FROM TORONTO.

Special to THE TIMES. TORONTO, November 6, 1888. Miss Rice and her party of girls arrived here at 3:30 this morning. Convinced that the man in the coat had called on her in a hotel, and there provided with a note, she proceeded during the day, and the girls will probably be located here. Whiskey. Mason, having been of an insubordinate nature on the bar of the Parliament House, was watched and found where he had no right to be. He was shown out and informed if found there again the Sergeant-at-Arms would see to his safety. The greasers' early closing society held a social meeting last evening, which was highly successful. It is intended to hold similar meetings weekly during the winter. Hon. Mr. Dunning dined with Ministers last evening. The Board of Agriculture met yesterday. The balance sheet for the year 1887-88 is \$2,240, and expenditure \$75,396.

Second Despatch. The debate on the Address was continued today. No amendments were moved. It is expected to close to-night.

CABLE NEWS.

YESTERDAY'S DISPATCHES.

Washington, November 5.—John Bright today visited the Edinburgh Chamber of Commerce, and was elected an honorary member. He made a speech, in which he discussed the right of taxation and expenditure. Paris, November 5.—The Standard says the Emperor Napoleon will throw his influence in favor of Don Carlos, should he be presented as a candidate for the throne of Spain. The Standard also reports that the location of the Spanish Grande for king is not in Madrid.

All the journals here have editorialized on the presidential election in the United States. The Paris says Gen. Grant is a man of the nation, not of a party. He saved the Union, and will restore it to its former standing among the great powers. Americans are everywhere enthusiastic over the result, and deeply applaud the decision of the Republican. This election establishes order and peace, the highest aim of the United States. The Standard regards the election as a final victory over the South. The mission of Gen. Grant is difficult one. He will find it necessary to suppress Congress. The affairs of the country require a strong and able hand to replace the broken link of liberty. Both continents have reason to be pleased with the result. Gen. Grant is a worthy successor of Washington.

The Journal des Debats, and other liberal journals, are rattled with the result. The Standard declares that the success of the Republican party is the triumph of centralization, and thinks it singular that a soldier should be elected chief of a great power while the nations of Europe look on. Quebec, November 6.—The steamship Bana, from New York, has arrived.

THIS MORNING'S DISPATCHES.

London, November 6.—The Times today has an editorial on the result of the Alabama negotiations, which infers from the speeches of the American Minister that he has brought to a satisfactory conclusion. The editorial in the solution of the question, and praises Mr. Johnson, not only for the frank and candid manner in which he has concluded the controversy, but for the mainly and straightforward utterances in regard to the payment of the national debt. The Times also declares that the tone in which Mr. Johnson expresses the tempering with the national debt as a grand, shows that the higher class of American politicians recognize the same principles of morality which are current on the side of the Atlantic.

The Standard, Conservative organ, ascribes the disparagement of Beverly Johnson by the Balthics here to his admiration of England. Accounts have been received to-day of a collision on the railway near London. Several passengers were killed, and many injured.

Basra, November 6.—In the Prussian Diet yesterday the Minister of Finance submitted a report showing that the share of the Kingdom of Prussia in the financial debt of the North German Confederation is £5,000,000. The Minister also introduced a Bill confining the property of the Elector of Hesse on account of his famous memoirs.

Chooki, by which several persons were killed, and a considerable amount of property destroyed. The Italian boats, however, arrived at Hvalkadi with forty-two coolies on board. No commander being on board, evidence in abundance was found leading to the belief that the boats had come time before with a cargo of coolies, but that they had mutinied and destroyed the crew.

From Japan. The Herald's Yokohama correspondence of September 27th says: The Yocoyama Government had resigned all authority to the Mikado, and all the adherents or officers under the eye, and had been dispersed with the exception of those who are now located in Yokohama. The British and French Ministers have been informed of their own troops quartered near them, while the American Minister has only time to get away with a bareback stick. The Japanese authorities have intimated their desire to the foreign ministers to have the treaty of 1868 revised, with a view to the modification of the duty on tea and silk. The steamship Hermon on entering the bay in August last burst a boiler, killing three Chinamen, and severely scalding twelve other persons. Of these, two were Americans, named George Herman of Hudson, N. Y., and Frank Barney of San Francisco, both of whom died a few days afterwards.

From Panama. The Herald's Panama correspondence of November 6th says: The town of Panama was still on a martial law, and sentries about the streets had orders to challenge all passengers, and fire upon them if the answers were not satisfactory. The United States authorities in the State of Candianmar are at loggerheads with one another, and the State is in an anarchical condition in consequence.

It is claimed by some of the holders of stocks to some of our merchants, and creating apprehensions among bankers and brokers. There was a panic rush to sell nearly all securities, and railway shares were particularly by thousands, and Government bonds by millions. It is generally believed that the Government is selling both bonds and gold, which only adds to the distrust, and increases the stringency. The distress is extending to merchants, and traders at a stand still in nearly all directions.
