threats of rebellion or annexation. It is evi-" matter-though we speak in the absence | dent that peaceable agitation for repeal must soon become tired of a hopeless contest. If we could only obtain an economical indusnational resources, we verily believe we should speedily see the end of this Nova Scotia agitation, and the firm establishment of the Dominion on a basis which would gladden the hearts of all true Canadians."

Now, it is well known throughout the four rovinces that " an economical, industrious Government," in Globular phraseology, neans a Government of which Mr. Brown is a member, or one which will submit in all things to the dictation of his organ-a state of administrative perfection not very likely soon to be reached in Canada. And it i also remembered, especially in the Maritime Provinces, that if the Globe had had its way they would have been brought into the Union on terms far less favorable to them, financially, and with a less representation in the Senate, than they at present enjoy. For these reasons, there is little chance of the Nova Scotians looking Globewards for an "economic cal" or any other kind of Government as that which would be the most agreeable to their feelings, or the most subservient to their

Tue Hamilton Times gives an elaborate account of an ingenious attempt to test " honesty as the world goes." The plan hit upon was kept on the finders, and an advertisement serted in the Times advertising " pocket book lost, &c." Now, the test of honesty was to be the number of books returned, which turned out to be six out. of twenty; whereupon the "the average degree of honesty is just thirty per cent." The ingenious test was fallacious for many reasons : In the first place Hamilton, according to recent developments is scarcely an Hon, Col. Gray is expected here to-day. " average," even " as the world goes." Secondly, if Hamilton is below the average in honesty, the finders of the pocket books, or most them, may have just been as ready through the hoax as the cunning ones who planned it; it would at least be absurd to suppose they did not know a bogus bill. Thirdly, been among the twenty " casuals" who picked According to the despatch received by the up the pocket books, the "test' may be po funds, and they will either have much better

success, or pay a fair price for their discovery. POLICE COURT.

The case of assault with a slung shot and was called up. We gave all the principal parwere substantiated by the evidence given at the Police Court yesterday morning.

George Hughes being sworn, deposed called- of Ministers, we believe it has been I on Saturday night last I was going along jaw which stunned me and I was knocked down. I put out my left arm to defend myself when I received a stab about two inches play the following programme on the Major's effect, though we do not pretend that the below the elbow. The stab was to the bone. Hill to-day, from 5 to 7 p.m. I was down and shouted for help, when the military guard came to my assistance and the three ran off towards Riopelle's tavern. When Burns struck me the other two did not speak, Waltz, nor did they come to my aid. [The flannel | Operatic selection, "Fra Diavolo," over-all which Hughes were at the time was

produced, and the cut in it found to corresond with the wound in the arm.] To Mr. J. P. Buckley, for defence-I have | Mazurka been here about two years; am a labouring man. I was not drunk. A tall man was behind the bar at the tavern. After it was all over, Reilly came up to me, and asked me, did strike you? Did not see but one strike me.

Det ctive O'Neill, who conducted the prosecution, said he had just heard of another witness, but could not get him here in time for the court this morning.

The case was adjourned till this morning. Cerise Morin and Armine Gauthier, a brace | inflicting three serious wounds in the abdo- apartment of the Emperor, his bed-room, the jewellery repaired. of wicked looking young branettes, were men. Immediately on the matter being made known the next Governor-General of Canada. to Mr. Eddy he ordered a number of men with boats and grappling-irons to make search for the body, but though every effort was made up till dark last night, no signs could be discovered. Search will be made again this marning

EUROPE. MAIL DATES TO JULY 29.

A New Style of Robbery. A jeweller in Paris, named Briquet, has jus been the victim of a robbery artfully planned. Mile. Briquet and a male assistant were alone. in the shop, when two strangers entered, and after examining a number of sets of jewels,

selected one, which the man, at their request carried with them to show to an invalid lady and covered with the articles which they had been taken by the board of health in regard been inspecting. Immediately afterwards two to the cattle disease, which will probably preother persons, with a foreign accent, entered, and asked the price of some articles which window. They bought nothing, saying that Gov. Ward, of New Jersey, and obtained 31 the things were too dear; but they had no specimens of the diseased parts, which are to The Telegraph Office on a Pile of sooner left than two sets of jewellery, one be microscopically examined. worth 2,500f, and the other 5,000f., were found to have disappeared. The lady confederate had in the meantime sent back for some alterations in the jewels the shopman had brought, and of course gave a false address.

Affaire in Abyestale. An intelligent Abyssinian trader, uairted with the state of parties in his native country, who was also for some time a ersonal attendant on the late King Theodore has just arrived in England, and gives the folwing account of the probable result of the mpending struggle between the two principal aspirants for power. He says it is generally believed that the Wakshum Gobazle will eventually get the upper hand of all rivals and become the chief ruler of Ambara and Figre. Both he and Kasa Abd Puzbiz had written to the Coptic Patriarch about a new Abuna, requesting that one should not be sent just yet, but each playing for the honor and advantage of receiving him. For the present both must remain in an expectant attitude. Increase of Mortality in London During

the Heated Term. The Registrar-General's return shows that the mortality in London for the week ending 25, was unusually great. The number of The Bark "Henry Trowbridge" Capstzed. deaths registered was 1,885, being 910 above the estimated number, and 243 more than were recorded in the preceding week. The 400 in the previous week to 442; of these, how- have arrived at that place. No mention is and only 20 were adults. Fifty-eight deaths from choleraic diarrhosa are also registered, but of these 38 were children under one year of age. Eleven persons died from sunstroke The mean temperature of the air in the week was 69.2 dg , which is 7.6 deg, above the average of the same week in fifty years. The highest day temperature was 96.6 deg. on Wednesday July 22. The lowest night temperature was 50.9 deg. on Friday, July 24. The entire range Bass Balt .- On Friday next the Cricket of temperature in the week was therefore 45.7 deg. The maximum temperature of the air observed on July 22, viz., 96.6 deg., is a higher Ball Club. This is the second game. It will Observatory as far back as authentic record extends. The heat in London appears to have been greater than in any other town in the United Kingdom. At Newcastle the temperature was the lowest, and there also the mortality from | Sandy Hook.

ten months since to Kassala, in Upper Nubia,

on the confines of Abyssinia, for the purpose

of collecting live animals. He succeeded so well in his undertaking that he got together

32 elephants, 8 giraffes, 25 antelopes, 16 buffaloes, two specimens of rhinoceros, 1 his amus, 12 hyenas, 4 lions, 4 ostriches, 12 hornbills, 2 adjutants, 1 bustard, and a number of small birds. With this "little lot" he Lower Danube, and also of barley, for Engstarted across the desert for Suakim, on the Red Sea. The elephants, giraffes, anteloper and ostriches, walked the whole journey, with straps round their necks, some in tow of camels; all the other beasts were carried in cages lashed to camels, M. Casanova having brought with him iron bars which were made Tribune of the 7th instant :into suitable cages on the spot, as the animals were brought in by the hunters. The staff for the portage of his collection was therefor very large: It consisted of three hundre Arabs, niuety-five camels, and eighty goats the latter being required to supply milk for the hippopotamus and the two young roses. He had also to carry a large supply water for the other animals. He was six weeks on the march from Kassala to Suakim. and to add to his cares, a poisonous fly bi him on the temple, causing him a wound that nearly blinded him. He arrived at Suakim with most of his animals in good health and transported them in a steamer to largest elephants, which were nearly full grown, and had tusks between three and four feet long, had got loose from the keepers while crossing the desert and escaped, Between Suez and Alexandria five young elephants were killed by accident. At Alexandria the beasts were put on board ship, the elephants this was done without any accident. Landing at Trieste, the elephants were driven through the streets to the station, the ostriches, antelopes, &c., following the elephants wherever was just 10 seconds." they went. A journey of three days and three nights, including stoppages, brought the precious cargo to Hamburg, and the muster-rol being called, poor M. Casanova found that his valuable property had suffered sadly by death and accident between Nubia and Hamburg. The following is a list of the survivors :-

Eleven elephants, five giraffer, six anteloper twelve hyenas, no lions, seven horabilla, two adjutants, and four ostriches. Mr. Jamrach has now two elephants and a giraffe. Be far the most valuable of all the animals is the rhinoceros; it is one of the two-horn ed specles (Rhinoceros Africanus). Though young, it is a fine healthy animal. It differs much hem.

European Mail Advices. NEW YORK, August 11 .- European mail advices to the 1st are received. The London Mr. Frank Buckland, in Land and Water, cabmen are on a strike. Espartero has de-Spanish cabinet. A secret printing office has been discovered at Valencia, Spain, where a Lieutenant of Ireland is to be made Duke of A traveller named M, Casanova, went some | Ulster.

The advices from the Continent of Europe are all adverse to a scarcity. The French farmers are delighted with the quality of the new wheat, and buyers showed much less disposition to buy at the prices demanded. A letter from Vienna says that large quantities of wheat are coming forward from the

Sporting Canadians .- We clip the following | Ottawa, August 12, 1868. account of a spirited foot race, between two Canadians, from the Detroit Advertiser and

"Yesterday afternoon a foot race of 100 vards was run on the Bellevue race course. a short distance above Windsor, between I W. Richardson, of Windsor, and G. Forbes, of Woodstock, Ontario, for \$250 a side, which was won by Richardson. Both men are cele brated runflers, Richardson being considered country for a race of 70 yards or less, and sel dom makes a match to run a greater distance Forbes on the contrary is possessed of bette wind, and his usual distance in a match is 200 half an hour was consumed in making a start. in which both men got off very evenly. nearly three-quarters of the distance Richardson gained on his competitor, and at one time led nearly or quite three yards. In the latt part of the distance, however, his speed was were not sufficient to give him the lead, and Richardson came in about six inches in vance. The race was a very exciting one, and much money changed hands on the result. Richardson was the favorite among betters and odds of three to two, and in some cases

SAD DEATH OF A CATHOLIC BISHOP .- In LOU ville, Ky., on Monday night, a musquito lar over the bed in which Bishop B. J. Spaulding. of the Catholic church, was sleeping, accidentally caught fire. In trying to extinguish the flames his clothes ignited, and before assis- room Set of Oak Furniture, 1 Valuable Feather | TUESDAY, SEPT. 1. The Primary Department tance could reach him he was so seriously | Bed and 12 Feather Pillows, 1 single Iron Bed-Bishop Spaulding has for a number of years | Wardrobes, Dressing Tables, Looking Glasses, 3 | Class. A fine Drawing Teacher will be connected been connected with the Catholic church in that city, and his sudden death cast a gloom

crush it out by keeping up a sectional party quarrel here? Howe's defection, with his following, is simply the fruit and development of this petry business of finding a place and a political fortune for every conceivable clique political fortune for every conc
