CHEAP PRINT AND FANCY DRESS SALE ALL THIS WEEK AT T. HUNTON, SHOULBRED & CO.'S, BARRIS ARE TO BE HAD. 47 & 49, SPARKS ST.

New granite-dress goods, just the thing for summer suits, only 1s. 3d. per yard, at Garland, Mutchmor & Co.'s.

STOLEN DEATH.—On Sunday a woman died suddenly in Hull. A post mortem examination was held on the body.

NEW HORSES.—The house building on Rideau and Sussex streets are going up rapidly. When completed they will improve the look of the streets.

KILLED BY LIGHTNING.—On Sunday evening, during the storm, a man was knocked dead by lightning, while walking on the Montreal road in Gloucester.

DROWNED.—We have to record another case of drowning. On Saturday evening last a young man, named Hollister, was drowned about five miles from Zimere.

METROPOLITAN RIFLE ASSOCIATION.—The general meeting of this Association will be held next Thursday in the City Hall at 4 p.m.

REUNION.—We are sorry to learn that Mr. P. Wright received some severe injuries on Sunday, by his horse running away. Some accident occurred to the buggy, when the horse ran away, throwing Mr. Wright out on his face.

FAT CATTLE.—Eighteen head of fat cattle, fed by Hon. J. M. Skedd, and purchased by W. Slattery, Butcher, passed through the streets yesterday, and were remarked as being as fine a drove altogether as has been brought to market for some time.

SAFE ACROSS THE LAKE.—We now have positive information that the escaped convict Hackett has escaped to the States. Yesterday his mother received a letter from him, dated at Watertown, New York State, in which he informed her of his safe arrival at that place.

A TREE Felled by the lightning.—On Saturday evening after the heavy flash of lightning, a loud crash was heard by people living in the vicinity of Rideau River, and on examination the next morning, it was found that a large hemlock tree had been struck and knocked to the ground.

COUNTY CONSTABLE.—We are glad to learn that our able and intelligent city detective, Mr. O'Neil, has been made Chief Constable for the County of Carleton.

SAVED FROM STRAGGLED.—Yesterday evening a child of about 18 months narrowly escaped drowning in a tub of water. It had fallen in head foremost into the tub, which contained about half a foot in depth of water. Fortunately a young man happened to be in the adjoining yard at the time, and hearing a cry, ran over and rescued the infant from its critical position.

POLICE COURT.—Monday.—Three cases of drunkenness augmented the city funds to the extent of \$7.

ELEAZER LAURENCE got madly drunk last week and cruelly assaulted a couple of old women. He goes to jail for two months at hard labor.

JOSEPH FRANCOEUR also indulged with the bottle, and then went home to reconstruct his wife. Two week's imprisonment.

BLACKWOOD'S MAGAZINE.—The June number of this favourite magazine contains, as usual, a variety of interesting papers. The following is a list of the contents:—Earl's Den, Part VIII; Morcel's Journal of Waterloo; Our Ironclad Ships; John, Part VIII; Trades Unions; The Admiralty; The Problem Solved; and Lohr.

IT IS for sale at Messrs. Durie & Son's, Sparks street, Ottawa.

DOMINION DAY.—How is the anniversary of the accomplishment of Confederation to be honored in the capital? We see by our exchanges that almost every other city and town throughout the Dominion is preparing for the due observance of the day, and certainly if observed by any city in the whole country it should above all, receive its adequate honors at the capital. Let our city fathers take the matter under consideration. Our gallant volunteers would willingly turn out, and the public would be happy to see them display themselves.

AUCTION SALE.—Mr. A. Rowe, auctioneer will sell to-day at two o'clock, all of the household effects in the dwelling of Peter Kearns, Esq., Sandy Hill, near St. Joseph's Church. We are informed the goods are in excellent order, and amongst the lot is a large quantity of excellent carpet, a beautiful side whatnot, with doors to close up and mirrors in top. An excellent piano-forte almost new, made by Hood of Montreal, one of his best. Parties furnishing will do well to bear this sale in mind, as the goods are all, in excellent order, and must be sold.

DESTRUCTIVE FIRE.—On Sunday, at about one o'clock in the morning, a barn belonging to Mr. Pritchard, on the Richmond road, was discovered to be on fire. The soon communicated to a granary sheds, the whole of which was

consumed. The barn contained about 10 tons of hay, and we believe there was considerable grain in the granary, all of which was destroyed. We presume Mr. Pritchard had a slight insurance on the buildings; but he estimates his loss at \$2000. Mr. Pritchard is unable to say whether it was the doing of some drunken person or whether it was done through malice. He has some grounds to believe the latter.

"SAFE BURN, SAFE FINE."—Messrs. Edwards & Co., of Montreal, have made the finest safes at present in use in the Dominion, and the one which they have just furnished to the Ontario Bank, in this city, is the largest and most complete ever manufactured by them. It is, in fact, the heaviest ever built in Canada, weighing, as it does, upwards of six tons. The inner door of iron and cast steel is 27 inches thick, and the locks, constructed upon a new and very ingenious principle, would resist the attacks of the most practiced expert in the art of burglary.

PUBLIC ENCOUNTER.—On Sunday afternoon an encounter at fisticuffs took place behind the Bellevue gardens between two young heroes of this city for \$5 a side. Notwithstanding the day chosen for the fight and the secrecy with which the arrangements were made, there was a considerable number of spectators present who greatly enjoyed the sport. The combatants are but tyros in the pugilistic art, and had learned no more than was necessary to keep them from going into it rough and tumble. A ring was formed; the principals stripped off and fixed themselves in proper attitudes. One expressed himself very eager to have the fight commence, but the other took things coolly, and his coolness brought him out victor in the end. Seventeen rounds were fought in the space of three quarters of an hour. Some hard blows were given and received, and a few serious results involuntarily made.

CITY COUNCIL.—At a meeting of the City Council held yesterday evening the following members were present:—His Worship the Mayor; Ald. Bate, Robinson, Featherston, Pratt, McDougall, Goulet, Martineau, and Goulet.

Moved by Ald. Martineau, seconded by Ald. Robinson, that the application of the City Clerk for an increase of \$200 to his salary, commencing with the current year, be adopted.—Carried.

Some discussion took place on the presentation of a report of the Trustees of the Grammar School of this city. It was submitted with an application for \$600 to the Council as a former meeting.

The report was passed at a meeting when only a few of the Trustees were present, and Ald. Pratt thought it would not be proper to accept it without its having been adopted at a full meeting of the Board of Trustees.

Moved by Ald. Robinson, seconded by Ald. Bate, that the statement from the Chairman of the Grammar School be returned with a request that this Council be furnished with a report from the Board of Trustees.—Carried.

A petition from Robert Mooney, E. Miles and others, for a sidewalk on the east side of Elgin street, was presented by Ald. Bate, and referred to the Board of Works.

The fourth report of the Board of Works was presented and adopted.

The report of the expenditure of the appropriation to Victoria Ward, was submitted.

Moved by Ald. Pratt, seconded by Ald. Bate that the report of the Alderman of Victoria Ward be received and adopted, and that the City Engineer be and is hereby instructed to prepare specifications for the various works named in the said report, and the City Clerk is hereby authorized to advertise for tenders for the same to be received by the Board of Works, up to Thursday the 30th inst., all such work to be under the special supervision of the City Engineer.—Carried.

Considerable discussion took place on the above resolution.

Ald. Martineau said he had decided objections to giving out city work to be done by contract. He thought the work could be done more cheaply and better by having laborers to do the work, and having it supervised by the City Engineer.

Ald. Pratt strenuously opposed this principle, and spoke at length in support of the resolution. He explained that the work could be more satisfactorily done by giving it out to tenders.

Ald. Heney took the same view as Ald. Pratt, and thought that at least all heavy jobs should be done by contract. He contended it is impossible for the City Engineer to give adequate attention to all the corporation work if done by laborers hired by the corporation.

Moved by Ald. Goulet, seconded by Ald. Robinson, that the west end of Carleton street be raised one hundred and forty feet in length, up to Metcalfe street, to prevent the high water of the Rideau in the spring season from flooding the street, and that \$65 remaining undexpended of last year's appropriation go to defray the expenses.

A lengthy discussion took place on this motion.

Ald. Pratt said the money had been granted for the purpose of grading Metcalfe street, and until the motion by which it was granted was rescinded it was not competent for the Council to apply the money to any other purpose.

After some other members had spoken on the motion, Ald. Pratt moved the adjournment of the Council.—Lost on division.

Ald. Goulet's motion was then put and carried on division.

CRUISE STATISTICS ABOUT THE COST OF WAR.—Mr. Leroy Beaulieu supplies some very curious statistics about the cost of war. In the Crimean war, between the Russians and the Allies there were more than three-quarters of a million men killed, each of them at the price of £433. The maximum of cost was reached in the American Civil war. Each one of the deaths was purchased by an expenditure of £2345. The bill-boys in South America did the business more cheaply, not spending more than \$200 per man. Small wars are generally costly. The Danish war extinguished 3500 lives at an average cost of about £2000. The campaign which ended at Sedona must be reckoned, considering its brief duration, to have been expensive. Every life cost nearly £1500.

General Frossard, Governor of the Prince Imperial, has taken command of the camp at Calhoun.
