Gov. Hill served in WALTHAM WATCHES market was rather quiet, but not weaker tant-General with a real Eastern Township the Crimean War, and has rendered numflour ruled about the same as the previous cheer. This was most heartily responded erous important services to his Govern-

weakness of the Liverpool market. On District Paymaster, then paid off the bril tants of Great Britain seems to have arisen out of the Franco Prussian war, and it has KEEPER. other grains there were no important changes, and they are still quotable at of a brigade camp of instruction.

Well satisfied ; with their first experiences developed itself in an unexpected quarter. The Pall Mall Gazette remarks that instruction. by railway travellers, owing to the avidity very useful and responsible class of func tionaries, it is said, are so intent upon studying the gigantic tragedies of continental Straw, Velvet, Velveteen and Felt Hats to the prevention of lesser and more com monplace tragedies at home, and allowing railway trains to take their chance of perdition while they are tracking the march

> Some of the French papers appear muc displeased with England for not making more vigorous exertions to secure Prussia's assent to the terms of France. Le Gaulois addresses the following warning

Now, Sir, would it be too much to ask Tours, Sept. 30.—A great number of istence. It is expected that a unanimous shildren great grand. upon Belgium and Holland.

> the wonder and admiration of the world. even in this age of science and improve.

The library of Strasbourg, just destroyed by the bombs and shells launched by the Badeners, contained no less than 150,000 volumes. Amongst them were a large number of precious manuscripts, forming an inestimable collection of document relative to the history of the Reformation, which were highly valued by the erudite. On its shelves also were to be found the incurables (?) formerly belonging to the ancient Commandery of St. John of Jeru- ROBINSON CRUSOE and BIS MAN FRIB salem. Amongst the treasures there preserved was the MS of Herrade de Landsperg, Abbess of Saint Odile, entitled Hortus Deliciarm," which dated from the twelfth century, and the miniatures a "Recuceil de Prieres" of the eighth and ninth centuries, on vellum, in letters of gold and silver; a "Missal," with the arms of Louis XII.; the collections of the " Constitutions de Strasbourg;" ard the poem of the "Guerre de Troie," in 60,000

"The Colleen Bawn," if possible :-

Some toime in loine Our hosts we'll jine Benayth the Oirish pinnint Till Dublin falls, We'll hang the Lord liftining The Saxon crew We'll thin purshoo Judiciously an' calmly ; On Windsor's plain We'll hang the Quane

An' all the royal family An' thin, begob! No more they'll rob Ould Oirland av her taxes, An' earth shall rowl From powl to powl More aisy on its axis!
