BENEFIT OF LIFE ASSURANCE.

In illustration of the benefits which have accrued to Participating Policies of Life Assurance, the following examples may be quoted, taken from the book of the General Agent of THE SCOTTISH PROVINCIAL INSURANCE COMPANY—

Policy #313, effected October, 1861, for \$1,000. Additions amounting in 1867 to \$1,200. The Total amount now due on Policy #1 at the time of surrender is \$1,212 17s. 6d. or nearly twenty per cent. of premiums paid.

Referring to same policy, the sum of \$1,000 was added to it in 1867, the sum of \$1,200 being added to it in 1868, and so on, until the sum of \$1,212 17s. 6d. was added to it in 1870. The sum of \$1,212 17s. 6d. is the sum of premiums paid.

These Benefits must be evident to all. It may be asked whether, in the event of the Assured giving up the Policy, all the sum would be lost? In reply, attention is directed to the following:

REGULATION AS TO SURRENDER
DER OF POLICIES.

The surrender of Policies for the term of life, effected at uniform premium, and not on account of any particular cause, will be allowed, on payment of 10 per cent. on the amount of ordinary premiums received, will, at any time, be allowed, besides the value of premiums received, the sum of \$1,000.

At any time, after being against Life Assurance, or if there is no certainty of value being obtained, in the event of surrender, it is completely obtained.

The Special Policy above referred to (No. 313) is surrendered now (1870) the sum of over \$300 will be paid policy holder.

It is evident that the sum of money which the Assured has given up, is less than the sum of \$1,212 17s. 6d. or nearly twenty per cent. of premiums paid.

These Benefits must be evident to all. It may be asked whether, in the event of the Assured giving up the Policy, all the sum would be lost? In reply, attention is directed to the following:
