CAUTION.

THE perfection and cheapness of the American (Waltham) Watch have given it such a wide-world celebrity that unscrupulous dealers years ago imitated its style and pirated its trade marks. Irresponsible dealers are occasionally found who dishonestly trade upon the popularity of the American watch by selling a base imitation under the name of the genuine article.

It is hardly necessary to state that such watches are worthless as time keepers, and when bought for the genuine are calculated to injure the high reputation which our watches have attained. The several grades of the American watch (except the low grade marked Home Watch Co.) are guaranteed by special certificate bearing the number of the watch and the signature of the Treasurer of the Company, E. E. Robbins. The purchaser should in all cases require one of these certificates, which is furnished to all dealers in the genuine watches.

The following are the trade marks on the several grades of our manufacture:

AMERICAN WATCH CO. APPLETON, TRACY & CO.
WALTHAM WATCH CO. P. S. BARTLETT.
WM. ELLERY. HOME WATCH CO.

PENNSYLVANIA RAILROAD CO.
Office of the General Superintendent
Altoona, Pa., 15th Dec., 1866.

Gentlemen—The watches Manufactured by you have been in use on this Railroad for several years by our engine men, to whom we furnish watches as part of our equipment. There are some THREE HUNDRED OF THEM CARRIED ON OUR LINE, and we consider them GOOD AND RELIABLE TIME KEEPERS. Indeed I have great satisfaction in saying YOUR WATCHES GIVE LESS TROUBLE and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we long since learned to look to those of English manufacture, of our service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,

EDWARD H. WILLIAMS,
General Superintendent.

Rochester, Dec. 24th, 1866.

Gentlemen—I have no hesitation in saying that I believe the great majority of locomotive engineers have found by experience that WALTHAM AMERICAN ARE THE MOST SATISFACTORY of any for their use. They RUN WITH THE GREATEST ACCURACY AND STEADINESS, notwithstanding the rough riding of an engine; and as I have NEVER KNOWN ONE TO WEAR OUT, they must be durable. I hope for the time when railway companies will generally adopt your watches, and furnish them all to engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,

CHARLES WILSON,
G. Chief Engineer,

Arabian Heave Remedy

AND CONDITION MEDICINE

IS POSITIVELY SUPERIOR TO ANY or all other preparations for the cure of *Horses, Coughs, Thick and Broken Wind*, and all diseases which affect the *Wind or Lungs*; also, as a *Condition Medicine*, surpassing everything of the kind that is easy to give, sure to cure, and safe in all cases and at all times, and does not prevent the horse from being worked while using it.

It cleanses the breathing apparatus, by removing from the air-cells the coagulable lymph, or that secretion which in heaves clogs them, causing a deficiency in breathing, and by its action on the diseased part, causing the mucous membrane to resume its natural distension, thus equalizing the circulation of the blood, and restoring the distended vessels to their natural size; by its use the horse's appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance.

NOTICE

I hereby give that application will be made to each and every Parliament having jurisdiction, at the present or next session thereof, respectively, for an act to amend the act chaptered 105, passed at the Session of the Parliament for the late Province of Canada, held the 2nd and 3rd years of the Reign of Her Majesty Queen Victoria, intituled "An Act to Incorporate the Ottawa City Passenger Railway Company."

Dated 2nd, 1867. 567-3m

GOVERNMENT HOUSE, OTTAWA,
Friday, 24th January, 1868.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Honorable the Minister of Customs, and under the authority given and conferred by the 123 clause of the Act 30 and 31 Vict. Cap. 6, intituled "An Act respecting the Customs."

His Excellency in Council has been pleased to make and prescribe the following "Regulations" respecting the Warehousing and bonding of Wheat, Maize or other Grain that may be ground and packed in bond, that is to say:

1. That the Collector or other Officer of Customs at any Warehousing Port in the Dominion of Canada, may deliver without payment of duty, to the importer of any Maize or other grain from which flour or meal can be manufactured, on proper entry being made of the same, any quantity of such Maize or other grain for the purpose of drying, grinding and packing in such place and on such premises as shall be particularly described by such importer or owner.

2. That such buildings used for drying, grinding and packing of Maize or other grain and the premises thereto belonging, with the description to be given thereof as aforesaid, shall, for the purposes of drying, grinding and packing Maize and other grain under the above mentioned Act, be deemed and considered a Government Bonded Warehouse, and that none of the Maize or other grain so brought into the said drying, grinding and packing building or upon the said premises, shall be removed therefrom without a proper ex-warehouse entry and due payment of all duties on the same, if intended for home consumption within the said Dominion, or upon due entry thereof for removal or exportation under the usual bonds nor shall any flour, meal or other products from the maize or other grain aforesaid, be removed from the said premises without due entry as aforesaid, either for consumption as aforesaid, for removal or exportation and payment of all Customs duties legally due on the flour, meal and other products into which the said maize and other grain shall have been manufactured as the case may be, allowance having first been made of five per cent. on the said flour or meal for shrinkage in those cases in which the corn or other grain has been kiln dried before grinding.

3. That before the importer or owner of any Maize and other grain aforesaid shall, for the purpose of drying, grinding and packing, be entitled to obtain the delivery thereof either ex ship upon their importation into the said Dominion, to be carried immediately to the drying, grinding and packing buildings, and premises aforesaid, or out of any Customs Warehouse, in which the same may be warehoused, he shall give bond with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such Maize and other grain are imported or warehoused, in a penalty of double the amount of duties payable upon the quantities of Maize and other grain so delivered upon arrival or out of Warehouse as aforesaid, for the purpose of being dried, ground and packed in bond, shall within six months from the date of the bond to be so entered into, be well and truly paid to the Collector of Customs aforesaid for the use of Her Majesty, and the said importer or owner shall, before he can obtain the delivery aforesaid, further enter into and execute to the Collector for the use of Her Majesty as aforesaid, a general bond, the said importer or owner in the penal sum of one thousand five hundred dollars, and two approved sureties in the sum of three hundred and seventy-five dollars each, conditioned that at no period shall the quantity of Maize or other grain, or the product thereof in the said building or premises be less than the quantity on which the bond or bonds for duties hereinbefore mentioned, shall be outstanding and unpaid.

4. And for the purpose of further securing the due observance of the foregoing Regulations, the Collector of Customs, the Surveyor of Customs or Warehouse-keeper, or other approved officer of Customs at the port where the Maize and other grain shall be so bonded, or at the port nearest to the said drying or grinding and packing premises, shall at all times when such operations are being carried on therein have free access to and upon the said drying, grinding and packing buildings and premises for the purpose of verifying the quantity of Maize or other grain and their products therein, and any reasonable expenses attending such inspection shall be borne and defrayed by the importer or owner of the Maize, and other grain so undergoing drying, grinding and packing in bond.

The order of His Excellency in Council of the 1st August, 1867, prescribing Regulations on the above subject, but restricted to the Provinces of Quebec and Ontario, is hereby revoked.

Royal Italian Bitters!

—OF—

TONICO REALE

DEL DOTTORE F. P. VERRI,

Professor of Chemistry in the University of PADUA

ITALY.

THIS celebrated preparation for which a certificate of merit was awarded to the distinguished original preparer at the National Exposition at Torino, Italy, by whose favor Mr. GIANELLI obtained the recipe, and was also awarded a diploma at the Provincial Exhibition of Canada held at Montreal in September, 1866, is, without exception, the most genuine, salubrious and agreeable Tonic ever introduced to public notice either in Europe or America.

For seventeen years it has, in Italy, been a universal favorite among the *elite* of society, being generally served in the drawing room before dinner, in preference to Vermouth.

The ingredients of its composition have been imparted to the leading Physicians of Canada and the United States, and have received their unqualified approval on every account.

The proprietor refers with the greatest confidence and satisfaction to the subjoined testimonials from eminent medical men, which he could add to, were it desirable.

Kept by the principal Druggists and Grocers in the Dominion of Canada and in the United States.

Sold by the Proprietor.

Dear Sir—You request my opinion of the "Royal Italian Bitters," prepared from a receipt of Dr. Verri, of Padua. I beg to state that I consider it a most agreeable cordial tonic, in every way superior in flavour and composition to the ordinary bitter tonics in general use. I have recommended it to several patients, who have derived marked benefit from its use.

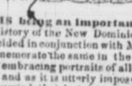
I am, dear Sir, yours faithfully,

G. E. FENWICK, M.D.

A. M. F. GIANELLI, Esq., Montreal.

OPENING OF THE

First Confederate Parliament!



THUS being an important event in the History of the New Dominion, W. NOTMAN has decided in conjunction with Mr. J. A. FRASER to commemorate the same in the shape of a large picture embracing portraits of all present on the occasion, and as it is utterly impossible in the necessarily hurried sketch taken on the spot to secure likenesses, all present are respectfully invited to call and sit for their individual portraits, either at MR. NOTMAN'S Studio in Montreal or at his New Establishment now building and which will shortly be opened in Ottawa.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy; but our space here will not admit them. Some of them may be found in our American almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, or Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and those diseases and disorders which would be supposed beyond its reach. Such a remedy has long been required by the millions of the people, and we are confident that this will by far them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any for the cure of throat and lung complaints, that it must be superfluous here to publish the evidence of its virtues. Its unrivalled excellence for coughs, colds, and all the usually consequent forms of pulmonary disease, have made it known throughout the civilized nations of the earth as the best antidote for pectoral complaints that has ever been discovered. Many eminent members of the medical profession have ceased making their own preparations, and prescribe this, which they know by experience they can rely on to do the work of relief more effectually than any other remedy they can command. Nothing within our knowledge equals it for them, and the people have found it the best they can use.

Edward S. Murrow, of Newbury, Ala., writes: "A dreadful cough settled on me, and finally on my throat, which had defied all the remedies we could employ, for a length of time, completely closed up my throat, and my physicians thought nothing but extinction could afford relief, but by the advice of one of your pamphlets as the last resort before cutting, and your Cherry Pectoral. After taking your remedy eight weeks I was entirely relieved of the disease pronounced."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial diseases. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, used by him, healed him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. He added to my administration of your Sarsaparilla the use of a few bottles of your Pills, and is now again, not of course without the disfiguration to his face. A woman was brought to me, afflicted for the same disorder by mercury was suffering from it 12 years. She had been to the Virginia Springs, and there to the weather that cost a deal of money, she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I give this formula, which, your agent gave me, that his Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M.D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a combination of Rheumatism for a long time, which baffled the skill of physicians, and which, to me, was proof against all the medies I could find, until I tried your Sarsaparilla. This effected a cure in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. KELSO.

John Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me, and I have been a broken-down man for some years from no other cause than derangements of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you. In this way thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Ulcers, Cancer Tumors, Enlargement, Ulceration,
