Ald, Lyon said that not a word had been said, by any alderman, against his motion. Because Mr. Quinn had held an end of the tape line while measuring work done, was it a reason that he should not be paid and, being answered in the affirmative, at for the work done? The 13th Report of the Finance Committee was read and adopted. The 14th Report of the same Committee was also read and adopted. It referred to correspondence between the Trea-urer of Ontario and the City Chamberlain in reference to the Municipal Loan Fund indebtedness of the Corporation. Ald.
