Police Court House.—It is rumored that... Lieut.-Col. A. A. Stevenson, G.M., of the... Grand Lodge of Canada will be invited to lay... the corner stone of the new Court House... on Tuesday next.

Fire.—The fire in the fields out at, and... in the neighborhood of Jailbreaker hill has been totally... extinguished by the rain of yesterday, and... no doubt, the fire has been generally ex... tinguished, with the exception of that in... the woods.

Drowned.—Four or five days ago a man... named Frank Flood had a very narrow... escape from death by the explosion of a... gun which he held in his hands. His face... and head received some terrible gash... and for a time his recovery was in doubt.

The General Relief Committee... held a session yesterday afternoon for... the transaction of the usual business and as... yesterday was a very rainy day many sufferers were re... lieved, and many handsome donations ac... knowledged.

Accident.—On Wednesday a man em... ployed at Mr. Bang's store, Sussex street,... met with an accident which might have... proved more serious than it has. De Shea, Newfoundland;... Mr. London, Eng.; W. Mosgrove, Ot... tawa.

Bank Street.—The promised... race between Kavanagh and Biggar... took place yesterday afternoon on Bank... street, at the time appointed for the race... there was 4 o'clock, and at half... past there were all of 200 persons on... the ground, comprising a great many... of the sporting men who had money to lose... or win.

Shortly after 5 o'clock the 100... yards were marked out and the course clear... ed, when the backers Kavanagh and Big... gar made their appearance in racing attire... and took their stand at the starting point.

Betting was brisk from the commencement, the majority of the bets being in favor of Kavanagh; but those who were so sanguine as to his success at the beginning put on dubious faces when they saw the two men walk up the road together. Heavy bets were now offered on Biggar, but few of them were accepted. Of the two men, Biggar is certainly the best build and has a more muscular and enduring appearance. All was at length got right, and after about half an hour spent in vain endeavors to start them the race took place. Biggar taking the lead at the start, and keeping ahead throughout, beating Kavanagh by about eight yards. Money was now handed over in healthy looking rolls to those who had been so fortunate as to put down their stakes on the winner, and there were some woeful countenances in the crowd. It was understood that a hurdle race between Biggar and Russell would come off after the above, but for some reason it was postponed.

Her Majesty's Theatre.—We regretted to see this place of amusement so indifferently patronized last night, particularly on account of the performance being for a charitable purpose; but probably the absence of a good audience was owing to the unpleasant appearance of the weather. As for the actors, their abilities are by this time well known and appreciated, and they are certainly deserving of a crowded house each night. If the applause of an audience is a criterion by which to judge of the merits of those to whom it is given, the Marshall-troupe are certainly awarded no small degree of merit by the... going people of Ottawa. The plays chosen by this troupe are always of a nature to interest, amuse, and benefit, and such as can be witnessed with all these advantages by ladies as well as gentlemen. The people of Ottawa do not seem to understand when to be liberal with their patronage, but they will be sure to be right if they extend their support to the moral drama. The old time-honored building *Her Majesty's Theatre* (think of the name) may have lost a little of its reputation through circumstances which could not be mastered, and become temporarily superseded but it is retrieving, and we are happy to hope that it is again becoming the favorite place of amusement. Joney has been, and is being extended and renovating it, it again looks comfortable and fresh, and as each new scenery is added from the artistic hands of Mr. Foster, so is the attraction increased. But nature has also supplied its share of ornaments to the stage; Mr. Little, with his great tragic powers, Johnnie Ward and Miss Campbell as representatives of the comic, Miss Nelson with her beauty, vocal ability and versatile genius, Miss Peterson with her graceful as and engaging deportment, and Messrs. Clinton and Stetson, who are not wanting in merit. The performance throughout last evening was, all who witnessed it will allow, very good, and this evening we hope to see a full house to witness the playing of the sentimental drama entitled "Chimney Corner," and the laughable farce, "Loan of a Lover."

Life Association of Scotland.—The annual report of this Institution will be found in our advertising columns this morning. The document speaks for itself. In advance of former years in whatever can commend a company to the confidence of the public, the Life Association of Scotland makes no merely fulsome appeals for continued support. Its past history in Canada is its best guarantee of future patronage, and with a discerning public this is all sufficient.

Two prisoners named respectively Edward Matt and George Auger, hailing from Quebec, was arraigned for stealing a gold watch worth twenty three dollars. It appears they with the prosecutor Eugene Latom were drinking in Dupin's Hotel, when Matt, a hardened looking ruffian with a Jonathan Wild appearance about him proposed that all should go to a funeral. They adjourned to "the cedars" near the river, where Latom's watch was stolen from him. Joseph Chamar's, witness stated that Latam had been drinking, but knew what he was about. Heard Matt say he would have the watch before long. Detective O'Neil then asked to have the case adjourned till Saturday which was granted.

WALTHAM WALTHAM

THE AMERICAN WATCH.

The public of the United States and Canada have now had over ten years experience of WALTHAM WATCHES, and they are now every where acknowledged to be the ONLY RELIABLE TIME-KEEPERS!

Almost all other watches are sold under false pretences; not one in a hundred bears the name of the real maker; the public have absolutely no security, and have, therefore, been constantly imposed upon. On the contrary, every buyer of a Waltham Watch gets a guarantee of the genuineness, and no matter from whom he buys it, has positive security that he is getting a TRUE TIME-KEEPER.

It must be admitted that the apparent interest of watchmakers lies in selling other watches, on which they can make larger profits; but men of enterprise in the trade prefer an article of large and ready sale, and which leaves no bad stock. It is "small profits and quick returns."

These watches can be had in several grades (all guaranteed), the silver cases are made from coin silver, and from 2 to 6 ounces in weight. The gold cases are made in 18 carat gold, and from 3 3-4 to 4 ounces in weight; the size for ladies are richly engraved or enamelled. For the quality, both in gold and silver, are the

CHEAPEST WATCHES IN THE WORLD

These watches can be ordered of any reliable watchmaker or jeweller in the Dominion; but he guarantee of the Company should be invariably required. The Company in all cases pay the Government duty, which makes the Canadian consumer a privileged purchaser.
