RUNAWAY.—A runaway occurred yesterday morning on Bolton street, which might have resulted seriously but for the precaution of the owner of the horse, who had the animal curbed by the manner in which the reins were tied.

ARRIVALS AT THE RUSSELL HOUSE, MONDAY.—Henry C. Fielding, Halifax, N.S.; John McDougall, W. Hambly, C. G. Lewis, S. H. Empire, G. Empire, G. Pallassier, Montreal; J. T. Betts, Renfrew; A. H. Emerson, Perth; Chas. A Everett, St. Johns, N. I.; George Blackburn, England: W. Taite, Elwankie; J. Deeve, Ottawa; J. W. Langmuir, Toronto; Rev. Robt. Fleming, New Glasgow; J. B. Auger, Montreal; B. H. Barker, Kingston; J. Garvey, M.D., New York.

An accommodating carter has undertaken the ferrying of pedestrians between the terminus of the platform at the north end of Dalhousie street and the railway crossing at the depot. It would seem that the matter of a small platform is either too gigantic or too insignificant, for the Improvement Committee to undertake. They certainly exhibit a great indifference to the convenience of foot passengers in that locality.

NOTICE.—Now is the time. Go and see C.P. Dorion, 60 Sparks Street, for stoves and stove-pipe fitting. No puff; but see for yourselves. Lumbermen and country Merchants come and see. The most complete House in this Line in the Capital. See Posters. C. P. Dorion, 60 Sparks Street. 1486 2m.

COWS AT LARGE.—Cows are still let run at large in the streets, and frequent complaints are made of the depredations committed by them. Some of them break into yards and orchards and do considerable damage. A couple of nights ago one got into a yard in lower town, and totally destroyed several articles of linen on a clothes line. We think it is about time people were keeping their cows off the streets.

ST. ALBAN'S CHURCH—THANKSGIVING FESTIVAL.—No day of general observance having been appointed either by the Bishop of the Diocese or by the Government, the Rector of St. Alban's has invited his congregation to make this Festival of All Saints, a day of special Thanksgiving for Divine mercies during the past year. The services will be held at 11 a.m. and 7:30 p.m., and the collections at both to be devoted to the formation of the Parochial Poor Fund. We hope there will be a good attendance and liberal offerings to such a cause.

POLICE COURT.—Monday morning.—Mary Ann Summers was charged with wandering about the streets at eleven o'clock on Saturday night. Constable Banning said she bore a bad character. Upon this the prisoner called the witness a liar, said she would box his ears, and otherwise acted in a most uproarious manner, creating quite a sensation in court. She was finally removed to the lock-up, having been sentenced to pay a fine of ten dollars or two months in jail.

Mr. Gillespie, drunk in the streets; two dollars and costs.

Several persons were fined five shillings and one shilling cost for allowing their pigs to run at large through the streets.

NEW CHAUDIERE ENTERPRISE.—The axe factory at the Chaudiere, formerly known as Washburn's, has been bought by Mr. Fred Sandham, of Montreal, and will be immediately converted into a manufactory for shingle, horse and lath nails. The manufactory will be conducted on a very extensive scale, as a proof of which it may be mentioned that the machinery to be used will cost $40,000. There is not in the whole Dominion a city where so many ordinary sized cut nails are used as there are in Ottawa; all the improvements are principally wooden, and the country buildings which are being every day erected will create a local demand, which is a great assistance to home manufacture. The business is one that must pay.

The Fire Relief Committee have received the following since last acknowledgment:

Inhabitants of Wakefield, Q., 1 box clothing; Wakefield school, Q., 2 do.; Miss Stevenson, Wakefield, Q., 1 do., and crockery; Friends in England, per Miss Langton, 3 pairs new blankets, and a large quantity of new clothing; Jane Burley, Chester, England, per Miss Langton, 4 doz. new Testaments; Inhabitants of Kingston, per Mr. Offord, 1 dozen pairs men's new boots; Adamsville and vicinity, per A. H. Beaudry, 1 box clothing; Friends in Brockville, per Mrs. J. Ross, 2 do.; Friends in Prescott, 1 do.; Ives & Allen, Montreal, 3 cooking stoves; Friends in Buckingham, Q., per James Wilson, 2 boxes clothing; Mrs. Waters, Dover, County Norfolk, 1 parcel clothing; Mrs. R. S. M. Bouchettte, Ottawa, a few articles clothing.

THE FEMALE MINSTRELS.—Barnard's female minstrels gave their first entertainment last evening in the Skating Rink Music Hall to a very fair house, considering the unfavorable state of the weather. The performance was good from beginning to end, the singing of the female members of the troupe being far above the average. The end men were fully up to the comic responsibilities of their situations, and what is much to their credit, some of their jokes were actually new. The feature of the evening was the duet "Driven from Home," by Miss Lizzie Riddell and Miss Alecia Jordan, who both have very fine voices. The burletta of "Barney's courtship" by the Riddell sisters was capital. Mr. Green's celebrated "Mocking Bird Song" of course was loudly encored, as indeed were all the different dances and songs. The stump speech caused uproarious laughter and brought down the house. The Kelly brothers are clever performers. The programme, which was varied enough to suit the tastes of all, will be changed to-night. Those who have not witnessed the performance will enjoy a treat by visiting the Rink to-night.

OTTAWA IMMIGRATION AID SOCIETY.—The usual weekly readings in aid of the above Society were held last night at 8 p. m., in Aumond's block, the Hon. Mr. Dunkin in the chair. The honorable gentleman in addressing the audience said he strongly sympathized with the members, who were striving to procure means to further immigration, and that he would personally and officially give them all the assistance in his power. After the readings had terminated, a vote of thanks to the honorable gentleman was proposed by Mr. C. Ryan, seconded by Mr. Williams, the Secretary, and unanimously carried. Hon. Mr. Dunkin, after thanking the members, said he hoped they would all do their best to aid the emigration scheme. He was assured both Houses of Parliament would take the matter into consideration. England had too large a population, but in Canada there was a wide field for all. Every man settling in the country added so much more to the wealth and stability of the country. And he hoped they would all aid in advising their friends at home to emigrate Canada. The readings were all excellent, and the National Anthem brought a very pleasant evening's entertainment to an appropriate close.

Mill Owners—Attention.

TEFFT'S PATENT SAW SHARPENER AND GUMMER.

As this journal is largely circulated in a great lumbering district, where as a consequence mills are numerous, we are always on the alert to make known through our columns anything that may be to the advantage or interest of lumber merchants and mill owners. But it is seldom we have had the pleasure of recommending to them a more important article than TEFFT'S PATENT SAW SHARPENER AND GUMMER. We recommend it from a thorough conviction that it is unrivalled in its line, and that in every sense of the word it is superior to anything of the kind in use at the present day either in Canada or the United States. Personal observation of the invention in practical operation has impressed us with this fact. Mill owners who have seen it in operation speak enthusiastically of its qualities, and regard it as marking a new era in mill work, while saw filers in general, realizing its importance, look upon it with admiration, though with an implicit conviction that it puts a period to their trade. With this invention, a man need not be employed specially as a filer, as after a little practice any person can use it successfully, and therefore in this one item alone, mill owners can see what is saved by its use in the U. S. at present and we have no doubt that every mill owner of Canada who sees it will immediately purchase one. With all the above enumerated good qualities it has no defect. It can be seen in practical operation at Messrs. Perley & Patte's mills, Chaudiere, during the week. Mr. E. S. Smith, the proprietor of the invention, can also be seen at the same time and place.
