GIFT SECOND GRAND CONCERT

DAY OF THE DRAWING FIXED No Postponment from September 28.

TO THE PUBLIC: The Trustees of the Public Library Kentucky being satisfied from the large sale of tickets already made, and the daily increasing demand for them, that there will be no occasion for postponing the second drawing in the Gift Concert in aid of the Public Library of Kentucky, have instructed me, as their agent and manager of the Gift Concert, to say to the public and ticket holders that the drawing will positively take place on September 28 prox, and will not be postponed. An active demand for tickets come from every State and Territory of the United States, and from the Canadas, giving assurance to the Trus-

tees that no circumstances can prevent a drawing at the appointed time. A sufficient clerical force is engaged to keep up with the orders for tickets, and in order that this office may be relieved of the immense pressure incident to the business for the week or two immediately preceding the drawing, agents especially, and those desiring of procuring tickets, are requested to send in their orders immediately; as sales will have to be closed in time to make the necessary preparations for the drawing. It is the wish of the management to fill every order for a ticket, as we las to sell all the tickets, but those who apply first must be first supplied; and, if those who put off buying until sales are closed, have their money returned, instead of the tickets ordered, as in the first Gift concert in December list, when thousands of gollars that came too late were sent back, they will have none to blame but themselves.
