For restoring Cray Hair to its natural Vitatity and Color

A dressing which is at once agreeable. healthy, and effectual for preserving the hair. Faded or gray hair is soon restor d to its original color with the goss and freshitess of youl's

Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and njurious to the hair, the Vigor can only benefit but not harm it. If wanted

merely for a HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambrie, and yet lasts long on the hair, giving ft a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS. LOWELL, MASS. PRICE \$1.00.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption. Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estima-

tion, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought in curable, still great numbers of cases where the discase seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it. Asthma is always relieved and often wholly Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

than assure the public that its qualities are fully Ayer's Ague Cure, For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatio

So generally are its virtues known that we need

not publish the certificates of them here, or do more

As its name implies, it does Cure, and does not til. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity For Bilious Disorders and Liver Complaints, it is excellent remede, producing many truly remarkable cures, where other medicines had failed.
