WALTHAM

WATCHES.

FITHE true value of Machinery applied to Watchmaking is not that by its use Watches are made rapidly, but that they are made correctly. Very few peope know why a Waltham Watch should be superior to any other. In the first place, at Waltham the Watch is regard ed as only a machine, to be constructed, like any other machine, on mechanical principles. The factory is indeed little else than a vast machine shop, the principal work in which is not more upon watches than upon machinery to make watches with. If the watches are good, it is because the machinery is good. Of course there must be no defect in the principle or plan of the movemen, no mistake in the sizes or shapes of the pieces of which it is composed, nothing wanting in their properties, and no error in their positions. These points once thoroughly settled in regard to each part of every variety of watch, it rests wholly with the machinery constructed with infinite diversity of form and function, expressly for the purpose, to produce the finished pieces. The method established in every department is the repudiation of parts by mechanical means, and this is carried out on the system of the most thorough sub division of labor.

By means of multiplying guages and microscopes, tests, and inspection for the detection of wear in cutting tools and for faults and flaws in steel or stone are made to accompany the work in every stage from beginning to end. As a necessary result, the Watch goes together a perfect machine. Every part is found to fit properly in its place. Every pin may be pushed till it pinches, and every screw turned home. Instead of a sluggish and feeble action, the balance, even under the pressure of the finest mainspring, vibrates with a wide and free motion, and the beat has the clear and ringing sound, always characteristic of the Waltham Watch. The machine is a timekeeper from the start.

This system of watchmaking is unknown in foreign countries, and is entirely original with the Waltham Company. The company claim that by it they produce watches that cannot be equaled for every quality which makes a watch valuable. Simple in plan and correct in principle, the movement is not only beautifully finished, substantial, accurate and cheap, but is uniform to the minutest details, not easily damaged, easily repaired, and when repaired always as good as now.

pany, as there are different sizes and snapes, to suit all tastes and means, but every watch that bears the genuine trade mark of "Waltham," is guaranteed to be a good one, and nobody need be afraid to buy it. Every Watch Fully Warranted,

AYER'S PILLS. Are you sick, feeble, and complaining? Are you out of order, with your system de-

ranged, and your feelings un-comfortable? These symp-toms are often the prelude to erious illness. Some fit of sickness is creeping upon you, and should be averted by a edy Take Ayer's Pills, and mors - purify the blood, and let the fluids move on unobstructed in health again, They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make

the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, reart upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see Low directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. the disorders they cure.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856. Da. Area: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and an her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Certioright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are wild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily

Headache, Sick Headache, Foul Stomach. From Dr. Edward Boyd, Baltimore. Dasa line. Aven: I cannot answer you what complaints I have cared with your Pills better than to say all that we exer treat with a purposite medicine. I place great dependence on an effectual cathartic in my daily contest with lisease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Du. J. C. Aven. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach. which they cleanse at once.
Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion. Bilious Disorders - Liver Complaints.

From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their pur-pose as an aperiont, but I find their beneficial effects upon the Liver very marked indeed. They have in my prac-tice proved more effectual for the cure of bilious compints than any one remedy I can mention. I sincerely joice that we have at length a purgative which is worky the confidence of the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856.

Siz: I have used your Pills in my general and hos practice ever since you made them, and cannot he itate to quently they are an admirable remedy for derangements of that organ. Indeed I have seldom found a case of bilious discuse so obstinate that it did not readily yield to Physician of the Marine Hospital. Dysentery, Diarrhea, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have over found. Their alteracive effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrham. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Prom Rev. J. V. Himes, Pastor of Advent Church, Boston.

Dn. ATER: I have used your Fills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES. WARSAW, Wyoning Co., N. Y., Oct. 24, 1855.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysis, Pits, etc. From Dr. J. P. Vaughn, Montreel, Canada. THE SUBSCRIBER BEGS LEAVE to inform his numerous friends and the inhabitants of the city and surrounding counthat he has opened, at the above stand, re he is prepared to furnish them with a superarticle.

Too much cannot be said of your Pills for the cure of purioeness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe custiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stemach and expel teorms. They are so much the best physic we have that I resommend so other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church. PULASEI HOUSE, Savannah, Ga., Jan. 6, 1856.

Honored Sir I should be ungrateful for the relief our skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruiating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the piscase grew worse and worse, until by the advice of your scellent agent in Baltimore, Dr. Mackensie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well. SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.
