

**No Risk!** Thomas' Electric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common Sore Throat. One bottle has cured thousands. Many cure worse than an Old Standing Cough. Cure of both bottles end cases of Piles and Kidney Troubles. Six to eight applications cure any case of Excoriated Nipples or Inflamed Breast. One bottle has cured Lame Back of eight years standing. Daniel Frank, of New York, County, Pa., says: "I have three bottles for a bottle of your Oil, which effected a Wonderful Cure of a Crooked Limb by six applications." Another who has had Asthma for years says: "I have half of a 50 cent bottle left, and \$100 would not buy it if I could get 20 more."

Roger Robinson, of Nunda, N.Y., writes: "One small bottle of your Electric Oil restored the voice where the person had not spoken above a whisper in Five Years!" Rev J. Mallory, of Wyoming, N.Y., writes: "Your Electric Oil cured me of Migraine in One Week." Doctors over the country speak highly of your Oil, and many dollars of expense is laid out by one or more dealers in every place. Price 25 cents.

CAUTION! CAUTION!

TO THE PUBLIC OF THE BRITISH PROVINCES OF NORTH AMERICA.

I beg most respectfully to acquaint the British North American Public, from whence that in May last I carried the business at 80 Maiden Lane New York, for the sale of Holloway's Pills and Ointment, which were up to that time prepared by William Brown, now deceased, to be closed. These Medicines were, I believe, and from what I have come to my knowledge, made up of such very ordinary ingredients as to render them almost worthless, and therefore calculated to damage my good name.

Those who do not wish to be deceived by such spurious medicines, which are easily made up from the States or elsewhere, but to possess themselves of the genuine Holloway's Pill and Ointment, will do well to see that each pot and box bears the British Government stamp on which is engraved the words "Holloway's Pill and Ointment" and in the middle of the label "London Oxford street, London, where only they are manufactured, and in no other part of the world. The retail prices are on the labels in British currency, and not in dollars and cents.

No representatives are sent to travel through the United States with full authority to sell or to take orders for my Pills and Ointment, and as I have reason to believe that attempts will very probably be made to deceive the public in this way by persons calling upon themselves as agents, or by persons purposing acting as agents, and I have no objection to their acting for me, and with my knowledge and consent, I deem it advisable to put the public on their guard against any such deceptions.

I most earnestly entreat all those who may be in the public service, and the friends of the same to make known to them that they are to be pitied for the sake of the public, and the purpose of the same to their friends that they may not be defrauded of their money by purchasing worthless imitations of the genuine Holloway's Pill and Ointment.

I would ask, as a great favour, that should the British North American Public require spurious medicines are being made and sold in my name, he be pleased to send me all the particulars he can collect respecting the same, the to say, the name and address of the vendor who is selling the spurious medicine, and the name and address of the vendor who is selling the genuine medicine.

As far as I am concerned, and in view of the fact that I have been defrauded of my money, I will be pleased to give the names and addresses of the persons who may have supplied them, as also any information the informant's name never being disclosed.

Should any person have reason to believe that he has been deceived by buying spurious imitations of these Medicines, he will do well to send me, in a letter to the address at foot ("not to be sent in care of any Agent, or to any one, one of the heads of institutions which are affixed to the same"), one promise to examine it, and send a reply, stating whether the Medicines are genuine or not, that if spurious he may apply to the person now restored to perfect health and full vigour.

This Medicine is pleasant and safe to take, and is warranted, and may profitably be used to make a complete cure of all diseases of the Heart, in the United States, or elsewhere, which may have supplied them, as also afford me, for the protection of the public, to institute proceedings against such evil-doers, and I engage to remunerate very handsomely any person who may give me such information, the informant's name never being disclosed.
