## Office 1 38, Sparks Street.

FRIDAY, JULY 9, 1869.

YESTERDAY afternoon Mr. REIFFENSTEIN was committed for larceny on the second information, relating to the cheque for \$2,-903.04 in favour of the city of Hamilton. The six other informations laid against him were then proceeded with, and the examination was adjourned until to-day.

THE Globe has been unable to discover the Witness morals, we might take it for granted "slightest reason" for conducting the REIF- that any amount of falsification and perver-FENSTEIN examination in private. That may sion should be expected. The Government well be seeing that it professes to have had is "exposed," and a member of Parliament the testimony "very faithfully" reproduced is "disgraced." That is all the Globe aims in its columns. The difference in so far as at, and it is not the custom of that journal the Globe is concerned, can only be as to the and its imitators to stick at triffes in trying that it pretends to publish it, shows that its wearisome to examine and refute all the readers have lost nothing by the doors being globular versions of the "Chantry Island of conscience about prematurely revealing salient points, and lay before the public the what at present-for some reason+is in- main facts as they appear in the official tended by those most directly concerned to papers laid before Parliament, so that this be private, but these qualme do not trouble | question may be set at rest, at least so far as the Globe. It says:

"One of the organs assumes that there must have been some reason for closing the doors, Indians, of Saugeen. It was sold by the and argues the right to take that extreme step | Superintendent General of Indian Affairs, in the interests of justice in any preliminary inquiry where publicity would do harm. The in 1854, to Mr. A. McNass, of Southamppoint, however, is to show that 'justice' de- ton, after being valued by the local Indian manded secresy. Does the organ mean to Agent. The purchase money, \$800, hint that there are suspected partles still at liberty whose arrest is not yet warranted, but was paid by Mr. McNass in cash as who might take warning if they knew all the appears by the books of the RECEIVERpreliminary inquiry developed ?"

As the "organ" here spoken of evidently 16th June, 1855. A special patent issued to means the Times, we beg to say that we did ation thus paid to the Government, Mr. Mcnot "hint" anything. We asserted the right him in 1856. Besides the amount of the valuof the Crown, in the interests of justice, to Nan is understood to have given the Saugeen have the examination conducted in private; Indians about \$400 in supplies for their and at the time there was certainly good | "good will," which was conveyed to him by parties outside the Departments might have 1859 a lighthouse and premises were built been compromised by the evidence. And if on it by the Board of Public Works, at a of the examination has been at all impaired. there at a further cost of \$31,910.65. An-In fact as the case is developed the wisdom other sum of \$10,236.39 was spent on other of the prosecution in having a secret exam- harbour improvements. Three years ago the Telegraph said on the 6th, and the Globe ination becomes more manifest-not in the Superintendent of Lighthouses for Ontario, re-echoed on the 7th, there must be destroyed all the advantages of secrecy; but back again by the Government, and he re- quarter. the public do not accept even the "very faith- ported it for sale at a sum equal to the ful" reports of the Globe as absolute gospel; money pand for it, with interest, namely and hence the Government is given the \$2,000. Again and again during these three necessary time to make such investigations years he has urged its acquisition before and such displacements as the facts of the some serious damage should occur to the case may warrant, without raising a howl works. The attention of the Government on the part of the public, either of undue | was also drawn to the anomalous position of harshness or favouritism towards any official. the property and the public works on it, and The uncertainty which "doth hedge" this the dangers which such situation occasioned.

case has still its value. From the first we The required sum was accordingly put in believed that the public generally would the estimates. prisoner would receive no benefit from it; place as a harbour of refuge, and says the isbut we also believed that so far as the public land ought never to have been sold to private he failed to accept the transfer until yesterservice was concerned there would be a parties. We perfectly agree in this view. The sale was an improvident one; and if the ment in possession of the facts, and price was speculative, the Government now enabling it to act upon them as the simply refund the money. There is no not, and that the next highest on the list is exigencies of the case require.

The Globe concludes by saying that all island. It doubtless is worthless for any the "points must be probed in that thorough other purpose than as a fishing or lighthouse | believe, Mr. Thomson's claims that he " investigation of the whole case, in all its station, in connection with navigation. He was officially directed trust in the hands of the Government. Thus the parties concerned in the case has nearly to ascertain at what price it could be bought for no remissness has been shown in that the Duke of Newcastle will continue to be

THE ROYAL CANADIAN BANK.

From the Leader.

The long labours of the scutineers resulted n bringing the following gentlemen to the head of the poll as the directors for the current year :- Messrs, Crawford, Thomson ble. At a meeting of the Board Mr. Crawford was elected President and Mr. Thomson the circumstances, Mr. Thomson is duly the proper man to take a place at the board. Were this opinion acted upon Mr. Manning been properly elected. We were so desirous that Mr. Thomson should be on the beard that that he was not a stockholder at the time of Manning may, of course, if he feels so disposed, act the very magnanimous part of taking his seat and resigning it, in which case Mr. Thomson would unquestionably be elected

ord to the presidency. An active, prudent, painstaking man, a commercial lawyer of the highest standing, he is eminently qualified put the bank upon its legs again he can ; and board. We would have preferred to have Bailey of the University, who announced Reference is made in connection with this of the bank will expect him to go in heartily WE had thought the "Chantry Island" subject to the rivalry existing between with his fellow-directors, and, with a single it at the earliest possible moment, so that instead of endeavouring to crush out utterly the Royal Canadian Bank, which, whatever immense advantage to the Province, will lo much to create or destroy confidence in prudential regard to their own interests. We are led to believe they may do this by bank which have been issued. It is a remarkable fact, that with all its losses-with nismanagement at some of the agencies, and bare-faced robberies at others-with dissensions at the board, and treason doing its work outside, the capital should be to-day unimared, as it virtually is. The difficulty of dealing with an extensive circulation has been overcome, for during the past six months it has been reduced from \$1,569,641 S416.123. The paper under discount has been largely met at maturity, too, there being a million less now than when the bank closed It speaks well for the bank paper as for the soundness of the country generally that in a over a million dollars in less than two months.

The bank has now deposits to the amount ernment as will secure this end.
