Only two nominations were confirmed today, namely, J. L. Motley, minister to England, and John Jay, minister to Australia. Wassington, April 13 .- The only speech made in the Senate to-day on the Johnson-Clarendon treaty for the settlement of the Alabama claims was by Mr. Sumner, and occupied nearly two hours in delivery. Sumner took the ground that instead of removing an existing grievance it left nothing but heart-burnings, and therefore could not be considered a settlement of the pending questions between the two nations. It offered no semblance of compensation, and it could not be lot the interests of either party that the treaty should be ratified. Examining it from beginning to end he showed it was merely for DRESS GOODS for 6d 74d to 9d per yard. relocipeds race took place this morning the settlement of individual claims on both sides, so that the sufferers by the misconduct of England may counterbalance by the British blockade runners. Among them were Stanton, Cassidy, Scott, Thurman, Morton, Warner, Sherman, Fessenden, and Chandler. The latter wanted the doors thrown open, so that the debate would be open to the public. Fessenden with others expressed their satisfaction at the temperate and instructive views presented by Mr. Sumner. They were such as the American people would now stand by. The Senate rejected the treaty, fity-four being opposed to it, only one, Mr. McCreery (Democrat) in its favour. The Senate unanimously removed the injunction of secrecy from only one part of the proceedings. The speech of Sumner and this will be published. A Village Almost Completely Destroyed

MILWAURIS, April 19 .- A despatch from Haughton, (Michigan) 18th, says at one o'clock yesterday morning a fire broke out in a French saloon in Hancock, Michigan, and has resulted in almost the complete destruction of the village. Every store and business place, saloon, &c., except the Post Office, Gibson's tailor shop and millinery store, near Masonic Hall, together with about fifty private dwellings. The principal buildings saved were Masonic Hall, St. Patrick's Hall, and Methodist and Catholic churches, the schools, and a few buildings and docks under the bluff on the lake shore. The district burned over COAL OIL is about sixty-five acres, comprising six entire blocks, and containing 110 occupied buildings, besides the usual number of barns, &c. The loss will not be far from half a million follars, and the insurance covers about \$100,000. Over 200 families are left homeless. A meeting of the citizens of the county will be held to-day, to make suitable provision for the destitute, and to raise a fund for their

relief, many of whom are in a pitiable state FINANCIAL AND COMMERCIAL. Reported by Telegraph.
