THE IGISH LAND BILL.

Simmonds & Cooley, Petrolia, was considerposals :- First, as to the past. Suppose we remove the existing grievance of Irish tenants by giving them for all identifiable im-The Quebec Board of Trade calls for spel provements made since some fairly recent cations from persons desirous of being apday a charge on the land by way of mortgage. pointed official assignees for counties in the In every Irish county establish arbitrators or valuers (perhaps under the existing Board The officers of the Royal Artillery and 60th Rifles stationed at Toronto have turned of Works), who should, on the tenant's application any time within the next year or a vacant building in the New Fort into a two, adjudge what the tenant is entitled to and what he is not for making his landford's At a special collection taken upon Thanks- land better. Secondly, as to the future, in giving Day in the Canada Presbyterian all tenancies at will and all very short leases Church, Barton, in aid of the Knox College (one cannot settle the length of term in a (one cannot settle the length of term in a Mission Fund, the sum of \$32 was realized. paper such as this), let all tenent's improve-Mr. Wm. Halpenny, of the village of ments belong to the tenant by Reufrew, has been appointed resident agent sumption of law, and for the sale of public lands, in the county of valuers at the end of the tenancy, Renfrew, in place of Mr. Wm. Harris, de- or when required either by landlord or by tenant, adjudge the value of the improvement . Tenancies at will and short leases make void or of no effect any renunciation by the tenant of his right to compensation for improvemeuts either before or during his tenancy. Then there should be clauses giving the Exchequer power to lend money both to tenants | Hyson, and to landlords for improvements, and to take security for it upon the land. Further, suppose that by continual improvements on land not his own a farmer had worked himself into a mortgage; that by continual compensation he had attained a considerable interest in the land, why then should not the chain and other accompaniments by his com- | State lend him money to buy the fie, to purpany, on the occasion of his retirement from | chase, that is, the land itself? Such a tenant has given the best proof that he is a fit person to be a land proprietor, for by continual The Quebec Government has been obliged ndustry he has acquired already a consider-

able interest in the land. He is chosen by The Saurday Review points out that to legalize the Ulster tenantright throughout what they mean by fixity of tenure, in the shape most disadvantageous to the landlords. most devoted Missionaries of that diocese, tions which must lead to perpetual strile. One of the incidents of Ulster tenantright is that the tenant may assign his interest for annual for sale in Montreal a few days ago. what he can get, but that he shall not assign About 5,000 robes were sold, at prices ranging it to a person of whom the landlord or his agent disapproves. So long as this is a matter The Very Reverend Administrator of the ot custom, friendly discussion may easily tenant and cripple his pecuniary arrangelegal right, and thus we should perpetuate one of the very worst leatures of the present system, that of law which is no law, paper law, which men in real life cannot use because OYSTERS. the machinery of justice and government could not protect them if they did.
