ly and lightly over the trees, while I watch ed it thoughtfully, for I had got an idea The next morning I talked it over with

Tom, who agreed to it in a minute; and we shook hands over it slowly, for our minds were made up.

When the manager engaged us first, he said our name wouldn't do a bit. The Tantipalpitis' name, he said, was by rights Bodge. The consequence was (as I have said), we went in for French; so the announcement of the "Grand Trapeze Act, of "Les Frères Provencaux" was advertised all over London. How well I remember that bright June

day, when, going forward in our grand dresses, all tights, satin, ruff, and spangles, we were greeted with a roar of applause, and saw that the Gardens were crammed with people, in the middle of whom was the great balloon ready filled, and swinging about ss it tugged at its ropes.

"Brave as a lion, my boy," he says stoutly. "It's no more than doing it twenty feet 'True," I said ; "and it is as easy to be drowned in sixty as in six hundred feet of

The next minute we were holding the trapeze bars, close to the balloon, waiting the signal for it to rise; and now, for the first time, I felt a sensation of fear, and I'll tell you what gave it to me-the people, instead of cheering us as soon as we began to rise, kept perfectly silent, and that seemed to go right through me; for twenty feet below the car, and that with out anything to save us if we should make
