The Very Rev. Dr. MACDONALD, V.G. of another. Charlottetown, Prince Elward Island, accompanied by the Rev. Mr. LAMOUT arrived in this city on Saturday, and having seen morning for Toronto.

MR. J. G. MOYLAN leaves this morning for Toronto, having completed his arrangements with the Government, in relation to his important mission to Ireland for the promotion of Immigration to Canada. Mr. Mor-LAN will, we understand, require a few weeks in Toronto to complete arrangements for his departure for "the ould sod;" he one. There may be drawbacks to it, how and vicinity that if they really desire to see may, therefore, be expected to depart by the Montreal steamship line towards the latter end of next month. As, we have been "good men and true" beyond dispute; and ing stock, giving bonuses of right of way, earnest of that intention, I, that morning among the number of those who have set a high value on the encouragement of immimission, the duties of which we are sure he will faithfully perform.

A custous correspondence appears, " by " request," in the Montreal News of yesterday. It is between Mr. F. C. CAPREOL and the Hor, Joseph Howe, and when we name the former gentleman it is hardly necessary to add that the subject is the famous Huron and Ontario Ship Canal project. The trouble seems to have been that the Hon-Mr. Hows had indulged in a little " chaff" concerning the views of a certain gentleman in England. The correspondence, we must say, is of very little importance. It Mr. CAPAGOL hopes, by button-holing Ministers and other public men, to shove through his canal project, he has made an egregious mistake. It may be true that Mr. Howz has indulged in a little "chaff" over this project; but it is true also that almost every. body else in Canada is liable to the same charge; and we are sorry, for the reputation of a public enterprise that has some claims to consideration, that the public should have been treated to such a correspondence. proves nothing for the causl; but it may in Relation to the National Wealth, and Congive fresh ground for its opponents to assail temporary Literature. it. Eveny man has a right to be heard in his own defence. This is only Braish fair play : and as Mr. Geo. C. Reiffenstein complains that he has been most unfairly dealt with, the letter which we received from him by yesterlay evening's mail will be found in another part of this morning's paper. . We have no desire to criticise this letter.

Whatever "information" anybody possesses to prove that Mr. RESEFENSTEIN has acted the part of an honest man, should be ennioned against being deceived by any of the promptly placed at his service. There is the last resort open, at least in Mr. REIFFENSTEIN'S men; and if he shall come back at the proper time to face this trial, he will have pleas put forth in his letter published this morning.
