NOTICE.

The subscriber would intimate to those of his customers with whom current accounts may have been opened that it is his intention to take advantage of any irregularity in their payment to close them in order that he may conduct his business totally on the *cash principle*, which has been found to work much more satisfactorily for both the buyer and seller in every branch of trade in which it has been tried, ana relying on quality of his goods and the prices charged for them (which will always be as low as they can honestly be sold for) he solicits a continuance of that patronage heretofore so liberally bestowed upon him.
