As we have said before, we have no objection to an opinion based upon true and living issues. If a man thinks in his own heart, and has reason of his own knowledge to believe, that the Government have done wrong, that they have been guilty of wilful extravagance or imprudence, then his perfectly justified in opposing them.

It is reported that the Suez Canal has fallen under English control and we trust that such is the case. Not only does it appear that all the large enterprises of the present day in order to be successful must be supported by British wealth and energy, but in view of her immense Indian possessions, Great Britain has a far greater interest in the Suez Canal than any other country can have.

There are some strange blunders in the article written by Mr. Gladstone, which lately appeared in the Edinburgh Review. Among other strange prophecies and announcements he says: "While, by the aid of this powerful agent (steam), the ships of both nations may scour the coasts, with favorable weather, in from twelve to fifteen or sixteen miles an hour, the railways which gird the land, to say nothing of the telegraph, may in all weathers carry the armies which point to point at twenty, thirty, or forty."

THE GLOBE'S POLITICAL FAITH. Mr. Brown's organ has lately been engaged in "quipping" Messrs. Mackenzie, Blake and Anglin, and trying to convince the public that if ever there existed three heaven-born statesmen of unimpeachable rectitude and polished honesty and ability, they are them. In so doing the Globe has two ends in view. It tickles the vanity of the gentleman in question by inducing them to believe that they are very fine fellows indeed, and secondly it hopes to impress people with the idea that ability and determination of purpose are actually requisite essentials among Mr. Brown's followers.

THE TRUTH AT LAST. The Globe and its faction have done their utmost to create the idea in the public mind, that the Manitoba Bill had handed over that Province to the control of the French. In an article entitled "The Red Rover Commissions," in which the Globe depicts the assumed establishment of French and English electoral districts for the Dominion, the important admission is made, "THE FRENCH ARE NOT A THIRD OF THE POPULATION." So that, at last, we have the admission, that Manitoba is now a Province in which the English speaking people have two-thirds majority, and yet the attempt was made to inflame the people of Ontario by the false and wretched cry that the Act of last Session of Parliament was framed to make Manitoba a French Province, and this, with the knowledge that the Globe possessed, that the Province into which the first wave of settlement will naturally pass from Ontario was then by a majority of two-thirds English! Such wicked appeals to sectionalism show conclusively, that the Globe and its faction have sunk patriotism and the desire to consolidate the Confederation, away by their intense thirst for power and office.

QUEBEC. LEGISLATIVE ASSEMBLY.

On motion of the Hon. Mr. Caron that part of the petition referring to the North Shore Railway, was referred to the Railway Committee. Third reading-Bills to incorporate the Fraser Institute, and Thistle Curling Club of Montreal.

President Grant's message was communicated to the Senate yesterday. It is very lengthy document. We give such portions of it as possess any interest to the people of this country.

THE STRENGTH OF THE UNION. Soon after the existing war broke out in Europe, the protection of the United States Minister in Paris was invoked in favor of the North Germans domiciled in French territory. Instructions were issued to grant the protection. This has been followed by an extension of American protection to citizens of Saxony, Hesse, and Saxe-Coburg, Gotha, Columbia, Portugal, Uruguay, the Dominican Republic, Ecuador, Chile, Paraguay, and Peru.

"NEW BROOMS." "The Globe says that Mr. Mackenzie and the members of the present Opposition are exceedingly useful in watching the Government and keeping them from corruption and extravagance. Then by all means let them retain their seats on the Opposition benches. They do not want office for office's sake."
