gallery has been changed to the inside and many alterations have been made on the floor and roof, but the most important and desirable improvement is to the stage to which many new and handsome scenes have been added from the artistic hands of Mr. Foster. They are truly good and the stage is now in the best condition. To-night will be played "Mona's" an interesting romantic drama.

City Exhibition.—Intending competitors would do well to remember that the taking of entries for the approaching show, will close at the following dates:—Horses, cattle, sheep, swine, poultry, agricultural implements, on or before the 15th of September. Grain, field roots, and other farm products, machinery, and manufactures generally, Saturday, September 17th. Horticultural products, flowers, ladies' work, &c., Monday, September 19th. The Committee in charge of the improvements.—Hon. Mr. Skeel, Mr. McKellar, and Mr. Eaton are engaged on the work of additional shodding, bridging, &c., with vigour, and we are glad to hear that the exhibition promises to be far more successful than for some time past has been expected. Many of last year's patrons cannot this season compete. In many cases those best able to make a good show of stock, &c., have had everything swept off by the late disastrous fires. However, those who have been more fortunate, will feel assured, under the necessity of making a respectable show in the several departments. A very fair number of entries for this date, have already been made, and we hope the lists will still come in, in such a manner as to ensure success. The managers are exerting themselves to the utmost, to secure all encouragement in their endeavours to make the city of Ottawa Agricultural Society a credit to Central Canada.
