CONCENTRATED PROOF LIQUEUR.

M Guyot has succeeded in depriving tar of its insupportable sourness and bitterness, and in rendering it very soluble. Profiting by this happy discovery, he prepares a concentrated liqueur of tar, which in a small volume contains a large proportion of active principles. Guyot's tar possesses all the advintages ordinary tar water without any of its drawbacks. A glass of excellent tar water without any disagreeable taste may be instantaneously obtained by pouring a teaspoonful into a glass of water.

Any one can thus prepare his glass of tar water at the moment he requires it, thus economising time, facilitating carriage, and obviating the disagreeable necessity of handling tar.
