Clerk Privy Council,

Corner of Motonife and Wellington-streets, op-orite the main entrance to the Government Bulli-

and Consumption Probably never before in the whole history of ine, has anything won so widely and so deeply spon the confidence of mankind, as this excellent femedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms or disease and to young children, it is at the same time the most effectual remedy that/can be given for incipient consumption, and the danserons affections of the throat and lungs. As a provision against sudden attacks of Crosp, it should
be kept on hand in every family, and indeed as all
are sometimes subject to colds and coughs, all
should be provided with this antidote for them.

Although settled Consumption is thought inearable, still great numbers of cases where the disearable, still great numbers of cases where the disearable, still great numbers of cases where the disearable still great numbers of cases ingers and Public Speakers find great prodethine is always relieved and often wholly Bronchitie is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more

## than assure the public that its qualities are fully Ayer's Ague Cure, Chill Fever, Remittent Fever, Dumb ing to the wants of his customers. As its name implies, it does Cure, and does not ad. Containing neither Arsenic, Quinine, Bismuth, line, nor any other unineral or poisonous substance hatever, it in nowise injures any patient. The whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical zures effected in obstinate receive of the radical zures effected in obstinate cases, and where other remedies had wholly failed.

Enseeling through miasmatic localities, will be proposed by taking the AGUE CERE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilion- Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

A dressing which is at once agreeable, healthy, and e. ectual for preserving the hair. Faded or gray tair is soon restored to its original color with the gloss and freshness of youth Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedimeat, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted
