EVERYBODY TO CARRY POCKET-BOOK.

I. a "eminent Minister of Finance," the He norable Sir Francis Hincks, has evidently already cured the silver nuisance. If the people of Montreal, as represented by some writers in the Montreal press, are to be believed, the circulation of a silver currency, current outside of as well as within the Dominion was a gain rather than a loss to trade. the attempt on the part of the Government to substitute for . "the very problematical nuisance of hard coin," a practically irredeemable circulation of "shin-plasters," is most objectionable. The members of the causing the stipulated price of the land to be at Bowmanville." Montreal Board of Trade oppose the scheme handed over to the Company of a legal and equitable price for silver, and insist upon the right of buying bullion and sellingtit as they please. Now, in a word, intimates that Lord Granville approves of that the opportunity is afforded of effectually getting rid of what was pretended to be an obnoxious silver currency, the Montreal people reture to avail themselves of the opbenefit to the banks and the very reverse of tion of the contract, however, in itself, it a blessing to the poor. Twenty-five cent "shin-plasters" will compel poor people to ensuring that the surrender is finally effected carry pocket-books, and people, who receive with the full consent and agreement of b "ahin-plasters" for wages will never be able parties interested." to collect together so large a sum as \$5 to convert them into gold, if they would save up specie rather than nasty and destructible bits of paper. One thing seems evident, the plan proposed will effectually get rid of the with " rum and decay." 'Every tenth year possession of money in "bankable funds," is threatened with this calamity. Fortuwhen they have any money at all. Collectors nately the threatened evil handlways,
