THE OTTAWA TIMES. PUBLISHED WEEKLY. TUESDAY, NOVEMBER 22, 1870.

The Postmaster General is expected here to-day.

Sir George Cartier will probably arrive here to-night or to-morrow morning.

Honourable Mr. Chapin is expected to-morrow.

In view of possible complications the Imperial Government have detained the Ironclads, Corbetta, Magdala and Abgania, intended for service in Australia and India.

There was a passage in Governor Hoffman's speech delivered at Albany, N. Y., last week, which might well be applied to the political position of this country to-day.

"As we bury our dead out of sight, whether they be friend or foe, so it behoves a great party to bury dead issues and to direct the whole force of its energy to dealing with the living facts and questions of the day."

So have we not enough to do with the live facts and questions of the day—with the settlement of a country as large as half Europe to attend to, with trans-continental railways and ship canals to build, to be able to lay aside those old time squabbles which hindered the progress of Canada for so many years?

At a late public meeting in Victoria, B. C., the following resolution was passed: Resolved—That although we are, on the whole, well satisfied with the liberal spirit evinced in the Terms of Confederation...

That the well sheltered harbor of Esquimaux, easily accessible as it is at all seasons by day or night, with its unsurpassed anchorage, proximity to the ocean, well adapted to the extension of valuable coalfields of Vancouver Island, and also as being the station for Her Majesty's fleet in the North Pacific...

THE MISSIONARY OF FACTION. We have not made any reference to Mr. Mackenzie's speech delivered at St. Catharines on Tuesday last, from the fact of its having been neither more nor less than a repetition of the one made by him in London a week or two since.

THE HALIFAX ELECTION. The telegraph brings us the welcome news that the Union cause has again triumphed in Nova Scotia. It would be difficult to overstate the importance not only to that Province, but to the Dominion, of this result.

THE ATTITUDE OF THE AMERICAN PRESS. In their allusions to possible war between Great Britain and Russia, it is difficult to determine whether ignorance or Anglophobia more clearly and unmistakably displayed by the greater number of our American contemporaries.

THE GIRLS THEY'VE LEFT BEHIND THEM. We regret to notice that the brave old regiment disgraced the history of its glorious past, just on the eve of its departure from Canada, by mutiny. It appears that during their residence in this country a large number of the men had married without leave, contrary to the rules of the service.

eminent rely with confidence upon the intelligence and good sense of the Canadian people. Mr. Mackenzie and the Factionists depend solely upon how far they can hood-wink and lead them astray.

THE MANITOBA ELECTIONS.

The elections which are about to take place in Manitoba seem likely to result in the election of two good men to the Commons, while for the Local Legislature there appears to be no lack of candidates ready and anxious to devote their attention to affairs of State.

The County of Halifax is charged with the responsibility of no means slight or unimportant. With the exception of the County of Inverness, which Mr. Blanehard was defeated, there has been no election for the Local Legislature since the celebrated general election of 1863.

The losses by death in action, and in hospital by wounds and sickness, have been 81,350 men, and makes a total of 100,000. There remains consequently of the 430,000 only 330,000 men, and of these 50,000 are with Trochu in Paris, and the others are with General Canrobert in the Loire.

THE PRINCE AMADÉUS OF AOSTA, Duke of Aosta, and second son of Victor Emmanuel, has been formally elected King of Spain, by a majority of 101 to 120, in the Cortes. The Duke is popular in Italy, his political aspirations so far as known are unobjectionable, and he is approved of by a vast majority of the people.
