well tenged, and in a good state of cultivation. Also, the one-half of lot I wenty seven in the Third-Concession, being in its natural state, all wood and excellent land. It is just the cross of two hundred acres from the corner of the one lot to the other. The railroad line runs within en feet of the front corner of the one hundred and in sight of the two hundred for two or three miles. The Station at (unningham's is scarcely a mile and a hal from the' front . f Lot I wenty-five. The at ove farm is capable of keeping thirty head of milch cows, two span of h rses, and as want young cattle as it woo d be proper to raise. Eight or nine years ago I kept twenty-two milehe cows, and ten or twelve horses, and raised fi e or six calves every year. The above farm is about ten miles, from the door, to the limits of the City | the improvements and of be surpa sed for a farmer's purpose. The dwellinghouse is store, 30 by .0, a story and a half over. ground; and a c. llar nin- feet high, the one half used for a kitchen and the other half capable of h laing 1,000 bushels or anything you wish to put into it ; there is three small w nows in it, and when cleaned in the Spring, makes an excellent with-house or dairy; there is a trame wood shed at the door, 50 by 24, with 14 feet taken off the one end for a coachhouse, and overhead for a storehouse; next to that is a stable 36 by 26, finished inside, complete with four targe double stails and two single ones, and good room fo hangs g up harness, and eat box; convenient to that is a barn by 50, in which I have often put ,000 bushels of grain in one year; connected with that is 200 and 20 feet of frame sheds, all 20 and 24 deep under pinned with stone and lime from two to seven feet, acco ding to level; on the north side of the house is another barn, 30 by 40, commonly fitled with peas and oats. And if either tennant or purchaser has a desire for religious purposes, you can be in your bed and look at the bell tolling on the Catholic Church every Holy Day, and go to the front door and you will see the Presi yteriar hurch, where the nev. Mr Loche d has preached for the last twenty two years, and go to the b ch door and you will see both English Church and Methodist Church within two miles. The above farm would be a desirable situat on for a young men wishing to give his attention to farming, as the Ottawa Market cannot be surpassed in the Dominion I think that I can say that I have not sold one pound of built-r under one shill ng this e ght years: if one went under two went ov. f. rome reader may ask wh tabe I se ling tor, it i neit er or scart nor for want of anything, but I m in the seventieth year of my age, and has purch seed off this lot seven bundred and fify seven of land and all is paid for, and all my sons is settled on their own farms, so I would rather sit down and take ny care as be attending to marketing and f rming
