office all day yesterday.

Sir George Cartier was able to be at hi

for Carleton County.

We understand that Mr. T. R. Ferguson is certain of election in Cardwell.

We deeply regret to announce the death of Mr. Bolton, M.P., for Charlotte, N.B.

The Ottawa Brigade Garrison Artillery leaves Kingston this morning and will arrive here this evening.

We are glad to hear that Dr. Grant meeting with much success in the County of Russell, and that his return is certain He will hold meetings in Cumberland to- with the general business of the country, in the Tribune; I've got ten shares in the Tribune; I've got a farm up here in day, and in Clarence to-morrow.

thousand, but no one will buy it,

has for many years been a "Cabinet the United States, and capitalists instead maker," while the ability he has displayed of refusing to have anything to do with in uniting the various Provinces together ways given a fair day's work for a fair day's wages : but, unfortunately for him, neither he nor his colleagues have benefitted by the "nine hours' movement." Night and day, nineteen hours out of the twenty four more frequently than nine only, the members of the Administration have to work at the public business. It is no wonder that the workingmen of Ontario are all determined to support the Government. They cannot fail to sympathise with them.

FIVE PLAIN QUESTIONS.

Only a few days have to elapse before the electors here and throughout Canada will be called upon to decide whether the The Opposition may find fault with this by an indignant "Reformer" the question is not so much between the the general results of five years adminis candidates as between the endorsation of tration of public affairs by the Dominion the Ministerial policy or its condemnation. Government, results which it does not re-This being the case, the first, we might quire an experienced politician or journal almost say the only question to be deter- ist to discover, but which are patent mined is, whether that policy has been a every elector. Therefore we repeat we are good one and whether the affairs of the justified in saying that the elector who does Dominion have been administered in a not support the candidate who he knows satisfactory manner or not. It is by the will sustain the Administration which has general result that we must be guided. done so well is recreant to his trust, and is It is neither fair nor sensible either to not discharging his duty like a sensible or condemn or approve of a Ministry on like a patriotic man. account of one or two isolated acts which they may have performed. "It is human to err," nor was there ever yet in Canada or anywhere else, an administration whose from first to last were known to make a mistake. But the question which each elector has to determine is, " has the ther consideration than Government aladministration of public affairs generally lowance. Hence preparations were made during the past five years been of a on a somewhat extensive scale to give the known to be infested with sharks, and the character of which I can approve? Has men comprising No. 9 Company, 43 bat- fishermen complain of the destruction ceremony of crowning Prince Kassa of the national prosperity increased; has the national credit been heightened; has taxation been kept down within reasonable limits; have the great public works. It is stated that a shark of enormous been crowned Youarniss, otherwise John, bay, but has hitherto either eluded pursuit Emperor of Ethiopia, by the bay, but has hitherto either eluded pursuit Emperor of Ethiopia. The coremony passed able limits; have the great public works the form of a good substantial dinner, or defied all ordinary stratagems with a off very well and peaceably. There were which the necessities of a constantly growing country render essential been undertaken? And it upon thinking the matter
over calmly and dispassionately without
reference to parly or personal prejudice,
the elector finds that he can answer these
questions in the affirmative, then we con-

us now consider the questions, which, as we before said, each elector ought to try to solve for himself, and in order to show that the Government ought to tained, and that no candidate in Ottawa elsewhere ought to be supported unless he is prepared to sustain them, we not attempt anything in the way of argument, but simply call attention

First,-Has the administration of public affairs generally for the pust five years been of a character of which I can ap-

The principal duties which the Admin istration of Sir John Macionald were charged to perform, were the setting in mo tion of the machinery of our new politica. system, and the carrying out as fully possible of the principle of British American Union until every portion of the Em pire situated upon the Northern half this continent was included within are few persons, even among the most rabid members of the Opposition, who will be disposed to deny that these duties discharged. first session of the Dominion Parliament, the Dominion sures providing for the amendment and as similation of the laws previously existing erally ; for the adoption of a uniform Pos-

tal system ; for the proper management and maintenance of the Public Works and properties of the Dominion ; for the adop tion of a Militia system, and for the assimi lation of Criminal Laws, &c. These measures were approved of by Parliament, and A telegram from Geneva says: The the laws modified and amended accordingand satisfactory to each and all of them. A telegram from London says: An ins But this the Dominion Government have Brunswick's ablest sons-Sir George Car-

Lord Travis Napier who succeeded the Secondly,-Has the national prosperity Opposition press, led on by the Toronto late Earl Mayo as Governor General of increased during the past five years? This Globe against the Administration of Six India pro tem, has been created a Peer of is a question which, of course, admits of no has been ably and successfully governed. the United Kingdom, under the title of argument. It is a fact patent to every one The prosperity of the Dominion is greater that the prosperity of Canada to-day at this moment than at any previous The New York Times yesterday com- is unprecedented. No longer do the young period of its existence. The laws are menting upon the issue of the trial of men of Canada, as once they did, have wisely administered and rigidly enforced. COMPANY, I hereby take up the chal- hands of the manufacturer. Hoping

The spring grain crops, without exception, look exceedingly well, more so than they have done for years. Fall wheat is scarcely worth mentioning, as most of ground sown with spring grain. Hay on the whole will be very light. The potato bug has made its appearance, but its ravages as yet are not extensive - Bethany Cor. Elora Mercury.

The sto m last Morday afternoon was very severe, and blew over several barns. speds and shade trees, besides scattering the rail fences like chaff. Nevertheless things grow as if by steam, and generally, scarcely ever looked finer, but, we regret to state the report that the potato bug is again on "the rampage," and we have noticed several patches badly done for, by these black and grey pests .- Sherbrooke

The crops in Westmorland, notwithstand ing the backwardness of the spring, are looking well. Grain, of course, is behind. Potatoes, where the land was not too wet, have made rapid progress. The hay crop is as fine as has ever been seen at this season of the year. The marches, in particular, are in spledid condition. -St. John N. B., Tribune.

We regret to learn that in Cape Breton the farmers have not yet completed their sowing and planting. The soil has been so saturated with moisture that it was impossible to do anything with it till late in June. Along the north shore of Nova Scotia there has been enormous difficulty in getting the crops in in time Many farmers will lose heavily, even should the rest of the season prove everyway favorable -Halifax, N. S., Colonist, July 2.

A correspondent of the Berlin, Ont. Telegraph in speaking of the heat says: Really we do not recollect of having ever seen crops at such an early stage towards maturity so thoroughly "demoralized." Not later than yesterday afternoon we were shown a field of wheat, nicely in head, so completely scorched that the application of a single lucifer match would have almost instantaneously wrapped the entire crop in flames. What we need and

Should the present drouth continue much longer the effect will be extremely disastrous to the country. The hay crop is now being harvested, and it is, we conwhat becomes of the other \$5,000? 'I RUSSELL & WATSON. wheat straw. The yield in grain of fall the late sultry weather, for considering the plant this year, there always appeared to us to be more danger to be feared from succulent and "rank" growth of the " rust," which the dry weather that we have lately experienced may do much to

Crops in Norwich, Ont., are doing since we had those late showers. Fall wheat suffered owing to the continued drouth, but it is looking much better now. Hay is much improved, but it will not be a very heavy crop. Spring crops general- PICKLES, The indications of an abundant fruit crop | variety. were never more promising,- Woods ock

A FAITHFUL WIDOW,

Every Sunday school pupil has read of sacrifice themselves after their husbands die. oLIVER DITSON & CO., Boston.
CHAS. H. DITSON & CO., New York. DR. WHEELER'S CELEBRATED BLOOD FOOD OR TONIC.

The Compound Elixir of PHOSOPHATES and CALISAYA. This elegant and agreeable preparation has become a great favorite on account of its of the Stomach. Liver Complaint, and Disease of the Kidneys. It speedily relieves the pain and sense of fullness so often felt by the dyspeptic after eating, Acidity, Flatulence, Constipation, and the bilious Headaches that attend all cases of weak digestion. In diseases peculiar to women it acts like a charm, correcting all irregularities and exhausting discharges, and restoring perfect vigor to the body and color to the complexion. Its remarkable curative action depends upon its paculiar properties as a purifyer of the vital agent, the Blood and perfecting the healthy formation of all the tissues of the body. It is delightful to take perma-nent in its effect, with no liability of a relapse, and positively without the slighlest jujury to the most delicate child. So'd at \$1.00 per bottle. MUKERS!
