HUGH BAINES, Esq., C. E. BROKERS: Messrs, CAMPBELL & CASSELLS, Toronto This Company has been projected for the purpose of co strucing cars of all classes (passenger saing into, or in some conspicuous place on every and freight) and to lease and sell the same, also to contract for building according to the specifications of Railway Companies, and to manufacture from the raw material the requisites for their completion, viz; Axies, Wheels and Springs. As a rule Car Building Companies in Canada are at present purchasing their axies, wheels and It is believed that there are no works for axis making in the Province of Ontario; scrap iron for making axies for our Railroads is daily pur-

chased in Toronto, and carried to Buffalo, paying duty and freight both ways, amounting in the aggregate to \$13.20 per ton, or thereabouts.

Although lumber, iron, labor and taxes are each everally cheaper in Canada than in the United States, it is well known that a large number of It is also well-known that at present the freight they can be forwarded to their destination. This Property is most eligibly situated for the purpose of Car Ruilding, it being contiguous and purpose of Car Building, it being contiguous, and connected by side tracks to the Railway System of Canada, with Buildings, Wells, Tanks and Machinery, &c., well adapted for the commence-

nent of Car Building. The gentlemen forming the Steel Works Company, on hearing the intention of the projectors of the Canada Car Company, viz: that of con-verting their property in Car, Axle and Wheel Shops, expressed their confidence in the under-taking by offering to take stock for the value of their works, and signifying their willingness to subscribe for additional stock in the Company. The Company has secured the services of an emicently practical Manager,
