THIS is purely a Canadian Institution, and as such is deserving of the support of the Canadian public. An Act for the Incorporation of this Company is now before the Parliamen of the Dominion. Over \$100,000 of stock is already subscribed and it is the intention to deposit with the Govern-ment as a guarantee of our good faith, at least \$ 0,-000 as soon as an Act of Incorporation is procured (which will be a provision of our Incorporation.)

It is unnecessary here to dilate upon the profits of money invested in Insurance Stock. Suffice it to any, that, at least in one instance 3335 per cent advance has been obtained on insurance stock, and that after the payment of princely dividends. In the meantime Subscriptions to Stock, in Ottawa may be made at the Ontario and Royal Canadian Banks, and a deposit of 10 per cent is requisite which will be deposited In Taust to be returned in case any subscriber is not satisfied with his in-

EXTRAORDINARY ERIPTION OF COAL.

The Hartlepool correspondent of a Leeds journal states that an extraordinary eruption of coal has taken place on the beach between West Hartlepool and Seaton Carew. These sands, which are the resort of visitors during the bathing season, were on Wednesday week metamorphosed to a great extent into a coal field. It will be remembered that last winter, immediately following a North sea gale, the poor of the Hartlepools assembled on these sands on the occasion of the sea disclosing an immense amount of treasure trove, which had been buried for forty years. At that time the "scene" was something extraordinary, and many a hungry family were nourished during the severe winter by the lucky disco-

very of hundreds of Spanish dollars. The scene on Wednesday week was far more interesting and the upheaving of such be productive of much more benefit and comfort to the poor of the neighborhood. It is sented a most animated appearance. Nearly ber Gall.
