The use of the Sarsaparillian or Renovating Resolvent, in your case, showed its importance in urinary difficulties. The aged are more or less troubled with these affections; weakness of the digestive organs and imperfectly digested food, being the cause; the insufficiency of chyle, or its unhealthy condition, fails to dissolve the substances taken into the stomach, so as to pass off through the alimentary canal, it is (the food) converted into water and seeks an escape through the kidneys, thus establishing a foreign secretion of these glands, hence the urine becomes charged with foreign constituents, causing deposits of gravel, brick dust, lithic acid, albumen, sugar, etc., irritating the bladder, causing weakness, paralysis, catarrh and pain to the canal of uretha in its passage out of the system. Hundreds of aged persons suffer from this as well as others. A few doses of Radway's Sarsaparillian Resolvent would remove these difficulties, and with the aid of the pills secure healthy and perfect digestion. Hundreds of persons suffering from kidney and uricary disturbances and diseases, may rest assured of this being the true cause. Now, in such cases, Buchn, Cunebs, Juniper, Gin, etc., are dangerous, and will prolon; St. George's Ward School, Daly-st., on Monday, the cure and establish worse and new difficulties Cabebs are irritating and make the urine aerid state is a fact. This gent'eman is a stranger to us, we give his testimony as we received it; of one fact rest assured, one bottle of the Sarsaparillian or Recovating Re-solvent, is worth all the Buchu leaves that were gathered by the most enlightened Hottentot, who, perhaps, knows as much about Buchu as the contitution, whether it be shattered, wrecked or proserved pure and entire.

The Pareira Brava, Sarsaparillian, and other regetable substances, are gathered for Dr. Radway by persons of intelligence who are acquainted with the different varieties of each root so as not to make a mistake. We do not trust the gathering of certainty of securing the genuine roots.
