For about two years, while this weakt ness was coming on me, and afterwards, I sough medical advice, employing, at different times three doctors, and medicines of different kinds prescribed by triends, but of no avail. I continued to get worse and worse, until the summer of 1868, when I was induced to try the great che shonees Remedy by reading the cures performed in a pamphiet. At this time I had begun to teel the weakness in my hands; in fact I was getting almost helpless . I have taken two bottles of the Shoshonees Remedy and two boxes of the pills and I am entirely restored to health. I never expected to get better, but simply tried the medicine as a ort of forlors hope. This case of mine was not a private one, but known to all my neighbours and friends; and to any one affinted as I was, 1 have only to say try the hoshonees Remedy; I
