They have so far a common object, but it from the rest of the world, and they see with the column under my immediate rifled guns at the recapture of land outrage. They have so far a common object, but it from the rest of the world, and they see with the column under my immediate rifled guns at the recapture of land outrage. They have so far a common object, but it from the rest of the world, and they see with the column under my immediate rifled guns at the recapture of land outrage. H a Mr H. Cawmon hoped that the House my honourable friend, as it certainly was strangers? Is it any wonder that their Colonel Watson and Major Huxshaw, under the Eastern Frontier District would be troubled no long r with personal to the House, to see the hon. member for fears should be raised; recriminations as it was taking up the time of Lambton suddenly pause in the course upon by Demagogues ambitious of enemy, and was brought favorably to the Major, at Judgegoree. the House from the consideration of the bill of his fierce invective and turn to his power and place? I do not think it is. I notice of His Excellency the Commander before the House, but while the subject was friend at his side, to let him know what deplore as much as any man in this House, in Chief. before the House he could not 1 tit pass the thought of him and his conduct, to his without showing his disapprobation of the sentiments uttered by his hon friends. It was quite any man in this House the faofficer in every respect. He evinced skill, in general despatches in general despatches in general despatches in general despatches.

tunity of disclosing their wishes as to the Secretary of State has the consolation the circumstances in which these men would venture to recommend his services description of legislation they want to know that there is nothing which either were placed, and with the fears they end to the favorable notice of Government. to the newspapers. It will be recollected that | ouring Couring and all Bronchial affections as to the claims of miners | they could not chose a mode of legislation of these gentleman can say of him, that | tertained, just such things should occur as | In 1868 and 1869 Captain Cameron was that would meet the wishes of the major ty they have not, during the last three years have occurred, and that they should have appointed Adjutant to the first brigade of of the inhabitants of Manitoba better than over again said of each other, culminated in the sad event which we all Royal Artillery, stationed at Halifax. The admitted that and that if the hop Member for Lambton we all and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and that if the hop Member for Lambton alike deployed and the one before the House. He admitted that and that if the hon. Member for Lambton, slike deplore and condemn the Captain C. identified himself with many usean audience with, all opposition and solipse all rivary; the demand representations of the rebels were entertained there were some objections to the Bill, but has on this occasion allied himself with the renty years until now the sales avera e over these of the loyalists ought to be listened to. those objections could be overcome. He thought hon, Member for Lanurk, it is because he place us impose on us a stern duty. We outside the line of his military duties, and that as soon as the population of the territory wants his services as a kind of political must re-establish law and order. We I am happy to be able to say to this House bers of the medical protession witness and S att quarkt to be able to say to this House increased, they could have an opportunity Sioux in hunting down and scalping my must vindicate the supremacy of the nather that there, in private society as well as in this preparation has removed to discovered to the supremacy of the nather than the society as well as in this preparation has removed to the supremacy of the nather than the society as well as in this preparation has removed to the supremacy of the nather than the society as well as in this preparation has removed to the supremacy of the nather than the society as well as in the preparation has removed to the supremacy of the nather than the society as well as in the supremacy of the nather than the society as well as in the supremacy of the nather than the supre bers of the medical profession without number admit that they know of no preparation producting such beneficial results as these Waters.

Richard and Scatt ought to be allowed to dicate the supremacy of the national flag. But the readiest mode of dominitary circles, he endeared himself to a national flag ing so is, at the same time, to show these large number of friends and acquaintances. The hon. member for Lambton has said ing so is, at the same time, to show these large number of friends and acquaintances. marks :- The singular When taken in seas a they affect a permanen such men would go a long way towards cre- was too small, it was making the legates from the Territory ought to people that their fears are unfounded, There too he formed a connection by mar-
