the checks and persecutions to which the, LUDWIGSHAFEN, Aug. 1 .- Yesterday morn- would be chronicler of battles are exposed ng. I shook the dust of the Frankfuter by the somewhat arbitrary decrees of the Wald off my feet at the romantic little forest French and Prussian Chiefs d'Etat lodge of Niederaad (converted for the Major. About thirty miles from this town nonce into an extramural station on the is the frontier of France, crowded with Na-Hesse-Ludwigs-Bahu), where, in very ex- poleon's troops. Weissemburg and Lancellent company, I had the pleasure of dan frown at each other from either side waiting nearly two hours for the clearing the Lauter, within four hours of the line, encumbered with forage trains ride of the room in which I am waiting cattle trains, trains full of dragoons, and The Crown Prince is at Speyer, long strings of "empties" harking back not half that distance hence. The whole northwards for fresh freights of food, for country round is swarming with soldiers powder and the countless impedimenta of Prussian, Bavarian, and Saxon. All the an army in the field. The quiet, cosy sil | pretty villages of the wine district through van nook-normally wrapped in profound which I passed yesterday on my way silence, only broken from time to time by hither, from Nierstein to Worms, are the report of a rifle from the neighboring thronged with troops of all arms. But practising ground, or the rumble, screech, talions of infantry were being exercised in and clatter of a train whirling through the their market places, packs of artillery BAHDS. PORT WINE, very eld vintage green woods that enfold Sachseuhansen in were disposed in fields by the roadside their leafy embrace, and are the pride of columns of Chasseurs were toiling along the wealthy Frankfort burgesses-was dis the heated chaussees towar is the scene of turbed from its wonted tranquility by the proximate action. As I left the station to shrill whistfing of long-bodied, hungry seek for temporary quarters, I met two looking engines, darting up and down the regiments of the Guard (Konig Wilhelm entangled lines, dragging superfluous and Kaiser Alexander) on their march trucks into sidings, projecting several mor- from the other side of the Rhine to join sels of trains towards one another, puffing. the armies of the Prince. Splendid look hissing, and squeaking long dismal squeaks ing men, at least half of their number-in as of gigantic pigs in dire agony of pain or the prime of life, bearded like sappers, fear-in short, behaving like sentinent and decorated with one or more war things of wonderful intelligence but fretful | medals. . Subsequently I drove over to temperament, intensely impressed with Mannheim, where I stayed all the evening the importance of their mission, and ani and a great part of the night. That pretty in the fussiest manner, their determination pletely swamped by a deluge of uniforms, not only to "do their level best," but to Within the last twelve hours more than force their feverish activity upon the notice | 20,000 men of the Guard alone have left it of everybody around. Distracted was Nie- with bands playing and "columns of cho deraid, moreover, by the blowing of horns, ruses"- amongst other regiments, those the clashing of coupling trains the impatient stamping of chargers in their boxes, the unaccustomed chatter of a thousand talions of Chasseurs and about 8,000 of the voices, the strife for beer and Leberwurst | line in billets and barracks, waiting orders round the marketenderin's stall, the crack- to march, which will probably be issued this ing of whips, and the insane shouts of evening. The spectacle afforded by the fiacremen urging their lean and low-spirited | night march of the Guards, which I wit horses through the shady glades nessed at a very late hour, was in the high that lead from the chaussee through est degree impressive. The main street the wood to the line of railway of Mannheim is not unlike the Alameda at I had directors with me-men in whose | Malaga or the Terazia at Belgrade-a stern presence porters trembled, and the broad, double-paved road, pierced by a pride of guards was humbled in the land- gravelled avenue, bordered on either side men to whom even the provisional station | with young chesnut trees-the paved part master, exalted above all ordinary mortals, of the street being dimly lighted by gasspoke with bated breath and cap in hand lamps at long intervals, and the architec men who, in the cause of their waiting ture of the houses exhibiting every variety fellow-creatures, nobly blew up everybody of German manner, from the gabbed roof connected with the service of the com- of enormous height, with three rows of pany, and even climbed over trucks to do windows gleaming out from amongst its so with a devotion to the public interest | shingles, to the modern, square, white that should have awakened the liveliest faced, flat-topped house, as presaic as a gratitude in the breast of every person sausage, and as ugly as a Nassau peasant present, and doubtless would have done Looking out from a window of one of so had it produced any manifest result in | these utilitarian buildings about midnight the way of accelerating our departure. At | I became aware of a dull, menacing sound, any rate, we got under way at last; and creeping onwards from afar through the were far too thankful considering the pre- still town, and waxing louder every second. sent state of railway communication in Presently it defined itself into the sharp. Southern Germany, at being enabled to rapid beating of drums, so rapid indeed get away at all, to think of grumbling at | that at half a mile's distance there seem couple of hours' diverting detention by ed to be no intermission of its clamour a pleasant woodside. In one of the trains | And as it swept forward, the fan shunted off into a siding to make way for tastic leaven of the fife becoming us were about a dozen dragoons of the 5th, perceptible to the ear with painsent back to Frankfort in charge of wound- ful keenness, another sound, still ed and sick horses belonging to that regi- more omnous and imposing, swelled, as ment. 'From the non-commissioned officer it were, up above it, and finally surged commanding the detachment I learned over it, stifling the drum's blatant and that part of the 5th-at least half a squad- | threatening voice under an avalanche of ron of the gallant Markish corps has been heavy, measured footsteps. Tramp, tramp, in action on the frontier, had lost three tramp, tramp, Who heeds the drum and horses, and that its quarter-master had fife, listening to the awfully significant been put h rs de combat ; that the Prussian | tread of men who are going out pro patrio cavalry horses of the division to which the | mori? Far up the gloomy boulevard 5th is attached had not hitherto suffered | weird glints and flashes of light began to at all from sore backs; and that the army flickering fitfully forward, appearing and was well provided in every respect, and in vanishing like the ignis fatuus in luminous exuberant spirits. The men were burnt a spasms, and diving into darkness. A little deep brown although they had only been nearer they assume a certain regularity of a fortnight in the field, and they complain form and distinctness of manifestation ed that the heat had been during the past | Tramp, tramp, tramp, tramp. That gram iteration, like the pulsation of a fierce The flat districts between Frankfort and | giant's heart, is the wordless utterance of Mayence, skirting the Maine, is altogether a patriotic leg on on its way to offer up a devoid of picturesque features, and offers blood sacrifice on the altars of its house.

but one remarkable object to the travel- hold gods. Twelve thousand German feet ler's eye-that object, indeed, being only are compelling the stones of Manuheim to remarkable by reason of its uniqueness. speak in a hollow and mysterious voice. It is a windmill of small dimensions - to Those sparkling gleums, advancing steadily the best of my belief the only structure of and swiftly through the air, are sharp its kind in the territories of Hesse and pointed, burnished bayonets; their bright Nassau. The embouchure of the Maine is, | ness is yet undimmed by the red rust that as you know, nominally protected by some | will soon bite the record of slaughter into important fortifications of Castel. These tings or helmets that, perhaps a week but I venture to predict . they they now martially adorn from lying low, will never be seriously de never to be lifted with life in them again. fended against an enemy in possession of Nearer and nearer still, close under the Mayence. From the graceful railway window, at last, when the word rings out, bridge crossing the Rhine may be seen two | the column wheels to the right, and with out of the three pontoon bridges thrown a crash that makes the panes of glass in across the river for the conveyance of basement rattle in their frames, the band troops, and some preparation is being at its head strikes up, "I am a Prussian; made to construct another at Weissenau, knowest thou my colours?"
