City and County Official Paper

TUESDAY, JANUARY 14, 1868.

WE understand that the Hop. Mr. KENNY Receiver-General, is expected to return t Ottawa before the end of the week. The Hon. Mr. Macpordatt goes West to-day. All the Ministers are expected to be here in time t attend the meeting of the Privy Council on

we have alluled, and through any one of . By the reports in the Toronto papers we which thousands of dollars may annually notice that some of the young members are escape; but we believe as a matter of Jaci earning distinction by "asking questions," large incomes are not assessed with any but to our great regret we must add that inthing like the same exact tule as the small stead of our being astonished at the "wis- ones. To illustrate our meaning: as we dom" displayed by these suckling parliamentarians, we are mortified at their manifestations | three to five hundred dollars per annum of ignorance. It is among the elementary are assessed at \$300; men whose positions we duties of men accepting political trust at the may suppose bring them incomes somehands of a constituency, under our com- where in the neighborhood of \$1000 a year plicated system of government, to make them- will generally be found assessed for \$600 selves familiar with the general outlines of while the large incomes that can be counted the authority and powers vested in the Legis oy many thousands will be perhaps asserlature of which they are members, and had sed at one. As the Committee of the House destroyed with most of the valuable better attention been paid to this obvious ob: is empowered "to send for persons and stock contained therein. The extent of figation, the list of motions for addresses, and papers," we beg to direct their attention to a the loss sustained by those who have sufinquiries of the Government on Friday after- certain gentleman who within a year is re soon would no doubt have been a good deal ported to have boasted of an income from perhaps he will tell them upon

WE copy from the Halifax Express a clever expose of the policy of the Anti-Confederate party of Nova Sectia. Our contemporary the corporation of Toronto receive an Income shows their political double dealing from Tax; and perhaps again this one example may evidence turnished by themselves. There is illu-trate the general practice-ex und one point to which we directed attention a few | disce omnes; days ago, and to which we are glad to that the success of provides a sufficient remedy for the abuse repeal-of which the Express has no fear, | last mentioned. But of all the objections to and the "Antis" no hope-means the loss of the Assessment Law that of its unfair applica the Intercolonial Railway to Nova Scotia. tion is perhaps the most generally felt an This consideration, duly weighed, will probat the most difficult to remove. It will be for bly tend to retard the repeal agits the committee to consider these matters commenced at Dart- and since we must have an Income Tax, le mouth, and followed up by a meeting at us have the law imposing it made to bear a Halifax last night, the result of which we evenly as possible upon those of the con have not yet heard; it is quite probable, how- munity who can afford to pay it, and remove ever, that the Unionists have permitted its pressure from the rest. them to "blow off steam" without interrup-

THE committee appointed by the Legisla ture of Ontario to revise and amend the Assessment Laws of Upper Canada, will not we hope, overlook the impolicy of taxing the incomes of mechanics, journeymen, trades men, and shop clerks, or in fact of taxing any income at all that does not exceed \$600. Be the old law incomes of fifty pounds over were hable for Income Tax, and the practical working of this system was that the classes referred to, when rated at all, were only rated for this amount, though notoriously receiving nearly double that sum as wages. By the "reform" introduced in the last Act mercifully raised from fitty pounds to three hundred dollars, and practically, again, the man who formerly paid his Income Tax on a preliminary meeting" of the Corporation of damage, but it is covered by insurance in the \$200 is now compelled to pay, one half the Orphan's Home, will be held in the lec- British America. reaches ture hall on Albert-st., this (Tuesday) even-\$300 per annum, as that of almost every in- ing at half-past six o'clock, for the purpose o his time is fully employed. Then The large a Committee of Management, to consist class of clerks and shop keepers, with salar- thirty ladies. All annual subscribers for the ies varying from three to six handred dollars, year 1868 should endeavor to be present. when taxed under the old Act, were, in most | The GREAT BALE To NIGHT .- The ball of cases, assessed only on the fity pounds; now No. 1, Ottawa Rifles, under the immediate equalfed their annual entings. For what- foot,

ever relief the Act may have given in this way, we are willing to give its framers all

But we think the principle upon which he exemption is based entirely wrong. me man may receive \$299 per annum withat being compelled to pay I come Tix, why hould his neighbor who receives \$300 urplus, but also on the \$299 beside? The rinciple is manifestly unsound and unjust. lither tax all incomes, which though well mough in principle, would be utterly absurd n practice; or establish a maximum of xemption to apply to all incomes, which would not only be sound in principle, but easible in practice.

assistance, can hardly be said to have a tax-

able surplus of cash at his disposal. The

necessities of the country do not require that

he burthen of direct taxation for municipal

surposes should press so far down on the

scale of society as the present law provides.

And the very fact of its going so far down

tends to a partial and unequal carrying out

if the law which still further aggravates the

grievance. We suggest, therefore, that the

resent is an opportune time for those imme-

liately interested to approach the Legislature

by petition, and secure a revision of the Act

n this particular. To raise the minimum

\$600 would be in itself a very great

) rovement; but we think to exempt a cer-

ain sam from taxation and levy only on the

urplus would be still better. It may of course

se objected that were the exemption fixed at

3600, practically salaries up to \$700 would

also be exempted, as the rate levied on a

worth the trouble of collecting; but mathe-

matical exactitule cannot be reached in dis-

tributing the burthen of taxation. And this

little difficulty might be got over by adjust

ing the scale so that any excess over the sum

-xempted should count for the purpose of

issessment as \$100. There would be very

ittle ground for complaint against the equity

f this proposal; it could only affect incomes

over \$600 and under \$700, and these but to

Another injustice in the present law should

be at once remedied. The long jumps in

he scale should be at once abolished, and

invenience of arithmetic, and for practical

surposes sufficiently exact, let a fixed scale of

\$100 be established instead of the present

oose and unfair system of leaping up by sev-

eral thousands at a jump, whereby thousands

of dollars annually come into the pocket of

one rich man, scot free, though were they

livided among many poor men they would

There is another defect in the carrying ou

of the law, for which the law is not respon

sible, except in so far as it falls short of

compelling a strict adhesion to it. Not only

are large incomes unjustly favored by the
