24TH APRIL

More rain is wanted. PLOTGEING his commenced on high

PENBROEE.-Two new steamers belong. ing to the Union Forwarding Company will be launched at Pembroke as soon as navigation opens. It is said the launch will be celebrated in the usual manner RATURNED. - Detective O Neil is back

and among us again. He has brought no trophies with him from the west. Trapitable undertaking.

PRESENTATION. - Mr. Daniel Burtch, bookke-per, being about leaving Mr. Eddy's employ, was presented with an address and handsome gold chain by the employees on Saturday afternoon.

the House of Commons yesterday. He sat in the Speaker's gallery, and was accompanied by the Rev. Mr. Stephenson

We regret to learn that Dr. Henry, on account of ill health, has determined to loss will be much felt by a large circle of friends as well as by the profession, in

Police Coust,-A. Mason and George McDonald, for co-operating in an assault were fined \$10 and costs each.

Dennis Mullin, for using insulting lan guige towards a Mr. Bennett, was fined \$5 am i costs. Mrs Cazy, T.m Daly, and John Thomp-

son, for having foul premises, were fined | Water Works purposes. \$2 and costs euch. Another case was adjourned.

THE OTTAWA. - The ice has not yet broken up on the Bay at Aylmer, it is moment, however Sonfe foolhardy individual crossed on it with a team of horses on Thursday last. Feat of like this frequently end satally, while they are i no way creditable to the perform rs, for needless danger is incurred only by the unfeeling and unreflecting

THE HANGING REPORTERS' GALLENY, OVER Mr. Speaker's chair, in the House of Commons, has been re-erected, and the ark removed. In the Upper Gallery nearreporter having to rise from his seat and less over the gallery to cat b what wa-

SILVERWIEE CUILERY, &c , BY AUCTION -We call the purcular attention of the public of Mr. Rowe's advertisement in another column. He announces that he ha received a large consignment of Sil-Works, England, which he will sell by auction, commencing at 3 o'clock, p m, The Chairman would like to receive until the whole stock is sold,

DRAINAGE.-The Water Works Commissioners have been requested to meet the City Council this evening to consider the question of drainage. It is certainly hoped an effective system of drainage will be decided upon in connection with Water Works.

We fear, however, that the Grand Ban quet of the st. George's Society, in the Russell House, wil, leave the Counc.1 without a quorum.

APPOINTMENT.-We are glad to notice that Captain MacCuaig, hitherto Inspector of A encies of Eastern Untario for the Equitable Life Assurance Society of the United States, has been a pointed General Superintendent of Ag-n ies for the Dominion of Canada. He has proved him elf very efficient in the discharge of his duties, and the preferment which he has now received is certainly highly dserved, and will probably prave as bene ficial to the interests of the Company as to the worthy Captain.

"WILBERFORCE AND UIS CO-ADJUTORS."-The Rev. Morley Punshon, M. A., will deliver a lecture in the W. M. Church to morrow evening, on ... Wiberforce and his Condjutors." The fame of the lectures is world wide, and his eloquence and ability are equal to his fan.e. A rare tellectual f-ast may therefore be expected. Tickets may be had at the following places, viz :- J. T. & W. Pennock's, S. Howell & Co's., T. Hunton, Son & Co's., R. L. James & Co's., Dr. Brown's and Jas. Skinner's.

ATLESE.-The correspondent of a con. temperary asserts, on good authority, that Aylmer was founded in or about the time of Noah. Relying on the easy creduli y of his readers, he saves himself the trouble of attenpting to pr ve his buildings and injured a number of perstatement. We hopen to have a slight acquantance with this inland cove, and finally came to a stant still, and a dozen though we never performed any sc entific negroes crawled out unburt in restigation, or examined the ancient The i-land of Jamaica, which for a long A new steamer, at present far on struction, will be hunched there about the middle of May.

large in number but exercising considerable influence in this community. A society of warm hearted, noble, self-reliant, and persevering men, who cling to their nationality with unabated fondness and affection Let doctors preach about a morning walk and whose chief individual boast is conveyed in the words "I'm an English-

given at the Russell House, at which it is To see Aurora's faint and rosy flush expected 150 gentlemen at the least computation will be present. It will be a rate treat, and it will be our pleasing duty to chronicle its success hereafter. The Dinner lickets have attracted much attention, and each member of the Committee of Management has undertaken to return his ticket to any purchaser endorsing his name and address on the back thereof, as soon after the dinner, as may be found

WATER WORKS COMMISSIONERS.

A meeting of the Board of Water Works Commissioners took piace yesterday afternoon. Present: Mr. Clemow, chairman, COUNTRY ROADS. - The roads in the sur- and Commissioners Featherston, Cunning rounding country are at present in good ham, and Coffey, and Mr. Keefer, en-The minutes of the preceding meeting

having been read and approved of, some conversational discussion followed on the subject of site, in the course of waich Mr. Keefer expressed the opinion that should they fall in getting a site at the Big If English Clarence did in Malmsey drown Chaudiere, it would be better to take the His choice. Why not our City Fathers water from Britannia than the Little Chausiere. The extra distance was three Beneath a load selected from this Town miles, but he thought the superior facility ping printers he declares to be an unpro- of utilizing the water power would well compensate for the extra distance. He thought, however, that it was the wiser and better plan to obtain a site at the Big Chaudiere, even should it be necessary to compensate the milt owners for the liberty

should the mill owners not treat amicably or he will establish a Government he can ommissioner Featherston said that, with them, they would have to go to the trust. THE Ray. Mr. Punsuon paid a visit to troub e and expense of an arbitration. Mr. Keefer said that the Government permission was already granted, and the contend with, would be the rights of the

> resolutions were carried : Moved by J. Cunninghim, seconded by Thos. Coffey, that the City Council be re quested to transfer to the Board all pa pers, surveys, reports, &c., relating to

Moved by Commissioner Featherston, seconded by Commissioner Coffey, that liminary survey of the Little Chaudiere at Long Branch (which was interrupted by Mr. Keefer be requested to make a pre-Water site, with a view to secertain its the Thames Police) between Cal as and adaptibility for the purpose of Water Connor. The first of these was so fright-

Works, and to report. seconded by Commissioner Coffey, that the Secretary, write L. Perkins, E-q., ask ing him to give the Boar a sketch plan the crime of the respondents being per of all property owned by immediately above Pooley's Bridge, and adjoining on either side the gully property owned by Bronson & Y. ung, and at what price he will sell some to the city for

by Com. Coffey, that whereas it is stated that Mr. Booth has purchased the Britan nia Water Site, that the secretary be re

by Com. Coffey, that the Secretary be q, asking him to name the lowest pare he will take for MU feet in width or such portion as may be required of his reerve in the Gully route from Broad street | parallel levers with boxes on the wheel

Moved by Com. Cunningham, seconded by Com. Featherston, that the Secretary write to the President of the Can ida Central R. R. Company, asking on what terms they will permit the City to It follows, that when the extremities of curry the Water Works aque uct from Broad St , to the Bay through the grounds | the end of the carriage - the small drivers to dispense with the former necessity of a of the company between the freight shed est upon the ground and the large ones and Mr Rochester's boundary. The question of pipes was then taken

irge mirgin between the cost of iron pipes During winter cement pipes reverware and Cutlery, from the Sheffield juired particular provision, and again they were apt to be injured in street excava-

to day, and to continue from day to day some definite statement on the comparstive cost of the kinds of pipes. Mr. K. efer said there was no doubt that large sized cement pipes could be got for what small iron pipes would cost. They wo id have to be minufictured in the

Mr. Kee'er explained that their was no strength in the cement itself. The coment was run inside a sheet iron pipe. When eing laid the pipe was placed in a bed of cement, and the whole covered over. There were two kinds of cement pipes made, and it would be difficult to ascer tain which was the best. The way to ascertain their compensive merits would be by seeing them where they are in use It would be necessary to employ a couple of experienced hands in manufacturing them or getter still to ascertain what in experience i company would manufacture them in Ottaw, for and guarante them Com restherston said that for the sake

of a few thousand dollars they should not use an inferior article unless the in rgin were very large it would be better to use Mr. Keeler-Of course cost iron pipes are decidedly the best, and but for the high price of nen it would be abs. rd to give cement pipes any consideration.

Mr. Clemow would rather run the risk of obtaining further appropriations than use a poor article. Mr Keeler-Cement pipes would an swer for he out-skins of the city, where nouses are lew and so ttered very well.

Commissioner Featherston said the main sipes woul i of course be cast from It was then moved by Commissioner Cunningham seconded by ommissioner Feath-rst-n, that the Engineer be authorbe manufactured here also to obtain such the Dominion of Canada. distribution fittings, as would be requisite this date. for the Works here, and if necessary that he be asked to visit such places in the United States as me supplied with best system of Water Works, with a view of

obtating general information as to their construction. - Carried The woard then a journed.
