AN IMPROVED LAMPBURNER.

Gas has not been superseded by oral oil, as our contemporary the Evening Mail seems to suppose. The flame of a candle is ignited gas, and, medeed, all flame is gaseous, So sharp, cruel, and treacherous, and un- | although all gasees are not inflammable. A new burner for coal oil has been invented which seems to us to be a very great improve ment on all previous lamp burners. The screwed up and down exactly in the sam peace and good-fellowship, among all ori- producing that peculiar smell common to

Official Poverty. From the Ottawa Courier. Surprise, almost regret, seems to be the feeling which is uppermost in the American mind, on account of the death of an eminer sublic man. It is not a feeling of surprise or even of regret, that Mr. Stanton died sooner or later, and there was nothing so ery remarkable about his exit from the world to cause surprise or much regret on acquainted with him. These feelings origi- day afternoon. The deceased had been drinknate in the circumstance that he died poor. With the many opportunities which he had had of obtaining large pecuniary considerations simply for his good will, Mr. Stanton suffered them to pass away unused. With "Shoddy" emiling and fawning upon him during the whole of "the war," in which ortunes were made in the twinkling of an ave, Mr, Stanton remained obstinately incorruptable and persistently poor. The very idea of a public man being honest shocks the sensibilities of the whole people of the United States. Nobody begrudges the amount of his individual subscription towards making a provision for Mr. Stanton's family, but everybody wonders that Mr. Stanton could have been such "a fool " as to need it. Ar American ex-Secretary of War to be poor is something so exceedingly wonderful as to be ncomprehensible. The number of contracts that must have passed through his hands without being shaved by him must have been very great, and so public servant is expected in serving the public to neglect his own terests. That kind of thing does very well in England or France, or in some other of the old fogyish governments on the continent o the United States-the most progres sive and consequently aggressive governments in the world-the practice to steal. Euphemistically, this is not the term employed, but the meaning of the mode of acquiring private wealth, while in public employment, may be understool as well by private feeing-would sound more sweetly to showed himself to be altogether in favor of ears polite than the word steal. But, setting granting and voting for a much greater instance of stupid honesty. His poverty is a road, but to gratify a private spite he curposition. He might have done very well for Therefore, by voting for \$75,000 he prea bloated Canadian aristocrat of a statesman | vented the Mayor from giving his casting who always continues to lose all his private vote for the \$100,000, for the reason that i

THREE RIVERS.

THREE RIVERS, February 7. The City Council met on Saturday night, to take into consideration the petition of P. B Vanssee, Esq., that the said Council should grant a subsidy of \$100,000 towards the building of the Three Rivers and Piles Rail-

On motion of councillor Malhoit, seconded city of Three Rivers do vote the sum of \$75,000 was carried, notwithstanding the amendment proposed by councillor Turgeon, seconded by councillor J. K. Ward, that the sum of \$100,000 be voted as a subsidy. The taxpayers present at said meeting were greatly surprised to hear councillor Malhoit propose that ugly Saxon word as by any other. Pos- a vote of only \$75,000, when \$100,000 was sibly the Russian word for "picking" has a asked, and when the city of Three Rivers softer sound, and the English word fee- was capable of doing more. Mr. Malboit that aside, the dead Stanton is a remarkable subsidy towards the building of the said clear proof that he was unfitted for his high ; tailed what he first intended to vote for. means by the acceptance of office, but how a Counciller Malboit had followed his first cute Yankee should so far forget himself is proposition and tactics the Council would have really a matter of surprise, and to some extent. | been divided on the subject, and therefore the of regret. The people had placed him in a amendment in favor of \$100,000 would have been carried by the Mayor's ceating vote,
