city fathers, a few nights ago. THAT PICTURE .- We would call the attenion of the subscribers to the fund raised for the chance-purchase of the large painting O'Meara's, that it will be disposed of to-night. The object of its disposal is one of charity cel confident the list will be filled

THE STREETS .- We are glad to see that baving the mow removed on the several ide-walks in front of their respective premises. The stores bear a better appearance in consequence. If the gentlemen of the legal profession were to follow in the wake of their more advanced fellow-citizens in the commercial line, the exertion on their part, aight be more profitable to themselves, and certainly more satisfactory to the public. We did not see one lawyer's office, yesterday, fronted by a clean side-walk.

Tas les.-The condition of the ice on the Ottawa, and Gatineau rivers is extremely engerous. On Sunday the Rev. Mr. Robul, and another priest while crossing the Gatiheau river, on foot, sank, Mr. Roboul, however only partially. He extricated himself, and atching the other gentleman by his cassock nanaged to save him from drowning. On the ame day a man while attempting to cross the Ottawa opposite Sterling's brewery, sank to the arm-pits. After some difficulty he mcceeded in getting out. It is scarcely necessary to say that he re-traced his steps.

PRIENDS WILL FALL OUT .- An old couple, on Saturday last, went to visit some equally sold neighbours. Old custom had equally to be regarded, in consequence of which the bottle was used by the men, while the two old women went up stairs to admire he new quitts, and talk scandal. While the old fellows were enjoying the "barley corn," the better halves unfortunately quarlied aloft, and the first indication of hostillties which they perceived was the tumbling sumption, and in many well attested cases it lown stairs of one of the matrons. She was more in a rage than hurt. We have heard that the affair will be submitted to the umpireship of Mr. O'Gara,

ALMOST AN ELOPEMENT .- Yesterday, as the flernoon train was about to start, a young lady advanced to enter one of the cars. On exhibiting her ticket to the person in charge, CO TO BEAMENT'S FOR soother female snatched the ticket from her hand. It appears that before our heroine un-12301 ed-52 \$ ertook the trip, the other person, a relative,

applied to one of our policemen to prevent the escape of the adventuress. It, however, hap. pened that, being deprived of her ticket, did not go on the car, which moved slowly on for some time. To the public at large especially to their brethren of other denominations, they gratefully acknowledge their indebtedness. The ladies wish also to acknowledge their obligations to Mr. Henry A. To one and all who have contributed to the good work they present their best thanks, and take much pleasure in informing them that the sum realized over all expenses, amounts to \$1067,86. May He who will not despise the prayers of the orphan pour down every blessing on their charitable bunefactors.

WARD MEETING AT ST. PATRICK'S AGAZINES HALL

A meeting assembled at St. Patrick's Hall last night, the object of which seemed to be the nomination of some party as " fit and proper" to represent By Ward during the ensuing term, in our City Council. The number convened at about nine o'clock was about one hundred and twenty. Mr. Waller was brought to the chair by the motion of Mr. Hanly, seconded by Mr. Laughlan. Mr. Waller having duly regretted that some other ingly acknowledged by the self, and stated the object of the meeting to be that of nominating a candidate for the fellow, named Patrick Roach, was brought up for By Ward. The motion was moved by Mr. G. Cordingly, seconded by Magazine, Western World, Frank Leslie's Magazine, Harper's Weekly, Weekly Hersid, Pilot and all other Irish papers, Irish Republic, the opinion of this meeting, is a fit and proper person to represent By Ward for the enall papers due on each day, just received. An amendment was moved by Mr. Kelly, seconded by Mr. Gallagher, that Mr. W.Kehoe is a fit and proper person to represent By Ward in the City Council-pledging support to secure election. Mr. Kelly stated that it mats, Mackenzies, Macuabs, Macbeths, Rob | would be superfluous for him to say anything sedonells and Macdonalds, Rosses and all known by the community. While paying

Mr. Devlin stated that Mr. McCougall had not been properly notified, and suggested the meeting should be adjourned.

Mr. Guerin thought as the electors of the ward had selected that hall for the purp the evening, and that Mr. McD., an elector in the ward, had not thought proper to attend, it would be an absurdity to beg the question. Mr. Kehoe felt some delicacy on discovering himself in such a position. An arrangement had been made between the Irish and French to have equal numbers in Ottawa and Ottawa Fire Company, which comes off on By wards-he would go for the compact. He promised to do the best he could, but above all be prayed for no division, and preferred

to retire rather than provoke any such. Mr. Devlin stated that no question of nationality should be brought up. The field was open to Kehoe on demise of the late Mayor. No question of nationality then. Why was McD. brought in for a short time to be thrown overboard. Here the national characteristic for fun, contradiction, provocation and retort came up with an irrepressible vigor. The voices, not over harmonious, became so intermingled that amid the chaos of sound we could only catch one monysyllable-" lie." It could not, by any means, refer to a recumbent position, for the entire assemblage were on their pins. It must have had a less satisfactory reference. After a free and easy discussion for some

time, Mr. Gorman asked why the meeting The Chairman suggested that being seconder of one of the two resolutions. Mr. Gorman might have spared himself the trouble Mr. Gorman said that By Ward should

Devlin-Why break compact and elect Mr. McDougall by acclamation Here a truly national discussion occurred in which positive opinions might have obtained the ascendancy over a milder spirit. Mr. Kilduff referred to the fact that our late was evident that Scotchmen were at a dis-

ount. National houour had been appealed to, and the amendment having been put was Mr. Kehoe returned thanks in a rather nest manner for the positive voice of the assembly

expressed in his favour. Motion to remove Chairman, and chair be resumed by Mr. Guerin-motion of thanks to Chairman-motion of adjournment, A committee was afterwards formed to further the interests of Mr. Kehoe.

OUTOT'S TAR.

CONCENTRATED PROOF LIQUEUR M Guyot has succeeded in depriving tar of its insupportable sourness and bitterness, and in rendering it very soluble. Profiting by this happy discovery, he prepares a concentrated liqueur of tar, which in a small volume contains a large proportion of active principles.

Guyot's tar possesses all the advantages of ordinary tar water without any of its drawbacks. A glass of excellent tar water without any disagreeable taste may be instantaneously obtained by pouring a teaspoonful into a glass of water. Any one can thus prepare his glass of tar water at the moment he requires it, thus economising time, facilitating carriage, and obviating the Guyot's tar replaces advantageously several
