gone ahead at The hon, gentleman had said that love of low, petty or mean motives? He should a population of six millions before they had tion, and the leader of one of the Local leave that to others who had a bette record. It would more become him to deal with the question without reference to personal matters. He had pointed out that on the 20th of November the policy of the Government was try. (Laughter.) When he saw a small sturdy not to introduce these resolutions. That point had not been answered at all. He was not disposed to take the papers on trust, and he demanded an explanation for the change of policy on the part of the Government. They now said we must act at once or never, What had made prompt measures so imperative since the 20th of November? What dire catastrophy was to happen if the House did to say what was impending. Was it that Great Britain would cede this territory to the United Britain would cede this territory to the United County of six millions. It had been said forces at first, and not scattering them abroad. States if we did not move at once? He would population of six millions! It had been said forces at first, and not scattering them abroad. a very large and fine assortment of distinctly so stated, we or if the Government the other side he had heard it depreciated, he Works had made the country which we at would say they half reasons which it would not be prudent to state, he might take the statement. But he did not believe in conducting legislathe question that we should undertake the de- by the United States lay close by no enter- showed the inconsistencies of the member for fence of the territory. He believed the British prising neighbor. We were asked to buy a Hants, and regretted that he was able to do of all sizes and patterns. Government had already been called upon to country, every road to which was dominated so. regulate the affairs of the territory, and if we by another Power-wealth and trade on one annexed it we would be obliged to step into Im- | side-poverty and desolation on the other. perial shores. It was true we would still have It the honorable gentlemen opposite wanted Great Britain at our back, but we would be to strengthen the Ministry, let them say so crown colony. The reason we wanted a mili- Governor-General, the Governor-General against the resolutions. tary road was because disturbances were appre-hended, as shown by the correspondence. The Hudson Bay Company's against the resolutions.

A discussion arose as to some verbal amendquestioned on the subject. He had simply good feeling of the Legislature, and when it donald stated, would be taken on Monday. asked that time should be given, and the only is found that we are not ready to bite so reasons which hop, gentlemen must keep would not cost one-fiftieth part of the money ZIE, made a few remarks in relation to the within their own breasts, why there should be to send our young men in, and let us see who force of the Act.

incurring expense for the acquisition of the watered stock would link to its true value, and territory had never been discussed, either in this Dominion of yours-I and almost said of the Legislature or by the press of Nova Sco- ours (loud cheers) -remain unlishonored by tis, and he thought they ought to have time a bad bargain. When the United States annexed Texas her population was eighteen for its consideration. He had no doubt, from the ability and character of the gentlemen administering the affairs of this country, that and Northern Mexico-districts outlying the best pessible terms would be obtained, but Nova Scotia had repudiated this union, and it as is this from ourselves-her population was the duty of the Government first to con- was twenty-four millions. The speculation solidate the present union by satisfying that ty-four millions would be madness in a man Province, it it was possible, before entering not worth a tenth of the money. We should upon new responsibilities. Only one mitlion had been submitted by the delegates as the maximum sum for defense, but if reports were true, that sum would be vastly exceeded. He should not be kept in the dark, and that the posed to the United States the purchase of a Remember the place, 30, Sparks-st. Government should not bring down measures like this, which would vastly increase the expenditure without full and fair consideration.

He acknowledged that any one who had gone

The acknowledged that any one who had gone the acknowledged that a contract the acknowledged that a contrac in for Union, pure and simple, was bound to tory so vast, and a population so scanty, profollow it to its logical conclusion by supporting the incorporation of the territory. (Hear, hear.) But in his position, he could not do world? By stretching herself out in this ri-
