SCHOOL EXAMINATION.—The examination of the pupils of the school of the Christian Brothers commenced last evening in the hall of the College, and will will be continued this evening. Everything was of the most satisfactory character, except the weather, and that was very disagreeable and altogether unfavourable for a large attendance. The examination will be continued this evening, when, if the weather be fine, the audience will no doubt be larger.

THE WEATHER.-We have been visited by another snow storm. It began on Tuesday night and continued almost incessantly throughout yesterday, adding another coat of snow to the somewhat worn roads, and coverpromising signs of spring have all disappeared the sun's warmth was not felt yesterday. Nothing in the shape of a crow was seen to inspire the faintest hope, and people begin to into account, as the works would be directly have misgivings as to the crow seen on Monday prosecuted after the first year indirectly from being a raven, for a good deal of croaking has the moment they were undertaken. It is latterly been heard in the air. evident that the advantage would be altogether on the part of the British people, relieving CONCERT OF THE BAND .- The concert

the band of the Rifle Brigade and the Glee class, given by them in aid of the benevolent fund of the ladies in connection with Christ church, comes off this evening at the theatre. The building will be well lighted, warmed, and ventilated, to receive a large audi-no and let us hope that whatever the weather may be, the band, who have never disappoint ed the people, will not be themselves disappointed in their generous efforts to augment the funds of so deserving an institution.

RAILROAD.—The unpromising state of the weather yesterday morning was such that only the engine, one passenger car, and one baggage car. This, as the experience of the moining train from Prescott proved was a wise precaution, for the latter got stuck several miles outside of the city, and was unable gration. RED RIVER SETTLEMENT.

The Nor'-Wester of February 12th has been It contains the first chapters of an interesting and well written history of the Red River or Selkirk settlement, by Donald Gunn, Esq. A Canadian, residing near Cobourg, baving

tive prices. If the country fills up rapidly, The posse pushed on to Sugar Loaf Valley as is expected, cattle will bear a good price for

compelled to do so through fear of Penny, year's crops were entirely destroyed by grassthey were not molested. This Penny had | hoppers, and so it was in 1818, just fifty years lately come from near Red River, and was ago. But this trouble arises from our isolaknown to be a desperate character, compelling tion, and because all of the country around look up to him as a sort of leader. He sought lized men. Had this country been settled once an overseer, or slave-driver, and a very to grind, always providing that he makes good

in raising horses. Don't know the price of

Merchandize of all sorts are considerably dearer than they should be, and it needs competition to bring them down to the proper level. We expect that good communication AIR-" Argyll is my name."

is 25 cents per lb. Men's clothing is not inor dinately dear, but women's goods and general groceries are higher than they need be. It will be wise for intending settlers to bring their year's supply with them

The company neither can nor will object to any man carrying on a stock farm, neither would it be inclined to encourage or aid bim. Houses to rent are very scarce at present, and rent is high. A great many new buildings are to be erected here next summer, and the And why should a w man not get a dethere may be a chance to rent. It will cost you \$22 American currency

from St. Cloud to Abercrombie by stage. From Abercrombie to this place it will cost from £5 to £7 in a Red River conveyance. If you will want a waggon or buggy you had better buy in St. Cloud, and come through with your own conveyance. It will be the most comfortable, especially if you have a Winter travelling is not pleasant at present on account of there being no line of stages

from Abercrombie to here and from it being so sparsely settled. You can start as early in the spring as you please. If you come farm you should purchase your seed in Minnesota and bring it with you. Almost all of our seed has to be imported this unfortunate year. The journey can be made by either by steamboat or flat-beat. And now we would say to any and all of ou

Canadian readers that there are good openings here for farmers and mechanics, especially carpenters, merchants, etc. We have excellent salt springs close at hand, and they need a little capital, coupled with enterprise, to develope their. Sheep raising will be profitable if woollen

mills are introduced. Flax and hemp thrive here, and any Canadian fruit or veg table will undoubtedly thrive, except the peach. A soap manufactory would do well, and so would vinegar making. A good dairy would pay. We hardly know what good cheese is deration of the Trade. in this country. And a few practical miners Underwriters' Sales of Damagel Sales riches,

> CARROTS tv. OATS .- A gentleman who had procured a sufficient supply of excellent carrots to render him independent of oats, and in a great measure of hay and bran, for his horse and cow, would suggest to others to try the same plan. Carrots at \$14 for 2,240 lbs., which | would assure you of his continued diligram at is the present price, are only about two-thirds of a cent a pound, whilst hay at \$10 per 1.500 Ibs., is the same, and oats at 70c. per 35 lbs., are 2 cents a pound. Now horse feeders agree, that a bushel of carrots is equal to a bushel of oats for horse feed, and as the former weighs about 60 lbs., and the latter weighs about 35 lbs., it is evident that two pounds of carrots are fully equal to one of oats. As compared, with either of the above kinds of feed, then there appears to be a decided advantage in favour of carrots, of which cattle are extremely fond, and of which they waste none. Of course it would be necessary to keep up hay with carrots but it might be much smaller than with | to sell oats .- Witness. HORSES FOR FARMERS. - It costs no more to

keep good horse-one that will do a heavy day's work with esse_than a poor one with Tuesday, the 16th day of March, Next, more bone than muscle, and hard to keep in order. A good, well chosen team, compactly built, easy keepers, and well taken care of, will do one hour more work each day than a That very valuable property knows as the bad or common team. Good horses will, of the others. It will therefore do to pay m A man, whose labour costs \$300 for the season | The house is 106 x 40 feet, and four steries he. will accomplish far more with the fine animals than the cheap ones.

PORK AND BEANS .- The chespest and mos nutritious veg-table used for food is beans .-Professor Li-big says that pork and beans form a compound of substances peculiarly | 66 x 30 feet, with accommodations for 46 bear adapted to furnish all that is necessary to attached. support life. A quart of beans cost say fifter n cents; half a pound of pork ten cents. This men, at a cost of \$1 - 2} cents a meal.
