> TO THE PUPLIC OF THE BRITISH PRO, ILU Y OI VINCES OF NORTH AMERICA.

I beg most respectfully to acquaint the public of the British North American Provinces that in May last I caused the business at 80 Maiden Lane New York, for the sale of motloway's Pills and Ointment, which were us to that time prepared by William Brown, now deceased, to be closed. These Medicines were, I regret to say, from what has lately come to my knowledge, made up of such very ordinary ingredients as to render them almost worthless, and therefore calculated to damage my good name.

Those who do not wish to be deceived ouying spurious medicines, which are now likely to emanate from the States or elsewhere, but to possess themselves of the genuine Holloway's Pills and Ointment will do well to see that each pot and box bears the British Government stamp on which is engraved the words "Holloway's Pills and Ointment, and that the address on the label is 533, Oxford street, London, where only they are manufactured, and in no other part of the world. The retail prices are on the labels in British currency, and not in dollars and cents No representative of mine will ever trave through any part of the British Provinces, o

the United States, either to sell or to tak orde re for my rills and Ointment, and as have reason to believe that attempts will ver probably be made to deceive the public in his way by persons calling upon medicine vendors, laisely representing that they are acting for me, and with my knowledge and o'clock, a. m. consent, I deem it advisable to put the public on their guard against any such deceptions, I most carnestly entreat all those who may read this advertisement that they be pleased in the public interest, to communicate the purport of the same to their friends that they may not be defrauded of their money by purchasing worthless imitations of the genuine

Holloway's Fills and Ointment I would ask, as a great favour, that should it come to the knowledge of any person that purious medicines are being made or sold in my name, he be pleased to send me all the particulars he can collect respecting the same, that is to say, the name and address of the) yendor who is selling the spurious mediciues, and likewise the name and address the house in the United States, or elsewhe e, which may have supplied them, so to ennstitute proceedings against such evil-doers, and I engage to remunerate very handsomely any person who may give me such informa tion, the informant's name never being di-

Should any person have reason to believe that he has been deceived by buying spurious imitations of these Medicines, he will do well to send me, in a letter, to the address at foot (which he can do at a cost of six cents in postage), one of the books of instructions which are affixed to the same, 1 promise to examine it, and send a reply, stating whether spurious he may apply to the person from whom he purchased them to have his money

Chemists and Druggists who desire to obtain the Medicines can be supplied at the lowest wholesale prices in quantities of not less than £30 worth (for, which remittance must be sent in advance)-vis., 8s. 5d., 23s, and 34s, per dozen boxes of Fills or pote of from Quebec every Saturday, calling at Loch new Cintment, nett, without discount I have the honor to be,

With great respect, THOMAS HOLLOWAY 553, Oxford street, (late 244, Strand), Lenuon, W. U., Sey., 1, 1871

PLECTRICITY IS LIFE

PULVERMACHER'S PATENT GALVANIC CHAIN-BANDS, BELTS AND POCKET BATTERIES

These highly improved inventions render Electricity perfectly self-applicable, and extremely efficacious in a mild continuous form on shock or unpleasant sensation being experienced, whereby it becomes a true fountain of health and vigour, speedily soothing agonizing pains, re-animating torpid limbs, reviving the sluggish functions of life, and rmparting renewe energy and vitality to constitutions enteebled by whatever cause, Medicines and their deleterious consequences are thus entirely dispensed with. The daily increasing number of cures effected by PULVELMACHER'S MEDICO-GALVAN-IC SYSTEM is so extensive and varied, that t forcibly points to this invention as the embryo of a universal remedy. N. B.—The following testimony from the

elite of the English medical faculty has been received "We, the undersigned, have much plea-" sure in testifying that Mr. J. L. PULVER-" MACHER'S recent improvements in his Voltaic "Batteries and Galvanic Appliances for Medical Purposes are of great importance to Scientific Medicine, and that he is entitled " to the consideration and support of every GABRIL one disposed to further the advancement of real and useful progress, " Dated the 9th day of March, 1866.
