gage that those who pledged themselves to ally themselves with the Grit leaders MISREPRESENTING CANADA. present Administration were very few in-Why does the Toronto Globe labour so deed. More than this, we are well asassiduously to damage the prospects of sured that those who promised the electhis country and to drive immigration tors, in terms more or less direct, to give from our shores? We know that the impression very generally prevails that that Sir John Macdonald and his colleagues a fair and liberal support, constitute a large journal's hostility to the Grand Trunk Railway is consequent upon its having majority. This being the case then, and we know that it is the case, Mr. Mackenbeen subsidized by the American companies. However this may be we cannot zie's only hope consists in being able to make a large proportion of the new membelieve that our Grit contemporary has bers prove false to their pledges and their been "bribed and bought" by the Amerplighted words. He did not say how he ican Government to discourage emigration intended to effect this, but we presume to Canada. Yet why will it insist, when that he imagines that the members of the Canada is so prosperous and its future Canadian House of Commons are for the prospects apparently so bright, in continmost part to be judged by Mr. Wood's ually prophesying disaster? We all know standard, and that by means of certain that taxation in Canada has, of late years, inducements they can be persuaded to been growing lighter and lighter, that speak now" and "vote now" just as he may great public works have at the same time choose to direct them. But we are well been constructed, and the cost of their assured that he is mistaken. This preconstruction has been derived from the cious "future ruler," after all, evidently public revenue. Yet in spite of this knows but little of the character of the satisfactory condition of affairs, the Grit people whom he aspires to govern. The organ insists that it cannot last, and tells members of the new Parliament us that a time of increased taxation and are not likely to be induced to disgrace general commercial disaster is looming in and degrade themselves quite so easily as the not far distant future Mr. Mackenzie imagines. They will, we The Globe contends that our annual exhave no doubt, for the most part, pursue penditure is continually increasing. In that course in Parliament which they order to prove this it includes in the estipromised those who elected them that mates for 1872 and 1873, charges for the they would do, and will not be disposed to

taking of the census, for the building of Toronto, Quebec, and London Post Offices, together with other public works, and calls them items of "ordinary annual ex penditure." The charge of extravagance brought few months been implicated in so many

transactions of a mo t questionable charagainst the Dominion Government may be answered very briefly by pointing to It may be gratifying to the Grits to know this fact, that while the annual expendithat in the course of his speech Mr. Macture since 1867 has increased only at the kenzie alluded to the charges of wrongrate of thirty per cent. we have added doing brought sgainst him and his colnearly half a continent to the Dominion, leagues.
