The touch of the telegraph wire brings us into instant communication with distant climes and races, and thus "ad infinitum" ranges the field of invention.

invention is called the "Tire Tightener," and it is most efficacious and valuable in its application. It is indeed a labor, time, and manage paring mashing, doing the steps forward to claim one as its right,

work of hours in a few minutes most effectually. For all who use a darriage, a waggon, or any wheeled vehicle, the "Tire Tightener" must be of great value, OTTAWA and will no doubt come into general use, so soon as its merits become known. We understand that the proprietors are about to form a joint stock company for the Dominion, and they invite the public to an examination of the merits of the invention. Few are permitted to live together in married bliss for so long a period as half a century. Many marry twice, some thrice, but they are few indeed who go down the hill together like good old "John Anderson my jo." The following account of a second or golden wedding, as it is termed, we take from the Citizen, and trust that the worthy couple may yet live to attain their hundredth year, when all their friends will again meet together and rejoice with them in their rejoidings :

Last evening Mr. and Mrs. Philomen ennock celebrated their golding wedding in a very pleasing and interesting manner at their residence, Daly street. They were married the 22nd of September, 1822, in Edwardsburgh, by the Rev. Robert Bakey, fifty years ago. They have had four sons and three daughters, all of whom were present at the anniversary last eveng, except one daughter and her husand, Prof. A. Hurd, of Knox College, Salesburg, Ill. There were also present Pennock's only sister, Mrs. Mary Ikls, from Canton, N. Y., who is in her oth year, and a large number of the grandchildren of the old couple. After a amily should be without it, for where it sumptuous supper had been partaken of, an address was delivered by the Rev. Mr. stephenson. He said it devolved upon Persons afflicted with Rheumatism,

him the pleasant privilege of congratulating Mr. Pennock that so many of his chils the Skin, Kidneys or Bladder, should send dren and friends were enabled to be almost' a family interest in the matter himself, as Mr. and Mrs. Pennock had been among his first friends in Ottawa. Great Broad Gauge Route He congratulated them that in God's providence they had been spared through fifty years of connubial bliss, that they were to day monuments of God's mercy. It was not often that they were permitted to assemble together under such circumstances as they hid met that night; few were permitted to share the blessings they had enjoyed. He congratulated them that through 50 years

of married life they had been enabled to sustain a deportment that had linked them doser together year by year. It was a privilege to be enabled to look back upon the 0 years of their married life, and say, they had remained as they had begun, that God had blessed them in their worshipping toether. It was a matter of congratulation to see their children grown up around them, with their characters unstained by snything dishonorable. Upon their councity, are now supplied with Caledonia

cil, instruction and example, their childs ren had not degraded them. They occus pied honorable positions in society, and they were enjoying prosperity, Divine Grace ontrolling their hearts. They had survis yed many of their old acquaintances and had continued their pilgrimage longer than many, and had retained through the Grace of God their faith in their Redeemer. THE PUBLIC LIBRARY OF KEN TUCKY.

SECOND GRAND GIFT CONCERT

DAY OF THE DRAWING FIXED No Postponment from September 28.

The Trustees of the Public Library of Kentucky being satisfied from the large sale of tickets already made, and the daily increasing demand for them, that there will be no occasion for postponing the second drawing in the Gift Concert in aid of the Public Library of Kencucky, have instruct ed me, as their agent and manager of the Gift Concert, to say to the public and ticket holders that the drawing will positively take place on September 28 prox, and will not be postponed. An active demand for tickets come from every State and Territory of the United States, and from the Canadas, giving assurance to the Trustees that no circumstances can prevent a drawing at the appointed time.

A sufficient clerical force is engaged to

keep up with the orders for tickets, and in order that this office may be relieved of immense pressure incident to the business for the week or two immediately preceding the drawing, agents especially, and those desiring of procuring tickets, are requested to send in their orders immediately, as sales will have to be closed in time to make the necessary preparations for the drawing. It is the wish of the management to till every order for a ticket, as well as to sell all the tickets, but those who apply first must be first supplied; and, if those who put off buying until sales are closed, have their money returned, instead of the tickets ordered, as in the first Gift concert in December last, when thousands of dollars that came OTTAWA CITY TO MONTREAL too late were sent back, they will have none to blame but themselves.
