HERE was a meeting of the Privy Council

on Saunlay afternoon. from Kingston on Saturday morning.

Commission, also arrived on Saturday. WE understand that Messrs. Call an Hocken, whose arrival we announced Saturday, have been successful in the mission, and made arrangements with one our leading banking institutions to establish a branch at Miramichi.

about forty different competitors, and it is not | yet there are features in the arrangement not, tenders will be received up to seven and crop." We notice that the Globe indi- hopes that you will lose no time beyond what o'clock this evening; and the Commissioners cates the right to one-twentieth of the "Fertile is necessary in acquainting him with your will proceed to open and classify them to- Belt," as being an exceedingly good thing for morrow morning. The awards will be made | the Company. Perhaps it is, but it will not as promptly as possible.

THE Citizen advocates the introduction into Canada of the manufacture of beet roof sugar; and argues that the enterprise would pay. Perhaps it would, though we hardly think our neighbour's data can be relied upon. Take for instance his estimate of the value and uses of the pulp. He says : "After the saccharine matter had been ex-

form a valuable article of food for cattle, provided the abstracted saccharine matter were supplied from other articles of food." Now, would it not be cheaper to leave the

" supplying it "from other articles of food?" | which Her Majesty's Government have in Again he says:

the factory, and their pulp retained on the to the inhabitants of that territory, and is not believe will yet fall to their lot. Let us hope about the same time, the first judge of which

for the proper maintenance of their live the east and south. into milk, beef, wool, mutton, &c., &c., they would find their return ample and more minion, as likely to open an indefinite prospect of employment to Canadian labour and their property in the 8th concesthe garrison and city. The captors to recurs venture of a beet-root sugar factory. Nevertheless we do not wish to discourage ter that it would enable her Majesty's Govour neighbour. He says "let us try how ernment at once to annex to the Dominion "the system would work," and we say by the whole of British North America proper all means, let him.

Our Canadian publishers have of late years made very great advances in the more important consequences involved than importance. Its legal rights, whatever those plete. The building itself is 40 x 50 feet, and would at first sight strike the mind. When JOHN DOE OF RICHARD ROE, or any other Were this all it be something. But beyond this there is the thrifty housewife who saved her rags, and exchanged them with yonder pedlar for ting ware; the pedlar who patronised the whitesmith; the whitesmith who sold to the paper maker; the paper maker who sold to the adjustment, Lord Granville has been most publisher; and the publisher who gave the compositor, the proof-reader, the is fully alive to the difficulties of such a passes into two traps, the first one retaining and containing three convenient fishing Carried. pursuits interested in most healthful for the physical constitution, those estimates. Indeed, it would be imposare among the least demoralising in their tendencies. In the large cities where book-making (mechanically) flourishes, will generally be found a respectable class of employees whose average earnings in the various branches of the business may not be by laying before the Canadian representatives above those of other tradesmen or working people; yet who in point of general education and as respectable members of society, will compare most favourably with those who would be prepared to use all the influence are far above them in material wealth.

the effort made at Montreal for the removal of the unwise restriction which prevents parties concerned. But he is not without Canadian publishers from doing in their own that if it does not give them all that they concountry what American publishers are pri- ceive to be their due, it secures to them what vileged to do: that is, offer reprints of is politically or commercially necessary, and British Copyrights at a duty of twelve and advantage with reference to their peculiar a-half per cent. There can be no doubt objects than that which they at present ocbut that our Government and Legislature cupy will give their united influence in aid of the are as follows:fair proposition made on behalf of Canadian 1. The Hudson's Bay Company to surrender | demands." publishers. Why should not they be allowed to publish British Copyright works on the same terms as the American publisher is and also all similar rights in any other part

permitted to sell them in Canada? . We have proof before us that our publishers are on a fair way of competing successfully with those of the United States. A work that has had a tremendous "run" in the United States at a dollar and a-half per copy is offered by a Montreal house to the Canadian public at the small charge of fifty

Dame-st., Montreal, a gentleman who has yet | gregate extent of the blocks is not to exceed been but a short time in the trade, has undertaken the publication of Mrs. Southworth's "the Mountain Girl's Love." We cannot say of our own knowledge what may be the general fact that it is from the pen favourite author, and has been eagerly read. and very much admired, by those whose time and inchuations lead them to patronise this kind of literature. It is quite likely that the book will have something of who may wish to introduce it to their patrons would do well to communicate with Mr. Kirsy. It is a large octave of 180 pages, and printed on good paper.

\* FALLEN PRIDE; or the Mountain Girl's Love. By Mrs. Emma D. E. N. Southworth, &c., &c. Montreal: C. H. Kirby, Bookseller and Stationer, 99 Notre Dame-st. Price 50 cents.

THE following is the full text of the lett conveying the final proposals of the Imperial Government to the Hudson's Bay Company for an amicable settlement with Canada. As we stated on Saturday, there is reason to believe that these proposals have been accepted by the Company; but whether or not the letter from the Colonial office to Sir STAFFORD NORTHCOTE, SIR JOHN A. MACDONALD, K.C.B., returned important, as shewing how far Imperial Government will go in A. Walsh, Esq., Chairman of the Railway matter of negociation. Should it turn out that the result of the meeting these terms, then Earl GRANVILLE will submit the title and claims of the Company to all parties. the Judicial Committee of the Privy Council. If this be rejected either on behalf of the Government is firm in its resolve to bring of tenders for the construction of the three it can be done. It is certain that our Delethe satisfaction of submitting to the action night of our Government an agreement, the carrynearly so ing out, or rejection, of which will be at the the first four option of this country. Though there may sections; but the prospect is neverthed be carping at some of the details of the less that the competition will be keen. Ten- arrangement; though it may be said that the ders had been received up to Saturday from Company has made a very excellent bargain; improbable that in most cases offers have that will render it more favourable to Canada been made for each section. If we mistake than were the Company to be ejected, "neck be a bad thing for the Northwest to have the Company directly interested in colonising i Instead of discouraging settlement, as the Company, for its own interests, has hitherto done, it would doubtless actively foster i

thereby enhancing the value of its property

Downing-st., 9th March, 1869. Sir Stafford Northcote, Bart., &c. Sin .- Earl Granville has had under review tracted from the beets, the pulp left would the correspondence which has passed respecting the proposed transfer to Canada of the jurisdiction and territorial rights of the Hudson's Bay Company in North America. It is, in Lord Granville's opinion, of very great importance that this question should be "abstract" it and then go to the trouble of delay. He does not disguise the interest this settlement. It is not creditable to this country that any inhabited part of Her Ma-"This pulp could be either retained on the jesty's dominions should be without a refarm or bargained for at the manufactory on | cognized Government capable of enforcing the tions. The toleration of such a state of things patient industry, and enterprise deserve the be tried within the limits of the Island. How could the beets be taken to in parts of Hudson's Bay Territory is unjust success, which very many of the best miners Court of Admiralty was instituted at St. John's tween this country and the United States; The Marmora section of the gold region, is ties thus imposed was likewise appointed Apart from these little draw-backs, it is and this danger and injustice are likely to in- just now attracting more attention than any naval officer, to collect annually the fishing thing do not raise a sufficiency of root crops | cultural capabilities of what is called the " Fertile Belt" begin to attract settlers from

To Canada the settlement of the question is not less important, as removing a cause of even with the Mother Country itself, as destroying an obstacle to that which has been looked upon ss the natural growth of the Doenterprise; and, lastly, as enlarging the inducements which Canada is able to offer to except the colony of British Columbia.

To the Hudson's Bay Company it may almost be said to be necessary At present the very foundations of the boundaries to its territory are open to quesmay be, are liable to be invaded without law so constructed that ten additional stamps may by a mass of Canadian and American settlers, whose occupation of the country on any terms they will be little able to resist; while it can hardly be alleged that either the terms of the charter, or their internal constitution. are such as to qualify them under all these would disadvantages for maintaining order and performing the internal and external duties of

The prejudicial effect that all those uncertainties must have on the value of the com-

pany's property is but too evident.

The interests of all parties thus evidently pointing towards an immediate and definite about by way of amicable compromise. He a concavoconvex shape. From the agitator it tul sheet of water, about two leagues in width self that the estimate which the company form of the nature and value of their rights is that search and only the following accounts:

Bulls, a harbour of considerable size, where it | C. H. Tucker, suadries furnished under and widely different from that which is formed by that scarcely any quicksilver escaped from the has been noticed, the French squadron landed by the Book Trade. And they the gentlemen who represent Canada; nor sible to do so without knowing to what ex- This concentrator separates the sulpherets supported by the judgment of a court of law, escaped from the agitator. The sulpherets But after repeated communications with both parties, his Lordship is convinced that undergoing a certain process are put into a he will be serving the interests of the Dominion, of the company, and of this country, and the directors of the Company a distinct proposal, which, as it appears to be, is for the interest of both parties to accept, and in support of which her Majesty's Government

which they could legitimately exercise. We have, therefore, noted with pleasure | Lord Granville cannot expect that it will be other wise than unacceptable to both of the hope that both may find, on consideration.

to her Majesty all the rights of Government property, &c., in Rupert's Land, which are specified in the 31 and 32 Vic., c. 105, sec. 4 of British North America, not comprised in Spring. Rupert's Land, Canada or British Columbia 2. Canada is to pay to the Company £300, 000 when kupert's Land is transferred to the

Dominion of Canada. 3. The Company may, within twelve months of the surrender, select a block of land adjoining each of its stations, within the limits 7id. per yard; Horrock's celebrated cottons specified in Article 1.

4. The size of the blocks is not to exceed \_\_\_ acres in the Red River Territory, nor | -Try Gardner's Baking Powder. See cents! Mr. C. H. Kirsy, of 399 Notre 3,000 acres beyond that territory, and the ag- vertisement,

5. So far as the configuration of the country admits, the blocks are to be in the shape of Appointment of Justices of the Peacelatest and greatest novel: "Fallen Pride; or parallelograms, of which the length is not more than double the breadth

6. The Hudson's Bay Company may, for fifty years after the surrender, claim in any particular merits of this work, beyond the township opelistrict within the Fertile Belt, in which land is set out for settlement, grants of land not exceeding one-twentieth part of the land so set out. The blocks so granted to be determined by lot, and the Hudson's Bay Company to pay a rateable share of the survey expenses, not exceeding - an acre. 7. For the purpose of the present sgree-

ment the Fertile Belt is to be bounded as a "run" in Canada; and any of our dealers follows: On the south by the United States boundary ; on the west by the Rocky Mountains; on the north by the northern branch of the Suskatchewan; on the cast by Lake Winnepeg, the Lake of the Woods, and the waters connecting them. 8. All titles to land up to the 8th of March.

> 9. The Company is to be at liberty to carry on its trade without hindrance, in its corporate any import duty on goods introduced by them

10. Canada is to take over the materials the Electric Telegraph at cost price, such price terest for money, and subject to a deduction for ascertained deteriorations.

11. The Company's claim to land under agreement of Messrs. Vankoughnet and Hopkins to be withdrawn. 12: The details of this arrangement, includ-

ng the filling up the blanks in articles 4 and to be settled at once by mutual agreement. It is due, both to the representatives of Canada and to the Company, to add-that these terms are not intended by Lord Granville as the basis of further negociation; but a final effort to effect that amicable accommodation of which he has almost despaired, but which he believes will be for the ultimate interest of

It is evident, therefore, that the Imperial Company, or on behalf of the Dominion, his be set up. The expense of maintaining the Lordship considers that his next step must be prisons was met by levying "a rate of not tendering her resignation as teacher, was about a settlement and complete the work of rights of the Crown and the Company, and chantable fish per boat, and half a quintal for This being the last day or the reception Confederation so far, and as fast as with this object, he will recommend her every boat's room, including the ships' rooms Majesty to refer their rights for examination of ships which had no boats, fishing on the to the Judicial Committee of the Privy Coun- banks, with the like proportionate rate upon sections of the Intercolonial Railway, we gates now on their way home have had a cil, whose decisions will form a basis for any may expect, as on a former occasion, the busy time of it, but we trust they will have future legislation or executive action which her Majesty's Government may find neces-

Whatever may be the result of this proposal his Lordship desirés to express his sense of the openness and courtesy which he has experienced throughout these negociations, both from the representatives of Causda and from the Governor and Deputy Governor of the Company, and the patience with which they have entertained proposals which, from their point of view, must no doubt have appeared

Lord Granville is aware that a proposal of

Lord Vere Beanclerk.

Those who were opposed to the new regime, readily laid hold of this financial arrangement, man appealing to the statute of William 111 which declared the fisheries free. The Governor received memorials from the Justices complaining that they were obstructed in their duty by the fishing Admirals. "The Admirals." they said, "told them they were only mute justices, and seemed to doubt the Governor's authority for appointing them-alleging that the authority of the Admirals was by Act of Parliament, the Governor's only from the Privy Council." On the first of these poin's the Attorney-General gave it as his opinion that it was not legal to lay a tax on fi hing boats, or upon fish caught; but, as to provide a prison was a necessity, the case might be met by laying a tax on the inhabitants. On the second point, his opinion was, that the powers of the fishing Admirals, as conferred by the Statute of King William, were restricted to seeing the rules and orders of that Act strictly executed, and that the authority of the ustices was good, but extended only to

A REAL CASE OF DESTITUTION, -On Wednes-Soon afterwards he was joined there by Patterson, J. Durie & Son and J. Gavin, be Manning, came to this city in circumstances received and referred to the Furnishing Com- of the utmost destitution. Their story is as mittee; also the accounts of Mrs. Currie and follows: John Manning, his wife and two children, left this city about a year ago to settle in Clarendon, whither their married daughter and her husband had gone about a year previously. The two families lived togetker in the same house in Clarendon, and the old man, by trade a weaver, worked for picking up several cheap lots of various kinds | the neighbours, and found plenty to do. He saved a little money and laid up provisions, flour, pork, &c., for the maintenance of his family through the next summer, when he intended to come to Ottawa, in the expectation woman wishes to return to England with a lady, of earning more than he could earn there, and either as personal attendant, or to take care of so return to them in the fall with the fruits children. Is a good sailor and accustomed to of his labour, probably in the hope of thus travel. Wages no object. Address, E.M., Grande building up a home for himself in that place. Ligne Mission, P.Q. Their prospects seemed to be good for the their stock of Silks, Satins, Evening and Ball the energetic man was to come to the city. Two or three well furnished rooms to let, with ships glided down the Narrows, and escaped to Dresses, just opened, including all the latest One evening all the family went out to visit a breakfast, if required. Situation airy and pleaneighbour, and after an absence of about two sant. Address, M.S., Times office. lish fleet until they were beyond the reach of pursuit. The garrison held by the French, thus deserted by its naval support, after suscining and returning a brisk fire for three terial and style, now being shown at Magee

| At some distance from the house they saw a light, which alarmed them, and they ran as fast as possible to see if it was their home on fire. They were not long kept in suspense, for, on a nearer and the suitably reward long kept in suspense, for, on a nearer and long kept in suspense, for on a nearer and long kept in suspense. long kept in suspense, for, on a nearer ap- | ed.

proach the dreadful reality burst out in flames before their affrighted gaze. Their home, and all it contained, were a prey to the de- FETHER

vouring element. At the sight of this the man who had fought fearlessly in many a battle in India fell down and swooned. He recovered to find his helpless family around him on the snow of a Cauadian winter without a home; without food. All their savings were burned up together with clothing. and even the little money that had been soldier most was the loss of his medal for brave conduct in India, and wherever called

on to fight his country's battles. That was melted perhaps with his money. Searching among the ruins afterwards, bits of molten METROPOLITAN RIPLE ASSOCIATION .- The an- silver were found, but not the prized modal, nual general meeting of this association will Little else remains to be told.
