BY CORNELIUS O'DOWD.

abandoned wretches whom London can him as he turned into the valley. "They few days since we remarked, won't hurt me!" he answered, and walke i on to a public house at the bottom of the

The landlord at the door silently recognised him, and led the way in. They crossed a room filled with sailors of all the back of the house, and stopped at the door of a room on the second floor. There the landlord spoke for the first time. "He has outrun his allowance, sir. as usual. You will find him with hardly a rag on his back. I doubt if he will last much longer. He had another fit of the horrors last night, and the doctor thinks badly of him." With that introduction he opened

On the miserable bad lay a grey-headed old man, of gigantic stature, with nothing table between them, sat two hideous, leering, painted monsters, wearing the rose on the bed and welcomed him with do. greedy eyes and outstretched hand. "Money, master !" he called out hoarse ly. "A crowa piece in advance, for the

Turlington turned to the women without answering purse in hand. "His clothes are at the pawnbrokers, of course. How much?" "Thirty shillings."

" Bring them here and be quick about it. You will find it worth your while when you come back." The women took the pawnbroker trousers, and hurried out. (To be Continued.)

Have you a severe wrench or sprain? Have you theumatism in any form? Have you stiff seck, or bunches caused by theumatic pains? If so, Johnson's Anodyne Liviment is a specific remedy, and is also the best pain killer in

Prize List of Agricultural Implements. Half-Century.

MUNDAY, JANUARY 15, 1872. For interesting reading matter see first

The meeting of the Dominion Parlia-

ment is postponed until February 27th. It is not then called together for the des-

are few more universally respected.

We see it reported that the Emperor Napoleon has announced his intention of publishing "a historical work containing some startling revelations." We have no doubt that if his Majesty were to recount the secret history of the late war, and of the diplomatic intercourse which preceded it the world would be considerably startled. We do not however place much reliance upon histories written by men who are so deeply interested in the events which they attempt to describe. It is utterly impossible that they can be entirely im partial.

Some of our American contemporaries and in view of the support expected from are making a piteous lamentation over Conservatives like Monk and Hamilton, it the present condition of the United States Navy. Probably it is not very efficient that of any second-rate naval power. It pledged the Ministry to take action, so is conceded by all American naval and | far as in their power lies, towards bringing military authorities, that operations the murderers of Scott of Manitoba defensive on the part of the United defined.
