Consequently paratively speaking, but little land to offer praise from that journal is anything but to immigrants. Now, however, the case likely to commend the new administration is different. We have an immense territo the favor of the people of Untario. tory to populate and render productive, If the Chronicle had abused and villified and the question of Immigration becomes Mr. Blake in the same manner in which it one of vast importance. is in the habit of abusing Sir John good policy for the 'organ" to have copied its articles. But now that the tionists has taken to praise Mr. Blake and his colleagues, people here will begin to regard them with suspicion. What is the Globe's object in thus trying to damage Blake-Scott Ministry, surely it might refrain from prejudicing the public mind against them by showing that the bitterest foes of Canadian union are their friends.

CANADA.

We pub'ish in another column a letter from Mr. Fennings Taylor of this city, which appeared in the London Times, of the 25th ultimo. We find in it reference made to another instance of that lamentable ignorance which prevails in England River. A letter from Fort Edmonton Mr. Gladstone stated that the ballot sys- to the story that Helena, Benton, and ascertain how it has worked in the British been issued, signed by influential citizens, tem had been adopted by the colonies. In other towns in Missouri, are nearly demaking this statement he either wilfully populated in consequence of the rush to examined witnesses from Victoria, New in view. ignored Canada, or, as we believe was the | this new El Dorado. Some parties are | outh Wales, South Australia and Tascase, the Prime Minister of Great Britain already making from one to two thousand manis, and have also received evidence as was not aware what system of voting was dollars per day. Old miners say that the to the systems in use in France, Italy and Assembly have agreed to report in favor in use in the largest and most important | country near the Rocky Mountains will be of Great Britain's colonies.

We do not now purpose entering into any discussion as to the merits or demerits of the ballot system. Like many other institutions which prevail in the neighborthere would be far less opportunity for "expenses of Royalty" is put down by than under the present English and Cana- An American contemporary (the Richdian system. and justice of Republican Gogernment.

The Whig is of course opposed to northern rule and therefore probably is disposed to exaggerate the evils of Republicanism. But there is undoubtedly a vast amount of truth in what it says, and the people of Great Britain, that is the few among them who agree with Sir Charles Dilks, had better pause before they attempt to improve their condition by substituting Republicanism for the Monarchy.

> Yours truly, THE LOWS FARMER. THE BALLOT AND CANADA.

To the Editor of the London Times

Sir,-When Mr. Gladstone fell into the of stating that the adopted by the Colonies as well as by the United States he was at once corrected by Sir Stafford Northco:e, who informed him that it had not been adopted by Canada. Intortunately the correction was made in the course of Mr. Gladstone's closing speech, and consequently at a stage of the mischief debate when it would have been incon venient and unparliamentary for any mem ber of the House of Commons other than the leader of the Opposition to have spoken to the question.

Had the challenge which the inaccuracy of the statement invited been given at an earlier period, then Sir Stafford Northcote might have opened a fresh page of by no means exhausted subject to the view of the House of Commons, and, moreover, he might have spoken with the authority of one who had recently become intimate ly acquainted with the country whose in stitutions he described.

As the practice of the United States had been so diligently studied by members of The Legislature of Manitoba opened on | the House of Commons, it is a matter of Tuesday last. After the speech from the regret, looking at the subject as an Ameri-Throne had been delivered, Mr. Hay pro- Canada had been so thoroughly overlookposed a resolution to the effect that the ed. Moreover, as colonial experiences douse regretted that no measure had were invoked, and colonial examples were been recommended for the immediate cited, it is also a matter of regret that the American possessions of the Crown. Had the disposal of the public lands. He such courses been pursued, then it would proposed an amendment to this effect, have been discovered that Transatlantic which was opposed by Mr. Attorney analogies could have been met with affinities could have been balanced by amendment was lost by a vote of 17 to 7. I tion would have been widened and the sources of experience mutiplied. The prolonged debate, was carried by a majority | the Colonies, it had been continued by others, and that such change or continuance was the free and uncontrolled choice of the people of those Colonies as expressed by their respective Legisla-
