We understand that Mr. Mosgrove of this city has gone to Toronto, where he is retained in connection with the Hon. J. H. Cameron in a very important suit of Messrs. Dufresne & McGarrity, arising out of the supply of provisions for the volunteers to Red River.

The monthly meeting of the members and friends of the Ottawa Immigrant Aid Society will be held to-night at 8 o'clock, in their rooms, Aumond's Block, Rideau street. GREAT AUCTION SALE-A RARE CHANCE. As may be seen by reference to our advertising columns an auction sale of unusual magnitude will take place at the Caledonia Springs on the 10th inst. A New Engine House.-A new engine house for the Ottawa Fire Engine is very much wasted. The place in which it is now kept is nothing more or less than a tumble down shed, and it requires the most extraordinary attention and the burning of an immense quantity of wood to keep the machine from freezing. Other fire companies have comparatively respectable places to keep their engine. The Ottawa engine is one of the most powerful engines | | II beg to intimate that my FUR SPOCK is now in the city, if not the most powerful, and complete in every it is consequently of the greatest importance that it should be always ready for service at a fire. It is to give persons this Ottawa, 13th December, 1870. 1540t1J71 opportunity that the organization of the club is being proceeded with, several names having already been put down. Mr. Foster has already painted the portraits of several well known citizens in a style that cannot be approached by many artists on this side of the water. These Wellington Street, Upper Town, Ottawa portraits can be seen at Mr. Foster's room, Mr. Acre's boarding establishment, market square. Mr. Foster has painted besides a capital picture of the Chaudiere Falls from the bridge, which is for sale,

other oil paintings have been executed by him, and at purchased by those who have seen them. Mr. Foster makes no outcry as to his ability, being true artist enough to let his work speak for itself. The present op-
