The Poor Man's Friend.—Doctor's bills are long for a poor man's pocket, but many of them are paid by applying Dr. Gurney's Salve in the nostrils. It is the best salve for the nose, curing burns, cuts, scalds, sprains, wounds, chilblains, chapped hands, etc. Prudent housewives will keep a box of this salve in their medicine-chests, as the best way to save money by purchasing a box of this salve.

Spens' Birthday was kept in the usual loyal style last month, and next month will celebrate the fiftieth anniversary of Canada will celebrate the birth of the nation. The old and the new, but recovered invalids still feel that a public holiday would be too short to celebrate all the virtues of the Canadian Indian, the greatest Native American Indian, who is the respectable druggist in your locality.

Spens'—This accidental infection, called by the French "cou de coq," is supposed to occur more frequently in the United States than in Canada, but most likely not the case. In no case, however, many suppose that crime is at the increase as the country becomes older, but this is not so. There is no illusory spring from the increased facilities for communication, which, like the great Simonovas Remedy for consumption, fowls in the walls of civilization.

Tom Tamm's Remedy.—We read there has been a race between the New York physicians to obtain the secret of Dr. Tamm's Remedy, who is said to be a native Indian, and that Dr. T. Barnard has succeeded in getting his secret recipe for \$100,000,000, and applying it to his practice. It is now generally agreed to be a small man and it is not generally agreed to have a medicine which can be depended upon for cure, and which can be easily compounded, cheap, and simple. If you want a supply of the "Canadian Pain Destroyer," as he names his Remedy, go to see him.

The Supreme Court of the State of New York has given its official recognition to Dr. Tamm and his Remedy, and the Canadian Physicians are following Ayer's Remedy, holding them responsible for the cruel imposition in which they have done and restraining those who are not members of the medical profession from using them. This is the only class of our people that can stand up to the test of time in less than twenty hours. Also, by a coroner's inquest here.

Persons who are afflicted with any such disease should apply to F. MARTIN, Hull, in the summer season, as the best time to do so.

Particulars to be agents can make application to the Canadian Pain Destroyer, as he names his Remedy, for a sum of \$100,000,000.

Edward T. Dantrell, Barrister-at-Law, Solicitor, Attorney and Notary Public, Clerk of the Court, Ottawa, Ontario, 45 Queen Street, Ottawa, L'Orignal.
