ENCOUNTER WITH A BEAR.

Some years since, when serving with my regiment in Canada, I obtained two decide on was to turn to the castward, and months' leave of absence, for the sake of travel along the shore, contenting myself

summer, that 'moon' of glorious weather, journe TALUABLE MINING PROPERTIES from the Gatineau Liver. The Ore, which is of made gay the juniper copse; and their the richest quality, is quarried rather than mined, and the quantity is inexhaustible. Limestone and other materials for Flux in large quantities on the property; Workmen's Dwellings, Workshops, &c.

Also, & Lot of Land, with a Wharf, on the Bank rinth of the Christian Islands, which are

said to number thousands. Once clear of the archipelago, we rais-Charcoal Kilns, Steam Engines, Boilers, Crusher, ed our blanket-sail, and stretched use; and in the end I was glad to crouch for carrying on the business of making Charcoal out towards the hoad of the lake, in the lee of a solitary dwarf fir, and wran-Pig Iron. Uninterrupted navigation to Lake On-tario as well as to Montreal.

2nd. Upwards of Ten Thousand Acres of Tim-ber Land in the Townships of Hull, Eardley and dians long to reach the haunts of the deer Templeton, and in the neighborhood of the Mine. dians long to reach the haunts of the deer and I was soon in a deep dreamless sleep. There is wood here sufficient to furnish Charcoal and the moose; and the far off land of the from which I did not wake until next for the above Furnace for many years indepen-dently of any other source of supply. bison. How I waged war against them, morning: matters not to my present story; suffice it to say that I was successful, and that again turned my face towards the colony, indescribable agony, which I soon found to laden with trophies sufficient to make me be the result of both my feet being frostthe envy of any sportsman.

Small and light as my canoe was, it had

and my tent had to be left also, being to heavy heart, for if I was disabled, what heavy to carry with us; in fact, our equipment soon dwindled down to a blanket and waterproof wrapper each, and a few on my journey, a miserable cripple, leancooking utensils. Thus, when we again ing on my rifle, and on a stick that each struck Lake Huron, which was at its step sunk deep into the snow, and with my south-west excremity, we were without a I had killed boat of any kind; and had we still possessweather which had now set in, for it was bound to the lower end of the lake, and I

boat to land, and tied her to the boll of a addressed myself to my roast. tree, more boisterous strains arose round

action of the day-I lay awake for hours, my arms were pinned to my sides, and my very bones seemed to crack in that viceenjoying the solitude and admiring the like hug. I believe I screamed with the northern lights as they quivered above me sadden agony, but the sound was lost in in vivid coruscations. But, on the fourth the deep-mouthed growls, like muttering night, I slept soundly; so soundly as to be the unconscious that the presage of those bril- myself unequal to cope with the powerful liant streamers was being fulfilled, and that beast in whose grasp I was; but even if the air was filled with snow, and that a life were little worth to a solitary such as furious storm was rushing through the I, this mode of death was so horrible, that primeval forest, breaking the young trees it nerved me to efforts beyond my ordinalike saplings, and here and there casting ry strength, and somehow my hand mandown with a resounding crash some vegeable patriarch. Such an incident occurring in my immediate neighbourhood, at length aroused me, and I was surprised to find myself warmly enclosed in a bank of snow. I looked around, but the snow-8. The Speakers of the House of Assembly | curtain hid everything from my view, save the fire, which had not yet succeeded in consuming the huge logs piled upon it; so I lay down again, and despite the tempest, terrible wounds. slept tranquilly until morning.

When I opened my eyes again, the sun friend in my knife, which I had unwitting-had risen, and was shining out from the ly thrust into my belt, and with it I inflictclear blue sky. I started up, and shook ed several random stabs on my antagonist myself free from the snow, hunter fashion ; but what could equal my surprise and con- own sufferings; for, maddened by the pain sternation when, looking towards the lake, the bear threw himself on the ground, and I saw nothing but blue rippling waters! rolled over with me in his agony, while his Not a vestige was visible of the bateau. which I had last seen lying by the shore, which a fortunate fit of toothache had saye a broken fragment of rope around made me wrap round my head. Not that the tree from which she had broken loose that or any other earthly matter seemed to in the storm, and then floated out from concern me long, for the strength of excite land with her sleeping crew, leaving me ment was already passing, a strange murmur alone in the wilderness. Alone-without resources, without a growls of my enemy; and the pain of his

dreds of miles distant, most probably, from agony, as consciousness and life were being any human being, ignorant even of so much pressed out in that terrible hug. of forest lore as was required to tell me | Suddenly a sound echoed through the how I had best bend my steps. But for a cave, so sharp that it reached even my hope that the bateau might return for me failing faculties, and appeared to thrill I should have been overwhelmed by des- likewise on the nerves of my foe, to judge pair. That thought upheld me; and all by the increased emphasis of his embrace; the hours till nightfall-and that Novem- but the next instant he relaxed his hold, ber day was the longest I ever knew-I sat and sank helpless on the ground beside me, watching with straining eyes for the re- his almost insensible victim. W. C. CLARK, Professor of Music and Teacher of Piane, Voice and Harmony. Also, Mrs. Clark, Teacher of D. wing and Painting. Music Still a watcher, though no longer hopeful; burning pains all over my body, and example of turning boat. The setting sun left me burning pains all over my body, and example of the start shone out in the ceeding cold in my hands and face; and I ing in the wilderness.

That night I sat beneath the aurora, seeking not to sleep, but gazing moodily in to the fire, reflecting on what was to be done, while I grasped tightly my rifle, the only friend left to me save the knife and re volver in my belt. The only plan I could with the certainty that, however slowly, I hould at least be advancing towards the

colony; and as soon as the dawn spread over

It was the commencement of the Indian | the sky, I rose to commence my solitary when summer, seeming to regret the beau- As I turned to leave the spot, something tiful land she has left, revisits it for a brief tomahawk; and I raised and placed it in my season. Not a leaf had fallen from the belt, with deep gratitude for this timely trees but the brightest gold and crimson gift of Providence. It would have gone tints were flashing and glowing among their [ill with me in the inclement weather which verdure; the wild vines and briers were the storm preluded without the tomahawk to chop wood for the fires that warmed me covered with berries of scarlet, and ruby, in those nights of intense frost, and cooked and orange, almost as brillient as their de- the venison and partridges I shot for food parted blossoms. Sweet-scented Indian- as I toiled wearily on my way, coasting the grass studded with thousands of flowers, promontories and bays, lest I should get out of sight of the lake, and, so completely

me on an open plain. For some time I struggled blindly against it in the effort to gain a place of shelter; but it was of no ping myself in my blanket, let the snow form a hillock over me. This covering so

Oh, how stiff I was when I awoke! -so stiff and numb I could scarcely creep out of my snow bower; and when I attempted to rise to my feet, I fell on the snow again in bitten. Few are long in that climate with out learning what is needful to be done in such an emergency, and I at once began to to be abandoned when we left the lakes, rub my feet with snow; but it was with a

was to become of me in that desolate spot. At length as if by instinct,-for hope had deserted me long-before-I went forth suffering feet wrapped in the fur of the hares In this way I dragged myself slowly

ed our old canoe, it was too small to have along, until night came, when I sank down been of any service in the wild inclement utterly exhausted, unable to bestow upon myself any of the care I stood so much in need of. All I could do was to seek a the beginning of November, and the ground commodious sleeping-place-that is to say. was covered with snow; though the lake a sheltered thicket, with an open space in was not frozen over. I therefore resolved front for my fire. One evening, I esteemfees and Scholarships, and may be obtained on to continue our route on foot to the Sault which a mass of brushwood at the entrance St. Marie, at the foot of Lake Superior, had kept free from snow; the air mside where I hoped to obtain a larger canoe was so warm that it was positively luxurand additional boatmen; but on our way lous; and while busy making a fire before it, I resolved on remaining there a day or

The very idea was refreshing; and in engaged passage in her for myself and my unusual spirits I skinned a hare I had shot during the day, and placed it, hunter A flat-bottomed lumbering barge was fashion, on two sticks before the fire. Scarcely was it placed on this torrid zone. my new conveyance-very different from that something between a grunt and a groan my swift, graceful canoe; yet she bowled seemed to intimate its dislike to its new merrily along when the wind favoured her; position. I started; and in the horrible and when it was contrary, progressed heav. doubt whether I had not committed the ily beneath the influence of long sweep-like animal, I stretched out my hand to withoars, wielded by the stout arms of half a draw it from the fire, when another grunt, dozen Canadians, who beguiled their la- unmistakably behind my back, caused me to bour with soft monotonous songs, which, look round. But nothing was visible in with the murmur of the waves, floated the deep dim cavern save the cathet of dried leaves which the autumn winds had around us like the music of a sea-shell. swept into it; and concluding there was When our day's voyage was over, and, in some cramy in my new domicile through the darkening twilight, we brought our which the wind came grumbling down, I

The next moment, an undoubtable growl. so deep and fierce that it echoed through the gipsey fires that were thickly lighted the cave, startled me to my feet; and I along the shore, and continued unceasing- turned to find myself closely confronted by ly, mingled with the fizzing of frying-pans | an enormous grizzly bear, the most fearful and the bubbling of coffee-pots, until all animal of the American wilds. How fehands retired to the boat to sleep—all rociously his eyes glared on me from under his shaggy brows, as he opened them from save inyself; and to escape such a medley | the new-fallen sleep, which the warm beams I would willingly have submitted to great- of my. fire had dispelled, and how convuler hardships than, wrapped in my blanket, sively his huge jaws worked and quivered to sleep beside the fire left burning on the in cager longing to devour me! Ere I had the gigantic beast rose towering above me For the first two or three nights-prof and opening his enormous paws, pressed bably in consequence of the unwonted in- me to him in close embrace ; so close that

> thunder, that filled the cave. Weak and exhausted as I was, I felt aged to creep up towards my belt. But ere I could reach the weapon I sought, a movement of the bear had loosened it, and firing a single barrel, it fell to the ground among our feet. The report echoing through the cave alarmed my adversary and with a more threatening growl, he clasped me closer, and for the first time its claws penetrated my clothes inflicting But my hand had met an unexpected

friend in my knife, which I had unwitting-This, however, seemed only adding to my huge teeth munched and tore at the blanket was mingling in my ears with the fierce guide, I stood in that vast solitude, hun- claws changed into a vague yet universal
